नई दिल्ली, 11 जून, 1985

New Delhi, the 11th June, 1985

का० धा० 2801.—केन्द्रीय सरकार राजभाषा (संघ के शासकीय प्रयोजन के लिये प्रयोग) नियम, 1976 के नियम 10 के उप-नियम (4) के अनुसरण में संलग्न अनुबंध में गूँज बड़ बैंकों के कार्यालयों को, जिनके कर्मचारी बृन्द ने हिन्दी का कार्यवाहक ज्ञान प्राप्त कर लिया है, अधिसूचित करती है।

S.O. 2801.—In pursuance of sub-rule 4 of rule 10 of the Official Language (use for official purposes of the Union) Rules, 1976, the Central Government hereby notifies the offices of the banks listed in the attached Annexure, the staff whereof have acquired the working knowledge of Hindi.

[सं. ई. 11017/1/85—हिन्दी-1]

ORDER

S.O. 2822.—Whereas the Joint Secretary to the Government of India, specially empowered under sub-section (1) of section 3 of the Conservation of Foreign Exchange and Prevention of Smuggling Activities Act, 1974 (52 of 1974) issued order F. No. 673/20/85-Cus. VIII, dated 25-2-1985 under the said sub-section directing that Shri Haja Murshad alias Sahib alias Sayabu, 227 Lords Street, Kilakari, Ramnad, Dist. Tamil

Nadu be detained and kept in custody in the Central Prison, Madras with a view to preventing him from acting in any manner prejudicial to the augmentation of foreign exchange.

2. Whereas the Central Government has reason to believe that the aforesaid person has absconded or is concealing himself so that the order cannot be executed;

3. Now, therefore, in exercise of power conferred by clause (b) of sub-section (1) of section 7 of the said Act, the Central Government hereby directs the aforesaid person to appear before the Inspector General of Police, Madras within 7 days of the publication of this order in the official Gazette.

[F. No. 673/20/85-Cus. VIII]

आदेश

का.आ.2823.—भारत सरकार के संयुक्त सचिव ने, जिसे विदेशी मुद्रा संरक्षण और तस्करी निवारण अधिनियम, 1974 (1974 का 52) का धारा 3 का उपधारा (1) के अधीन विशेष रूप से सशक्त किया गया है, उक्त उपधारा के अधिनियम का.सं.673/28/85-स.शु.-VIII तारीख 6-4-1985 यह निदेश देते हुए जारी किया था कि श्री शाहबुद अहमद हुसैन मोहम्मद गल्फ होटल, 4/36, कमल मंशन द्वितीय तल, आर्थर बंडर रोड, कोलाबा, बम्बई को केन्द्रीय कारागार बम्बई में निरुद्ध कर लिया जाए और अभिरक्षा में रखा जाए, ताकि उसे ऐसा कोई भी कार्य करने से निवारित किया जा सके जो विदेशी मुद्रा के संवर्धन के लिए हानिकारक हो।

2. केन्द्रिय सरकार के पास यह विश्वास करने का कारण है कि पूर्वोक्त व्यक्ति फरार हो गया है या अपने को छिपा रहा है जिससे उक्त आदेश का निदान नहीं हो सकता है; और

3. अतः अब केन्द्रिय सरकार, उक्त अधिनियम को धारा 7 का उपधारा (i) के खण्ड (ख) द्वारा प्रदत्त शक्तियों का प्रयोग करते हुए एतद्वारा यह निदेश देता है कि पूर्वोक्त व्यक्ति इस आदेश के राजपत्र में प्रकाशन के 7 दिनों के भीतर पुलिस आयुक्त बम्बई के समक्ष हजरत हो।

आदेश

नई दिल्ली, 22 जून, 1985

क्र०आ० 2827.—केन्द्रीय सरकार की निर्यात (क्वालिटी नियंत्रण और निरीक्षण) अधिनियम 1963 (1963 का 22) की धारा 6 द्वारा प्रदत्त शक्तियों का प्रयोग करते हुए यह राय है कि भारत के निर्यात व्यापार के विकास के लिए करना आवश्यक और समीचीन है कि मैनहोल डक्कनों नाली की जालियों और फ्रेमों का निर्यात से पूर्व क्वालिटी नियंत्रण और निरीक्षण के अधीन किया जाए;

और केन्द्रीय सरकार ने उक्त प्रयोजन के लिए नीचे विनिर्दिष्ट प्रस्ताव बनाए हैं और उन्हें निर्यात (क्वालिटी नियंत्रण और निरीक्षण) नियम 1964 के नियम 11 के उप-नियम (2) की अपेक्षानुसार निर्यात निरीक्षण परिषद् को भेज दिया है।

अतः अब केन्द्रीय सरकार उक्त उप-नियम के अनुसरण में और भारत सरकार के विदेश व्यापार मंत्रालय की अधिसूचित सं० क्र०आ० 2154 तारीख 28 मई 1971 को अधिज्ञात करते हुए उक्त प्रस्तावों को उन लोगों की जानकारी के लिए प्रकाशित करती है जिनके उन से प्रभावित होने की संभावना है।

2. सूचना दी जाती है कि उक्त प्रस्तावों के बारे में कोई आक्षेप या सुझाव भेजने का इच्छुक कोई व्यक्ति उसे इस आदेश के राजपत्र में प्रकाशन की तारीख से पैंता-

लीस दिन के भीतर निर्यात निरीक्षण परिषद् 11वीं मंजिल, प्रगति टावर 26 राजेन्द्रा प्लेस, नई दिल्ली-110008 को भेज सकता है।

प्रस्ताव

(i.) यह अधिसूचित करना की मैनहोल, डक्कन, नाली की जाली और फ्रेम निर्यात से पूर्व क्वालिटी नियंत्रण और निरीक्षण के अधीन होंगे;

(ii.) क्वालिटी नियंत्रण और निरीक्षण के प्रकार का इस आदेश के उपाबंध-2 में दिए मैनहोल डक्कन, नाली, की जाली और फ्रेम निर्यात (क्वालिटी नियंत्रण और निरीक्षण) नियम, 1985 के प्राकृतिक के अनुसार क्वालिटी नियंत्रण और निरीक्षण के ऐसे प्रकार के रूप में विनिर्दिष्ट करना जो निर्यात से पूर्व ऐसे मैनहोल, डक्कनों, नाली की जालियों और फ्रेमों को लागू होगा:

(iii) निम्नलिखित को मान्यता देना:—

(क) सुसंगत भारतीय मानकों या किन्हीं अन्य राष्ट्रीय और अन्तराष्ट्रीय मानकों को।

(ख) निर्यात निरीक्षण परिषद् द्वारा मान्यता प्राप्त अन्य निकायों के मानकों को।

(ग) उपाबंध-1 में दिए गए न्यूनतम विनिर्देशों के अधीन रहते हुए निर्यात संविदा के तहत पाए गए विनिर्देश के रूप निर्यातकर्ता द्वारा घोषित विनिर्देश को।

(iv) अन्तराष्ट्रीय व्यापार के दौरान मैनहोल-डक्कनों, नाली की जालियों और फ्रेमों के निर्यात को तब तक प्रति-बिद्ध करना जब तक कि उनके साथ निर्यात (क्वालिटी नियंत्रण और निरीक्षण) अधिनियम 1963 (1963 का 22) की धारा 7 के अधीन स्थापित या मान्यता प्राप्त अभिकरणों में से किसी एक द्वारा जारी किया गया इस आशय का प्रमाण-पत्र नहीं कि मैनहोल, डक्कन, नाली की जाली और फ्रेम निर्यात योग्य है।

3. इस आदेश की कोई भी बात भावी क्रेताओं के लिए मैनहोल, डक्कन, नाली की जालियों और फ्रेमों के नमूनों के प्रत्येक डिजाइन के एक सेट से अधिक के निर्यात को लागू नहीं होगी।

4. इस अधिसूचना में मैनहोल, डक्कन, नाली की जाली और फ्रेम के ढलवा लोह या तन्य लोहे से बने सभी प्रकार के मैनहोल-डक्कन निरीक्षण आवरण सब प्रकार के नाली डक्कन और उनके फ्रेम अभिप्रेत है और उनके अन्तर्गत ढलवा इस्पात की नाली जालियां भी होंगी।

उपाबंध-1

मैनहोल-डक्कनों नाली की जालियों और फ्रेमों के लिए विनिर्देश 1.0 श्रेणी

1.1 मैनहोल-डक्कनों, निरीक्षण आवरणों और फ्रेमों के लिए

1.1.1 संयुक्त अभिहित वजन 170 कि० ग्राम और उससे अधिक वाले मैनहोल-डक्कन और फ्रेम को "हिबी इयुटी" की श्रेणी में रखा जाएगा।

1.1.2 114 कि० ग्राम तक की श्रेणी में संयुक्त अभिहित वजन वाले मैनहोल-ढक्कन और फ्रेम की "मिडियम ड्यूटी" की श्रेणी में रखा जाएगा।

1.1.3 114 कि० ग्राम से कम संयुक्त अभिहित वजन वाले मैनहोल-ढक्कन और फ्रेम को "लाइट ड्यूटी" की श्रेणी में रखा जाएगा।

1.1.4 वजन का ध्यान किए बिना, मोटर यानों की अग्न्य स्थितियों में उपयोग के लिए वाल्व वाक्स कवर, मोटर वाक्स कवर, हाईड्रेट कवर, टैंक कवर आदि के जैसे उपभोग के लिए निरीक्षण आवरण और फ्रेम को "लाइट ड्यूटी" की श्रेणी में रखा जाएगा।

1.2. नाली की जालियाँ कब प्रकार नाली के ढक्कनों और फ्रेमों के लिए।

1.2. विदेशी क्रेता और निर्यातकर्ता के बीच विनिर्दिष्ट करार के अनुसार नाली की जालियों और फ्रेमों को "हवी ड्यूटी" या "मिडियम ड्यूटी" के वर्ग में रखा जा सकता है। किसी विनिर्दिष्ट करार के अभाव में 73 कि०ग्रा० और संयुक्त अभिहित वजन वाली नाली की जालियों और फ्रेमों को "हवी ड्यूटी" के वर्ग में रखा जाएगा।

1.2.2 कब प्रकार के नाली-ढक्कनों और फ्रेमों को "मिडियम ड्यूटी" के वर्ग में रखा जाएगा।

2. कारीगरों पिनिश और विलेपन:—

2.1 कास्टिंग मजबूत साफ होगा और सिकुड़न गैस अभिव्यक्ति के कारण या अन्य कारणों से दरारों, वायु छिद्रों, बालू छिद्रों, कम्प कॉल्ड शट्स सिकुंचन और रिक्तता जिससे कि गास्टिंग उपयोगिता कम हो जाने की संभावना है मुक्त होगा।

2.2 ये सफाई से परिष्कृत किए गए और सावधानीपूर्वक स्थित किए गए होंगे।

2.3 ढक्कन अतः परिवर्तनशील होंगे और इधर उधर न हिलते हुए समुचित रूप से फिट होंगे।

2.4 ढक्कनों का उपयुक्त उठाव होगा वे चारखानेदार अन्य डिजाइन के पर्याप्त अफ्रिसलन पकड़ की व्यवस्था सहित होंगे,

2.5 फ्रेम के ढक्कन को उठाने के लिए उपयुक्त चानी के प्रवेश छिद्र या अन्य कोई युक्ति का प्रबंध किया जाएगा।

2.6 जब तक कि विदेशी क्रेता द्वारा अन्यथा विनिर्दिष्ट न किया गया हो ढक्कनों, फ्रेमों और जालियों को अच्छे चिपकाव गुण वाले तारकोल आधारभूत सामग्री या काले बिटुमिन सामग्री से विलेपन किया जाएगा ताकि वे खण्ड 6+2 के अनुसार विलेपन परीक्षण की अपेक्षाओं को पूरा कर सकें।

2.6. विलेपन से पहले सतह साफ सुखी और जंग से मुक्त होगी। विलेपन एक समान और चिकना होगा तथा पैक करने से पहले सूखा होगा।

2.6.2. विमाएं वजन और सह्यता:

3.1 विमाएं वजन और सह्यताएं निर्यातकर्ता द्वारा घोषित के अनुसार विस्तृत रखाचित्र रूप में होगी। किन्तु

सह्यताएं निम्नलिखित से अधिक नहीं होगी:—

(1) विमाओं के लिए सह्यताएं

(क) स्पष्ट छिद्र	+ 5 मि०मी०
(ख) मोटाई	—2 मि०मी०
(ग) 100 मि०मी० और उससे कम सामान्य आकार की अन्य विमाएं	+ 2 मि०मी०
(घ) 100 मि०मी० से अधिक सामान्य को अन्य विमाएं	+ 3 मि०मी०

(II) वजन पर सह्यता —5 प्रतिशत

3.2 शीर्ष पर ढक्कन भाग और फ्रेम के बीच का अधिकतम अन्तर 4 मि०मी० होगा।

4. चिह्नन

4.1 जब तक कि विदेशी क्रेता द्वारा अन्यथा अनुबंध न किया गया हो, प्रत्येक ढक्कन और जाली पर श्रेणी डाली जाएगी। इसके अतिरिक्त प्रत्येक ढक्कन, फ्रेम और जाली पर सुसंगत कास्ट संख्याक डाला जाएगा।

टिप्पण—कास्ट संख्याक उपदर्शित करने वाला सांचा चिह्नन के अभाव में, परेक्षण खण्ड 7.2 अनुसार तनाव (टाइटेन्ट) निरीक्षण के अधीन होगा।

4.1.1. श्रेणी के लिए चिह्नन हेवी ड्यूटी, मिडियम ड्यूटी या लाइट ड्यूटी के लिए क्रमशः "एचडो" "एमडो" या "एल डी" अक्षर होंगे जब तक कि निर्यात संविदा में आयात करने वाले देश में प्रचलित अपेक्षाओं के अनुसार सुसंगत श्रेणी उपदर्शित करने वाला उपयुक्त रूप से आनु-कल्पिक चिह्न उपबंधित न हो। अक्षर का आकार 19 मि०मी० से अधिक होगा।

4.2 निरीक्षण आवरणों पर स्पष्टता से "निरीक्षण आवरण" शब्द डले होंगे। आनुकल्पिक रूप से ऐसे आवरणों पर निर्यात संविदा के अनुसार उनके लगाए जाने के सूचक शब्द जैसे "वाल्व वाक्स कवर", "मोटर वाक्स कवर", "हाइड्रेट कवर" आदि स्पष्टता से डले होंगे।

टिप्पण—इस खंड के अनुसार ढक्कनों पर कास्ट चिह्न के अभाव में, ऐसे ढक्कन और फ्रेमों को मैनहोल-ढक्कन तथा फ्रेम माना जाएगा और उनकी श्रेणी खण्ड 1.1.1 से 1.1.3 के अनुसार अवधारित की जाएगी।

5. पैकिंग

5.1 ढक्कनों, जालियों और फ्रेमों को मजबूत लकड़ी की पेटियों या क्रेटों में पैक किया जाएगा ताकि वे अधिवहन परिसंकटों को सहन कर सकें और गन्तव्य स्थान पर सुरक्षित पहुंच सकें।

5.1.1 लकड़ी, की पेटियों और क्रेट सामान्यतः क्रमशः भा०मा० 1503-1987 (या इसके नवीनतम रूपान्तर) और भा०मा० 3071-1981 (या इसके नवीनतम रूपान्तर) के अनुरूप होंगे।

5.2 जब तक कि विदेशी क्रेता द्वारा अन्यथा विनिर्दिष्ट न किया गया हो, ऐसे पैकेजों का सकल भार एक टन से अधिक नहीं होगा।

5.3 फोर्क लिफ्टों द्वारा उठाई-धराई को सुकर बनाने के लिए उपयुक्त लकड़ी के लट्ठे निचले तख्तों पर लगाया जाएगा।

6. परीक्षण

6.1 भार परीक्षण

6.1.1. मैनहोल-ढक्कन, नाली की जालियां और कब प्रकार के नाली के ढक्कन, नीचे सारणी-1 में विनिर्दिष्ट भार परीक्षण के अनुसार भार परीक्षण के अधीन रखे जाएंगे।

सारणी-1
(संदर्भ खण्ड 6.1.1.)

श्रेणी	कास्टिंग का प्रकार	भार टनों में	ब्लाक का आकार मि०मी० में
हेवी इयूटी	ग्रे लोहा	35	300 डाय या
	तन्य लोहा या कास्ट इस्पात	23.5	300 235 आयताकार
मिडियम इयूटी	ग्रे लोहा	15	300 डाय या
	तन्य लोहा या कास्ट इस्पात	10	300 235 आयताकार
लाइट इयूटी	ग्रे लोहा	1	300 डाय
	तन्य लोहा या कास्ट इस्पात	0.7	

टिप्पण:—1 यदि कोई असमतल उभरी सतह जाली के लिए विनिर्दिष्ट की गई है, तो परीक्षण ब्लाक के पास जाली के आकार जोड़ने के लिए समीपस्थित निचला फलक होगा।

टिप्पण: 2 भार परीक्षण, ऐसे ढक्कनों और फ्रेमों को लागू नहीं होगा जिनको सामान्य न्यूनतम स्पष्ट छिद्र 235 मि०मी० से कम है।

6.1.2 परीक्षण प्रक्रिया

ढक्कन जाली एक ऐसे फ्रेम में आधुत होगी जो मानक कवर फ्रेम या प्रयोग की सामान्य दशाओं का अनुकरण करते हुए विशेष रूप से बनाया गया परीक्षण सांघित्र हो सकता है। सारणी-1 के अनुसार विनिर्दिष्ट भार, बिना आघात के, कठोर रबड़ या अन्य लोचदार सामग्री से लगे विनिर्दिष्ट आकार वाले और पर्याप्त रूप से बृद्ध बियरिंग ब्लाक के मिडियम को मार्केट लागू किया जाएगा। भार कम से कम 30 सैकेंड की अवधि तक बनाए रखा जाएगा। ढक्कन या जाली बिना टूटे परीक्षण को सहन करेगी।

6.2 विलेपन परीक्षण

6.2.1 क्षरण (फलो) परीक्षण

जब नमूने को 30 मिनट की अवधि के लिए 63° सै० के तापमान पर रखा जाए तो उस पर उपयोग की गयी विलेपन सामग्री निकलेगी नहीं।

6.2.2 भंगुरता परीक्षण

विलेपन इतना भंगुर नहीं होगा नमूने कि को 30 मिनट के लिए 0° सै० के तापमान पर रखने के पश्चात् खुले चाकू के नोक से जरा सा खुरचने पर उतर जाए।

7. अनुरूपता के लिए नमूना लेना और माप दण्ड

7.1 बीच संख्याक के कास्ट चिह्न वाले कारिदकों के लिए सामान्य निरीक्षण

7.1.1. लाट

“लाट” से निरीक्षण के लिए सूचनाओं की संख्या को विचार में लाए बिना किसी निर्यातकर्ता द्वारा एक ही समय में और स्थान पर निरीक्षण के लिए प्रस्तावित एक कास्ट संख्याक से संबंधित प्रत्येक डिजाइन 1 श्रेणी और आकार के सभी ढक्कन, जालियां तथा फ्रेम अभिप्रेत हैं।

7.1.2 इस प्रयोजन के लिए विनिर्माता निम्नलिखित ब्यौरे देते हुए यथोचित अभिलेखा बनाए रखेगा:—

(i) विनिर्माण की तारीख

(ii) कास्ट संख्याक

(iii) मदवार विनिर्मित मात्रा

(iv) मदवार भेजी गई मात्रा

7.1.3 चाक्षुष, विसा संबंधी वजन और अन्तः परिवर्तनशील विशिष्टताओं के निरीक्षण के लिए अनुरूपता के लिए नमूना और मापदंड नीचे की सारणी 2 के अनुसार होंगे।

सारणी-2

(संदर्भ खण्ड 7.1.3)

लाट आकार	प्रक्रम	नमूने का आकार	संख्यी नमूने का आकार	दोषों की संख्या
			स्वीकृत	अस्वीकृत
			संख्या	संख्या
500 तक	प्रथम	5	5	0 1
501 से 3000	प्रथम	13	13	0 2
	द्वितीय	13	26	1 2
3001 और उससे अधिक	प्रथम	20	20	0 3
	द्वितीय	20	40	3 4

7.1.4 प्रत्येक लाट में से एक नमूना खण्ड 6.1 के अनुसार भार परीक्षण के अधीन होगा। नमूना परीक्षण को पास करेगा।

7.1.5 खंड 6.2 के अनुसार विलेपन के प्रयोजन के लिए एक साथ दो नमूने लिए जाएंगे और एक नमूना खण्ड 6.2.1 के अनुसार क्षरण परीक्षण और दूसरा खण्ड 6.2.2

के अनुसार मंगुरता परीक्षण के अधीन होगा, को भी ह्रास अनुज्ञेय नहीं होगा।

7.2 ऐसे कास्टिंग जिनमें विनिर्माण बीच संख्यांक उप-दर्शित करने वाला कास्ट चिह्न नहीं है, के लिए तनाव निरीक्षण।

7.2.1 लाट.—लाट से निरीक्षण के लिए एक ही सूचना में निरीक्षण के लिए प्रस्तावित प्रत्येक आकृति, डिजाइन, श्रेणी और आकार के सभी ढक्कन जालियाँ और फ्रेम अभिप्रेत है।

7.2.2 चाक्षुष विमा संबंधी वजन और अन्त परिवर्तनशील विशिष्टताओं के निरीक्षण के प्रयोजन के लिए अनुरूपता के लिए नमूना और मापदण्ड नीचे की सारणी 3 के अनुसार होंगे।

सारणी-3

(संदर्भ : खण्ड 7.2.2)

लाट आकार	प्रक्रम	नमूने का आकार	संचयी नमूने का आकार	दोषों की संख्या	स्वीकृत अस्वीकृत संख्या
150 तक	प्रथम	5	5	0	1
151 से 500	प्रथम	13	13	0	2
	द्वितीय	13	26	1	2
501 से 1000	प्रथम	20	20	0	3
	द्वितीय	20	40	3	4
1001 से 3000	प्रथम	32	32	1	4
	द्वितीय	32	64	4	5
3001 और उससे अधिक	प्रथम	50	50	2	5
	द्वितीय	50	100	6	7

7.2.3 खण्ड 6.1. के अनुसार भार परीक्षण के प्रयोजन के लिए अनुरूपता के लिए नमूना और मापदण्ड नीचे की सारणी 4 के अनुसार होंगे तथा लाटे खण्ड 7.2.1 में परिभाषित के अनुसार होगा। कोई भी ह्रास अनुज्ञेय नहीं होगा।

सारणी-4

(संदर्भ : खण्ड 7.2.3)

लाट आकार	नमूने का आकार	दोषों की अनुज्ञेय संख्या
100 तक	1	0
101 से 300	2	0
301 और उससे अधिक	3	0

7.2.4 खण्ड 6.2. के अनुसार विलेपन के प्रयोजन के लिए अनुरूपता के लिए नमूना और मापदण्ड उपर्युक्त खण्ड 7.1.5 के अनुसार होंगे।

उपबंध-2

निर्यात (क्वालिटी नियंत्रण और निरीक्षण) अधिनियम, 1963 (1963 का 22) की धारा 17 के अधीन बनाये जाने वाले प्रस्तावित नियमों का प्रारूप।

मक्षिप्त नाम और प्रारम्भ — (1) इन नियमों का संक्षिप्त नाम 'मैनहोल-ढक्कन नाली की जाली' और फ्रेम निर्यात (क्वालिटी नियंत्रण और निरीक्षण) नियम, 1985 है।

2 परिभाषाएँ— इन नियमों में जब तक कि संदर्भ से अन्यथा अपरिचित न हों,—

(क) "अधिनियम" से निर्यात (क्वालिटी नियंत्रण और निरीक्षण) अधिनियम, 1963 (1963 का 22) अभिप्रेत है,

(ख) "अभिकरण" से अधिनियम की धारा 7 के अधीन स्थापित निर्यात निरीक्षण अभिकरणों में से कोई एक अभिकरण अभिप्रेत है।

(ग) "परिपद" से अधिनियम की धारा 3 अधीन स्थापित निर्यात निरीक्षण परिपद अभिप्रेत है।

(घ) "मैनहोल-ढक्कन, नाली की जाली और फ्रेम" से ढक्कन मोड़े या अन्य लोहे से बने सभी प्रकार के मैनहोल ढक्कन, निरीक्षण आवरण नाली की जाली आकार कब प्रकार के नाली ढक्कन तथा उनके फ्रेम अभिप्रेत है और उनके अंतर्गत ढक्कन जाली की नाली जालियाँ भी होगी।

(ङ) "अनुसूची" से इन नियमों से सम्बन्धित अनुसूची अभिप्रेत है।

3. निरीक्षण का आधार — मैनहोल-ढक्कन, नाली की जालियाँ और फ्रेमों का निरीक्षण यह सुनिश्चित करने की दृष्टि से किया जायेगा कि उनकी क्वालिटी अधिनियम की धारा 6 के अधीन केन्द्रीय सरकार द्वारा मान्यता प्राप्त विनिर्देशों के अनुरूप है, अर्थात्—

(क) समस्त भारतीय मानक या अन्य कोई राष्ट्रीय और अन्तर-राष्ट्रीय मानक

(ख) निर्यात निरीक्षण परिपद द्वारा मान्यता प्राप्त अन्य निकायों के मानक,

(ग) उपबंध-1 में दिये गये न्यूनतम विनिर्देश के अधीन रहते हुए निर्यात सविदा के तय पाण गण विनिर्देश के रूप में निर्यातकर्ता द्वारा घोषित विनिर्देश,

4 निरीक्षण की प्रक्रिया — (1) मैनहोल-ढक्कन, नाली की जालियाँ और फ्रेमों का निरीक्षण यह देखने के विचार से किया जायेगा कि वे अधिनियम की धारा 6 के अधीन केन्द्रीय सरकार द्वारा मान्यता प्राप्त विनिर्देशों के अनुरूप है।

(क) यह सुनिश्चित करने या तो कि विनिर्माण की प्रक्रिया के दौरान परिशिष्ट 1 में दिये गये नियम — 4 के उपनियम 2 (क) में विनिर्दिष्ट प्रक्रिया और क्वालिटी नियंत्रण विधियों का प्रयोग किया गया है,

या

(ख) नियम — 4 के उपनियम 2 (ख) के अनुसार किये गये निरीक्षण के आधार पर,

(ग) दोनों के द्वारा या

(2) निरीक्षण को निम्नलिखित स्थानों में से कोई एक या दोनों अपनाई जायेगी, अर्थात्

(क) प्रसंस्करण क्वालिटी नियंत्रण (प. क्वा. नि.)

(ख) यदि खंड-1 के अनुसार यथोचित प्रसंस्करण क्वालिटी नियंत्रण वाले कोई भी विनिर्माण एकक अधिकरण के निकटतम कार्यालय को आवेदन करेगा।

(ii) उसके पश्चात् अधिकरण विनिर्माण एकक में जाकर यह निर्धारित करेगा कि उसमें प्रभावी प्रसंस्करण क्वालिटी नियंत्रण पद्धति विद्यमान है या नहीं।

(ख) परेक्षणवार निरीक्षण :-

कोई ऐसे विनिर्माण एकक, जो खंड (क) में विनिर्दिष्ट अपेक्षाएँ पूरी नहीं करता है, निर्यात (क्वालिटी नियंत्रण और निरीक्षण) अधिनियम, 1963 (1963 का 22) की धारा 7 के अधीन स्थापित या मान्यता प्राप्त किसी अधिकरण को अपने निर्यात परेक्षण निरीक्षण के लिये प्रस्तुत करेगा जो यह सुनिश्चित करने के लिये किया जायेगा कि उसके द्वारा विनिर्मित उत्पाद अधिनियम की धारा 6 के अधीन केन्द्रीय सरकार द्वारा मान्यता प्राप्त विनिर्देशों के अनुरूप है।

(3) सैनहाउस- ढक्कनों, नाली की जालियों और फ्रेमों के निरीक्षण और प्रमाणन के लिए निम्नलिखित प्रक्रिया का अनुसरण किया जायेगा अर्थात् :-

(i) सैनहाउस- ढक्कनों, नाली की जालियों और फ्रेमों का निर्यात करने का इच्छुक कोई निर्यातकर्ता ऐसा करने के अपने आशय की सूचना लिखित रूप में देगा और ऐसा सूचना के साथ ऐसे निर्यात से संबंधित निर्यात संबन्धों में अनुबंध सभी तकनीकी विशेषताओं का ब्योरा देते हुए हुए विनिर्देशों की घोषणा किसी भी अधिकरण को देगा जिससे कि वह उपनियम (2) के खंड (क) या खंड (ख) या दोनों खंडों के अनुसार निरीक्षण कर सकें।

(ii) उपनियम (2) के खंड (क) के अधीन अनुमोदित एकको द्वारा विनिर्मित उत्पादों के निर्यात के लिये, निर्यातकर्ता ऐसी सूचना के साथ यह भी घोषणा प्रस्तुत करेगा कि निर्यात के लिए आकांक्षित सैनहाउस-ढक्कनों, नाली की जालियों और फ्रेमों का विनिर्माण परिशिष्ट-1 अधि-कषित क्वालिटी नियंत्रण का प्रयोग करके किया गया है और परेक्षण इस प्रयोजन के लिये अधिनियम की धारा 6 के अधीन मान्यता प्राप्त विनिर्देशों की अपेक्षाओं के अनुरूप है।

(iii) खंड (ii) के अधीन प्रत्येक सूचना और घोषणा विनिर्माता के परिस्तर से परेक्षण के भेजे जाने से कम से कम 3 दिन पहले अधिकरण के कार्यालय में और परिषद के पास पहुँच जायेगी।

(4) निर्यातकर्ता, अधिकरण को, परेक्षण पर लगाये गये पड़वान बिहूत भी देगा।

(5) सूचना और घोषणा प्राप्ति होने पर अधिकरण -

(क) नियम 4 के उपनियम (2) के खंड (ख) के अधीन अनुमोदित एकको द्वारा विनिर्मित उत्पादों का निर्यात करने वाले निर्यातकर्ता के मामले में अपना यह समाधान कर लेने पर कि विनिर्माण के प्रसंस्करण के दौरान एकक ने परिशिष्ट - 1 के अधीन उपबंधित यथोचित क्वालिटी नियंत्रण का प्रयोग किया है और इस संबंध में परिषद द्वारा जारी किये गये निदेशों यदि कोई हों, या अनुसरण किया है, तीन दिन के भीतर यह घोषणा करते हुए प्रमाण पत्र जारी करेगा कि परेक्षण निर्गत योग्य है। किन्तु अधिकरण कालिक निरीक्षण और मीके पर जाँच पड़ताल करके यह सुनिश्चित करेगा कि विनिर्माण परिस्तर में यथोचित नियंत्रणों का प्रयोग किया जाना है और उत्पाद मान्यताप्राप्त विनिर्देशों के अनुरूप है, और

(ख) नियम 4 के उपनियम (2) के खंड (ख) के अंतर्गत आने वाले एकको द्वारा विनिर्मित उत्पाद का निर्यात करने वाले निर्यातकर्ता के मामले में सैनहाउस- ढक्कनों, नाली की जालियों तथा फ्रेमों का निरीक्षण यह सुनिश्चित करने की दृष्टि से करेगा कि उत्पाद इस प्रयोजन के लिये मान्यताप्राप्त विनिर्देशों के अनुरूप है।

(6) (क) निरीक्षण की समाप्ति के पश्चात अधिकरण परेक्षण में वैकेंजों वा इस रीति से तुरन्त मुद्रांकित करेगा कि यह सुनिश्चित हो जाये कि मुद्रांकित वैकेंजों के रूप में कोई गड़बड़ों नहीं की जा सकती।

(ख) किसी परेक्षण के नामजूर किये जाने की वशा में, यदि निर्यातकर्ता ऐसा चाहे तो, अधिकरण द्वारा परेक्षण को मुद्रांकित नहीं किया जा सकेगा।

(ग) किन्तु ऐसे मामलों में, निर्यातकर्ता नामजूर किये जाने के बिना अपील करने का हकदार नहीं होगा।

(7) यदि अधिकरण का समाधान हो जाता है कि सैनहाउस- ढक्कनों नाली की जालियों, और फ्रेमों का परेक्षण इन नियमों के अधीन अपेक्षाओं का अनुपालन करता है तो वह निरीक्षण की समाप्ति के तीन दिन के भीतर निर्यातकर्ता को यह घोषणा करते हुए प्रमाण पत्र जारी करेगा कि परेक्षण निर्यात योग्य है।

परन्तु जहाँ अधिकरण का ऐसा समाधान नहीं होता है वहाँ वह उसन सात दिन की अवधि के भीतर उसके लिये कारण सूचित करते हुए नामजूर किया जाने वाला पत्र जारी करेगा।

5 निरीक्षण का स्थान. इन नियमों के अधीन प्रत्येक निरीक्षण या तो (क) ऐसे उत्पाद के विनिर्माता के परिस्तर में, या (ख) ऐसे परिस्तर में जहाँ निर्यातकर्ता द्वारा माल प्रस्तुत किया जाता है, किया जायेगा परन्तु यह तब जब कि वहाँ निरीक्षण और परीक्षण की पर्याप्त सुविधाएँ विद्यमान हों।

6 निरीक्षण शुल्क : निर्यातकर्ता, अधिकरण की निरीक्षण शुल्क निम्न-नुसार देगा :-

(i) (क) प्रसंस्करण क्वालिटी नियंत्रण स्कीम के अधीन निर्यात के लिये प्रति परेक्षण न्यूनतम 20 रुपये के अधीन रहते हुए, पोत पर्यन्त निःशुल्क मूल्य के 0.2 प्रतिशत की दर से।

(ख) परेक्षणवार निरीक्षण के अधीन निर्यात के लिये प्रति परेक्षण न्यूनतम 20 रुपये के अधीन रहते हुए, पोत पर्यन्त निःशुल्क मूल्य के 0.4 प्रतिशत की दर से।

(ii) संबंधित राज्यों और राज्य क्षेत्रों के पार लघु उद्योग विनिर्माण एककों के रूप में रजिस्ट्रीकृत विनिर्माता-निर्यातकर्ताओं के लिये क्रमशः (क) और (ख') के प्रति परेक्षण न्यूनतम 30 रुपये के अधीन रहते हुए, 0.18 प्रतिशत और 0.36 प्रतिशत की दर से।

(iii) यथोचित प्रसंस्करण क्वालिटी नियंत्रण स्तर वाले एककों द्वारा विनिर्मित और व्यापारी निर्यातकर्ताओं द्वारा निर्यातित सर्वों के निर्यात के लिये, प्रति परेक्षण न्यूनतम 20 रुपये के अधीन रहते हुए पोत पर्यन्त निः शुल्क मूल्य के 0.3 प्रतिशत की दर से।

7. अपील :-

(i) नियम 4 के उपनियम (3) के खंड (ii) के अधीन अधिकरण द्वारा प्रमाण- पत्र जारी करने से इंकार किये जाने से व्यथित कोई व्यक्ति, उसके द्वारा ऐसे इंकार की सूचना प्राप्त होने के 10 दिन के भीतर केन्द्रीय सरकार द्वारा इस प्रयोजन के

लिये नियुक्त तीन से अत्यंत और सात से अधिक व्यक्तियों या प्राप्तिपत्रों के पैल को अंगीकृत कर सकेगा।

(ii) पैल में विशेषज्ञों के कुल सदस्यता के बम में कम दो- तिहाई सदस्य गैर सरकारी होंगे।

(iii) पैल की गणपूर्ति तीन से होगी।

(4) अपील को उसके प्राप्त होने के पन्द्रह दिनों के भीतर निपटा दिया जायेगा।

परिशिष्ट-1

क्वालिटी नियंत्रण

विनिर्माता मैनहोल- डक्कनों, नाली की जालियों और फ्रेमों का क्वालिटी नियंत्रण इसमें सलून अनुसूची में दिये गये नियंत्रणों स्फरो सहित नीचे दिये गये उत्पादक विनिर्माण, परिरक्षण और पैकिंग के विभिन्न प्रक्रमों पर निम्नलिखित नियंत्रण करके सुनिश्चित करेगा।

(1) क्रय की गई सामग्री नियंत्रण

(क) उपयोग की जाने वाली सामग्री गुणों सहित क्रय विनिर्देश अधिस्थित किये जायेंगे।

(ख) स्वच्छ परेणों के साथ या तो क्रय विनिर्देशों का अपेक्षाओं को पूरा करते हुए प्रदायकर्ता का परीक्षण प्रमाण-पत्र होगा ऐसे परीक्षण प्रमाण-पत्र के अभाव में परेणों की परम्पता सुनिश्चित करने के लिये प्रत्येक परेण में से नमूनों का नियमित रूप से परीक्षण और परीक्षण किया जायेगा। प्रदायकर्ता के परीक्षण प्रमाण-पत्र का शुद्धता सत्यापित करने के लिए कम से कम पाँच मास में एक बार उगका पुन जाँच का जायेगा।

(2) प्रसंस्करण नियंत्रण -

(क) विनिर्माण के विभिन्न प्रसंस्करण के लिये विस्तृत प्रसंस्करण विनिर्देश अधिस्थित किए जायेंगे।

(ख) प्रसंस्करण विनिर्देश में अधिस्थित प्रसंस्करण को निरीक्षण करने के लिये उपस्कर और प्रसंस्करण की प्रगति निरीक्षण होंगे।

(3) उत्पाद नियंत्रण -

अधिनियम की धारा 6 के आगेत माग्रा प्राप्त मानक विनिर्देशों के अनुसार विनिर्माता के पास अपनी परीक्षण सुविधाएँ हैं या उत्पाद का परीक्षण करने के लिये अग्रत ऐसे परीक्षण सुविधाओं तक उनकी पहुँच होगी।

(4) माप सक्ती नियंत्रण -

उत्पादन और निरीक्षण में प्रयुक्त रोजो और उपकरणों की मापिक जाँच की जायेगी या उनका अनुमोदन किया जायेगा।

(5) परीक्षण नियंत्रण -

(क) उत्पाद को मौसम सबधी दशाओं के प्रतिकूल प्रभाव में सुगुनित रखने के लिये विस्तृत विनिर्देश अधिस्थित किए जायेंगे।

(ख) भण्डारण और अभिवहन दोनों के दौरान उत्पाद को अच्छी तरह से परिरक्षित रखा जायेगा।

(6) पैकिंग नियंत्रण -

उत्पाद का पैकिंग के लिये विस्तृत विनिर्देश अधिस्थित किए जायेंगे और उनका कठोरता से पालन किया जायेगा।

वस्तुबोज

विनिर्माता द्वारा प्रयोग किये गये पूर्वोक्त नियंत्रणों या सत्यापन करने के लिये यथोचित अभिलेखा व्यवस्थापन रूप में रखी जायेंगी।

MINISTRY OF COMMERCE

ORDER

New Delhi, the 22nd June, 1985

S.O. 2827.—Whereas in exercise of the powers conferred by section 6 of the Export (Quality Control and Inspection) Act, 1963 (22 of 1963), the Central Government is of opinion that it is necessary and expedient so to do for the development of the export trade of India that manhole covers, gully gratings and frames shall be subject to quality control and inspection prior to export;

And whereas the Central Government has formulated the proposals specified below for the said purpose and has forwarded the same to the Export Inspection Council as required by sub-rule (2) of rule 11 of the Export (Quality Control and Inspection) Rules, 1964;

Now, therefore, in pursuance of the said sub-rule, and in supersession of the notification of the Government of India in the Ministry of Foreign Trade No. S.O. 2154, dated the 28 May 1971, the Central Government hereby publishes the said proposals for the information of the public likely to be affected thereby.

2. Notice is hereby given that any person desiring to forward any objection or suggestion with respect to the said proposals may forward the same within forty-five days of the date of publication of this order in the Official Gazette to the Export Inspection Council, 11th floor, Pragati Tower, 26, Rajendra Place, New Delhi-110008.

PROPOSALS

- (i) to notify that manhole covers, gully gratings and frames shall be subject to quality control and inspection prior to export;
- (ii) to specify the type of quality control and inspection in accordance with the draft Export of manhole covers, gully gratings and frames (Quality Control and Inspection) Rules, 1985 as set out in Annexure-II to this order as the type of quality control and inspection which shall be applied to such manhole covers, gully gratings and frames prior to export.
- (iii) to recognise --
 - (a) relevant Indian standards or any other national and international standards.
 - (b) Standards of other bodies recognised by the Export Inspection Council.

(c) Specification as declared by the exporter to be the agreed specification of the export contract subject to the minimum of the specifications set out in Annexure-I;

(iv) to prohibit the export in the course of international trade of manhole covers, gully gratings and frames unless the same are accompanied by a certification of inspection issued by any of the agencies established or recognised under section 7 of the Export (Quality Control and Inspection) Act, 1963 (22 of 1963), to the effect that manhole covers, gully gratings and frames are exportworthy.

3. Nothing in this order shall apply to the export of samples of manhole covers, gully gratings and frames not exceeding one set of each design to prospective buyers.

4. In this notification, manhole covers, gully gratings and frames shall mean all types of manhole covers, inspection covers, Kerb type gully covers and their frames made out of cast iron or ductile iron and shall also include cast steel gully gratings.

ANNEXURE I

SPECIFICATIONS FOR MANHOLE COVERS, GULLY GRATINGS AND FRAMES

- 1.0 GRADE
 - 1.1 For manhole covers, inspection covers and frames.
 - 1.1.1 Manhole cover and frame having a combined nominal weight of 170 kg. and above shall be graded as "Heavy Duty".
 - 1.1.2 Manhole cover and frame having a combined nominal weight in the range of 114 kgs. to 169 kgs. shall be graded as "Medium Duty".
 - 1.1.3 Manhole cover and frame having a combined nominal weight below 114 kgs. shall be graded as "Light Duty".
 - 1.1.4 Inspection cover and frame, irrespective of weight, for use in situations inaccessible to motor vehicles for applications such as valve box cover, motor box cover, hydrant cover, tank cover, etc., shall be graded as "Light Duty".
 - 1.2 FOR GULLY GRATINGS, KERB TYPE, GULLY COVERS AND FRAMES
 - 1.2.1 Gully gratings and frames may be classified as Heavy Duty or Medium Duty as per specific agreement between the foreign buyer and the exporter. In

the absence of specific agreement, Gully Gratings and Frames having combined, nominal weight 75 kgs. and above shall be classified as "Heavy Duty".

1.2.2 Kerb type gully covers and frames shall be classified as medium duty.

2. Workmanship, Finish and Coating

2.1 Casting shall be sound, clean and free from cracks, air holes, sand holes, chill, cold shuts, warping and voids (due to shrinkage, gas inclusions or other causes), which are likely to impair the utility of the casting.

2.2 These shall be neatly dressed and carefully fettled.

2.3 Covers shall be interchangeable and shall properly fit without appreciable rocking.

2.4 Covers shall have a suitable raised, chequered or other design to provide an adequate non-slip grip.

2.5 Suitable key hole or any other device shall be provided for lifting the cover from the frame.

2.6 Unless otherwise specified by the foreign buyer, covers, frames and gratings shall be coated with a coal tar based material or black bitumen material having good adherence property, so as to meet the requirements of coating tests as per clause 6.2.

2.6.1 The surface shall be clean, dry and free from rust before coating. Coating shall be uniform and smoothy and shall be completely dried before packing.

2.6.2 Dimensions, weight and Tolerances

3.1 Dimensions, weights and tolerances shall be as declared by the exporter in the form of detailed drawing(s). However, the tolerances shall not exceed the following :

(i) Tolerances for dimensions

(a) Clear Openings	+5mm -2 mm
(b) Thickness	-0.8 mm
(c) Other dimensions of nominal size 100 mm and below	±2 mm
(d) Other dimensions of nominal size above 100	±3 mm
(ii) Tolerance on weight	5%

3.2 Maximum clearance between cover section and frame at the top shall be 4 mm.

4. Marking

4.1 Unless otherwise stipulated by the foreign buyer, grade shall be cast on each cover and grating. Further, each cover, frame and grating shall have cast on them, the relevant cast number.

Note.—In the absence of mould mark indicating cast number, the consignment shall be subjected to tightened inspection as per clause 7.2.

4.1.1 The marking for grade shall be letters 'HD' 'MD' or 'LD' for Heavy Duty, Medium Duty or Light Duty respectively, unless the export contract provides for alternative markings suitably indicating the relevant grade as per the requirements prevalent in the importing country. The size of the letter shall be more than 19 mm.

4.2 Inspection covers shall have legibly cast on them the words 'Inspection Cover'. Alternatively, such covers shall have legibly cast on them word(s) indicative of its application such as 'Valve Box Cover', 'Meter Box Cover' 'Hydrant Cover' etc., as per export contract.

Note.—In the absence of cast marks on covers in accordance with this clause, such covers and frames shall be treated as manhole covers and frames and the grade thereof determined in terms of clause 1.1.1 to 1.1.3.

5 Packing

5.1 Covers, grating and frames shall be packed in strong wooden, cases or crates so as to withstand transit hazards and to ensure safe arrival at the destination.

5.1.1 Wooden cases and crates shall generally conform to IS : 1503—1967 (or its latest version) and IS : 3071—1981 (or its latest version) respectively.

5.2 Unless otherwise specified by the foreign buyer, gross weight of such package shall not exceed one tonne.

5.3 Suitable wooden logs shall be fixed on the lower planks to facilitate handling by fork lifts.

6. Tests

6.1 Load test

6.1.1 Manhole covers, gully grating and kerbtype gully covers shall be subjected to load test. Test loads specified in Table-I below.

TABLE I
(Ref. Clause 6.1.1)

Grade	Type of Casting	Load in Tonne	Size of Block in mm
Heavy Duty	Grey Iron	35	300 dia or
	Ductile Iron or Cast steel	23.5	300 × 235 rectangular
Medium Duty	Grey Iron	15	300 dia or
	Ductile Iron or Cast Steel	10	300 × 235 rectangular
Light Duty	Grey Iron	1	300 dia
	Ductile Iron or Cast Steel	0.7	

Note 1.—If a non-flat upper surface is specified for grating, the test block shall have the contoured bottom face to mate with the shape of the grating.

Note 2.—Load test shall not be applicable for covers and frames having nominal minimum clear opening less than 235 mm.

6.1.2 Test Procedures.—The cover/grating shall be supported in a frame which may be standard cover frame or a specially made testing appliance simulating normal conditions of use. The specified load as per Table-I shall be applied, without shock through the medium of a bearing block of specified size faced with hard rubber or other resilient material and sufficiently rigid to ensure that load on the cover or grating is evenly distributed over the full area of the block. The load shall be sustained for a minimum period of 30 seconds. Cover or grating shall withstand the test without fracture.

6.2 Coating Tests

6.2.1 Flow Test.—Coating material used shall not flow when the sample is exposed to a temperature of 63°C for a duration of 30 minutes.

6.2.2 Brittleness Test.—Coating shall not be so brittle as to chip off when scribed lightly with the point of open knife after exposing the sample to a temperature of 0°C for a duration of 30 minutes.

7. Sampling and criteria for conformity

7.1 Normal inspection for castings bearing cast mark of batch number

7.1.1 Lot.—A 'Lot' means all covers, gratings and frames of each design, grade and size pertaining to one cast number offered for inspection by an exporter at one time and place, irrespective of the number of intimations for inspection

7.1.2 For this purpose, the manufacturer shall maintain adequate records giving the following details :—

- (i) Date of manufacture
- (ii) Cast number
- (iii) Quantities manufactured, itemwise
- (iv) Quantities despatched, itemwise.

7.1.3 Sampling and criteria for conformity for inspection of visual, dimensional, weight and interchangeability characteristics shall be as per Table-II below.

TABLE II
(Ref : Clause 7.1.3)

Lot Size	Stage	Sample size	Cumulative sample size	Number of defectives	
				Acceptance number	Rejection Number
Upto 500	First	5	5	0	1
501 to 3000	First	13	13	0	2
	Second	13	26	1	2
3001 and above	First	20	20	0	3
	Second	20	40	3	4

7.1.4 One sample per lot shall be subjected to load test as per clause 6.1. The sample shall pass the test.

7.1.5 For the purpose of coating as per clause 6.2, two samples shall be drawn from all the lots together and one sample subjected to flow test as per clause 6.2.1 and the other to brittleness test as per clause 6.2.2. No failure shall be permissible.

7.2 Tightened inspection for casting not having cast mark indicating manufacturing batch number.

7.2.1 Lot.—A 'Lot' means all covers, gratings and frames of each shape, design, grade and size offered for inspection to one intimation for inspection.

7.2.2 For the purpose of inspection of visual, dimensional, weight and interchangeability characteristics, sampling and criteria for conformity shall be as per Table-III below.

TABLE III
(Ref : Clause 7.2.2)

Lot Size	Stage	Sample size	Cumulative Sample size	Number of Defectives	
				Acceptance Number	Rejection Number
Upto 150	First	5	5	0	1
151 to 500	First	13	13	0	2
	Second	13	26	1	2
501 to 1000	First	20	20	0	3
	Second	20	40	3	4
1001 to 3000	First	32	32	1	4
	Second	32	64	4	5
3001 and above	First	50	50	2	5
	Second	50	100	6	7

7.2.3 For the purpose of load test as per clause 6.1 sampling and criteria for conformity shall be as per Table-IV

below and the 'Lot' shall be as defined in clause 7.2.1. No failure shall be permissible.

TABLE IV
(Ref : Clause 7.2.3)

Lot Size	Sample Size	Permissible number of defectives
Upto 100	1	0
101 to 300	2	0
301 and above	3	0

7.2.4 For the purpose of coating test as per clause 6.2, sampling and criteria for conformity shall be as per clause 7.1.5 above.

ANNEXURE-II

Draft rules proposed to be made under section 17 of the Export (Quality Control and Inspection) Act, 1963

(22 of 1963)

1. Short title and commencement.—These rules may be called the Export of Manhole Cover Grating and Frames (Quality Control and Inspection) Rules, 1985.

2 Definitions.—In these rules, unless the context otherwise requires :

- (a) "Act" means the Export (Quality Control and Inspection) Act, 1963 (22 of 1963);
- (b) "Agency" means any one of the Export Inspection Agencies established under section 7 of the Act;
- (c) "Council" means Export Inspection Council established under section 3 of the Act;
- (d) "Manhole Cover, Gully Grating and Frames" shall mean all types of manhole covers, inspection covers, gully gratings and kerb-type gully covers and their frames made out of cast iron or ductile iron and shall also include cast steel gully gratings.
- (e) "Schedule" means the schedule appended to these rules.

3. Basis of inspection.—Inspection of manhole covers, gully gratings and frames shall be carried out with a view to ensure that the quality of the same conforms to the specifications recognised by the Central Government under section 6 of the Act, namely :—

- (a) Relevant Indian Standards or any other national and international standards ;
- (b) Standards of other bodies recognised by the Export Inspection Council ;
- (c) Specification as declared by the exporter to be the agreed specification of the export contract subject to the minimum of the specification set out in Annexure-I;

4. Procedure of Inspection.—(1) Inspection of manhole covers, gully grating and frames shall be carried out with a view to seeing that the same conforms to the specifications recognised by the Central Government under section 6 of the Act.

either

- (a) by ensuring that during the process of manufacture the inprocess and quality control drills as specified in Appendix-I or sub-rule 2(a) of rule 4 have been exercised

(or)

- (b) on the basis of inspection carried out in accordance with sub-rule 2(b) of rule 4

(or)

- (c) by both.

(2) Any one or both of the following schemes of inspection shall be adopted namely :—

(a) In-process Quality Control (IPQC).

- (i) any manufacturing unit having adequate IPQC as per Appendix-I shall apply to the nearest office of the agency.

- (ii) the agency shall then arrange a visit to the manufacturing unit and assess as to whether an effective IPQC system is existing therein.

- (b) Consignmentwise Inspection.—any manufacturing unit not satisfying the requirements specified in clause (a), shall offer to any agency established or recognised under section 7 of the Export (Quality Control and Inspection) Act, 1963 (22 of 1963) their export consignment for inspection which shall be done to ensure that the product manufactured by it conforms to the specifications recognised by Central Government under section 6 of the Act.

(3) The following procedure shall be followed for inspection and certification of manhole covers, gully grating and frames namely :—

- (i) Any exporter intending to export manhole covers, gully grating and frames shall give intimation in writing of his intention so to do and submit along with such intimation a declaration of the specifications giving details of all technical characteristics as stipulated in the export contract relating to such export to any of the agencies to enable it to carry out inspection in accordance with clause (a) or clauses (b) or both the clauses of sub-rule (2).

- (ii) For export of products manufactured by units approved under clause (a) of sub-rule (2) the exporter shall also submit along with such intimation a declaration that the manhole covers, gully gratings and frames intended for export have been manufactured by exercising quality control as laid down in Appendix-I and the consignment conforms to the requirements of the specifications recognised under section 6 of the Act for this purpose.

- (iii) Every intimation and declaration under clause (ii) shall reach the office of the agency and the Council not less than 3 days prior to the despatch of the consignment from the manufacturer's premises.

- (iv) The exporter shall along furnish to the agency the identification marks applied on the consignment.

- (v) On receipt of the intimation and declaration the agency—

- (a) in the case of an exporter exporting products manufactured by units approved under clause (a) of sub-rule (2) of rule 4 on satisfying itself that during the process of manufacture the unit has exercised adequate quality control as provided under Appendix-I and followed the instructions, if any, issued by the Council in this regard, shall within three days, issue a certificate declaring the consignment as exportworthy. However, the agency shall ensure through periodic inspections and spot checks that adequate controls are exercised at the manufacturing premises and products conform to the recognised specification; and

- (b) in case of exporter exporting products manufactured by units falling under clause (b) of sub-rule (2) of rule 4, shall carry out inspection of manhole covers, gully gratings and frames with a view to ensuring that the product conforms to the specifications recognised for the purpose

- (vi) (a) After completion of inspection, the agency shall immediately seal packages in the consignment in

a manner so as to ensure that the sealed packages cannot be tampered with.

- (b) In case of rejection of a consignment, if the exporter so desires, the consignment may not be sealed by the agency.

- (c) In such cases, however, the exporter shall not be entitled to prefer any appeal against the rejection.

- (vi) If the agency is satisfied that the consignment of manhole covers, gully gratings and frames complies with the requirement under these rules, it shall within three days of completion of inspection, issue a certificate to the exporter declaring that the consignment is exportworthy;

Provided that where the agency is not so satisfied it shall within the said period of seven days issue rejection letter communicating the reasons therefor.

5. Place of inspection.—Every inspection under these rules shall be carried out either (a) at the premises of the manufacturer of such products, or (b) at the premises at which the goods are offered by the exporter, provided adequate facilities for inspection and testing exists therein.

6. Inspection Fee.—Inspection fee shall be paid by the exporter to the agency as under :—

- (i) (a) For exports under in-process quality control scheme at the rate of 0.2 per cent of the F.O.B. value subject to minimum of Rs. 20 per consignment.

- (b) For exports under consignmentwise inspection at the rate of 0.4 per cent of the F.O.B. value subject to a minimum of Rs. 20 per consignment.

- (ii) Subject to a minimum of Rs. 20 per consignment the rate shall be 0.18 per cent and 0.36 per cent for (a) and (b) respectively, for manufacturer-exporters who are registered as Small Scale Manufacturing Units with the concerned Governments of State/Union Territories.

- (iii) For exports of items manufactured by the units having adequate in-process quality control levels and exported by merchant exporters at the rate of 0.3 per cent of FOB value subject to a minimum of Rs. 20 per consignment.

7. Appeal :

- (i) Any person aggrieved by the refusal of the agency to issue a certificate under clause (vi) of sub-rule (3) of rule 4, may within ten days of the receipt of the communication of such refusal by him, prefer an appeal to a Panel of Experts consisting of not less than three but not more than seven persons appointed for the purpose by the Central Government.

- (i) The panel shall consist of at least two thirds of non-officials of the total membership of the Panel of Experts.

- (iii) The quorum for the panel shall be three.

- (iv) The appeal shall be disposed of within fifteen days of its receipt.

APPENDIX-I

Quality Control.

The quality control of manhole covers, gully gratings and frames shall be ensured by the manufacturer by effecting the following controls at different stages of manufacture, preservation and packing of the products as given below together with levels of controls set out in the Schedule appended hereto.

(1) Boughtout Materials Control :

- (a) Purchase specifications shall be laid down incorporating the properties of materials to be used.
- (b) Accepted consignments shall be either accompanied by a supplier's test certificate corroborating the requirements for the purchase specifications or in the absence of such test certificate, sample, from each consignment shall be regularly inspected and tested to ensure the conformance of the consignments. The supplier's test certificate shall be counter-checked at least one in five months to verify its correctness.

(2) Process Control :

- (a) Detailed process specifications shall be laid down for various processes of manufacture
- (b) Equipments and instrumentation facilities shall be adequate to control the process as laid down in the process specification

(3) Products Control : Manufacturers shall have their own

testing facilities or shall have access to such testing facilities existing elsewhere to test product as per the standard specification recognised under section 6 of the Act

(4) Metrological Control : Gauges and instruments used in the production and inspection shall be periodically checked or calibrated.

(5) Preservation control

- (a) A detailed specification shall be laid down to safeguard the product from adverse effects of weather conditions

- (b) The product shall be well preserved both during its storage and transit.

(6) Packing Control : A detailed specification shall be laid down for packing of the product which shall be strictly adhered to

Documentation : Adequate records shall be systematically maintained to enable verification of the aforesaid controls exercised by the manufacturer.

SCHEDULE

(See Appendix)

IPQC FOR MANHOLE COVERS, INSPECTION COVERS, GULLY GRATINGS, KERB-TYPE GULLY COVERS & FRAMES

SCHEDULE OF LEVELS OF CONTROL

Sl No	Test/inspection characteristic	Requirements	No. of samples	Lot size/Frequency
1	Foundry			
	(a) Sand Testing			
	(i) Permeability	As per manufacturer (s) specification	1	Each batch of mix
	(ii) Green compression strength	-do-	1	-do-
	(iii) Moisture content	-do-	1	-do-
	(iv) Pattern & core boxes dimension & opening up	-do-	Each New pattern/ core box	—
	*(b) Tensile & Transverse strength	-do-	1	Each cast
	*(c) Chemical analysis	-do-	1	Each cast
2.	(i) Workmanship and finishing (before coating)	As per standard specification	Each	--
	(ii) Rocking between frame and cover	-do-	10	Every 100 pcs of each batch of manufacture
3.	Dimensions	-do-	5	-do-
4.	Weight	-do-	5	-do-
5.	Load test	-do-	1	Every 100 pcs of same type/size/batch
6.	Coating			
	(a) Flow Test	-do-	1	Each batch of paint
	(b) Brittleness test	-do-	1	-do-
	(c) Visual examination	-do-	10	Every 100 pcs of each batch of paint
7.	Packing			
	Visual & Soundness of packages	-do-	Each	—

*Whereas called for in the standard specification

[No. CMD/13 : 12]

का. प्र. 28.11.--भारतीय मानक संस्था (प्रमाणन विभाग) नियम-विनियम, 1955 के नियम 3 के उपनियम (2) और विनियम 3 के उपनियम (2) एवं (3) के अनुसार, भारतीय मानक संस्था द्वारा अधिसूचित किया जाता है कि नये अनुसूचों में जिन भारतीय मानकों के ध्येरे दिये गये हैं, वे 1982-06-30 को निर्धारित किये गये हैं।

अनुसूची

क्रम संख्या	निर्धारित भारतीय मानकों की पद संख्या और शीर्षक	नये भारतीय मानक रहे हुए, भारतीय मानक के पद संख्या और शीर्षक	प्रथम विवरण
1	2	3	4
1.	IS: 667--1981 बरसादि रेशों के पहचान पद्धतियों (प्रथम पुनरीक्षण)	IS: 667--1955 सामान्य वाणिज्यिक बरसादि रेशों के पहचान का साधारण पद्धतियां	--
2.	IS: 837--1982 डॉफर और चपटे स्ट्रिपिंग कम्प जेडों का विशिष्टि (प्रथम पुनरीक्षण)	IS: 837--1962 डॉफर और चपटे स्ट्रिपिंग जेडों का विशिष्टि	--
3.	IS: 1382--1981 कांच और कांच सामग्री सम्बन्धी शब्दावली (प्रथम पुनरीक्षण)	IS: 1382--1961 कांच उद्योग सम्बन्धी शब्दावली	--
4.	IS: 1559 (भाग 3)--1982 फेरसिलिकम के रासायनिक विश्लेषण के पद्धतियां भाग 3 गन्धक ज्ञान करना (प्रथम पुनरीक्षण)	IS: 1559--1961 लोह-मिश्रधातुओं के रासायनिक विश्लेषण के पद्धतियां	1982-04-30 को निर्धारित
5.	IS: 1712--1982 पशु आहार के संघटक के रूप में बिनोले के जल को विशिष्टि (द्वितीय पुनरीक्षण)	IS: 1712--1970 पशु आहार के संघटक के रूप में बिनोले के जल को विशिष्टि (प्रथम पुनरीक्षण)	--

1	2	3	4
6	*IS : 1759--1980 फाब्रिकों का विशिष्टि (प्रथम पुनरक्षण)	IS : 1759--1981 फाब्रिकों का विशिष्टि	1980-12-31 को निर्धारित *भारत में मानक संस्था प्रमाणन चिह्न योजना के प्रयोजनों के लिये IS : 1759--1980 1982-10-16 को लागू होगा
7	IS : 1885 (भाग 57)--1982 विद्युत तकनीकों का शब्दावली भाग 57 विद्युत् य एवं चुम्बकीय गणित	--	--
8	IS : 1934--1982 पशु आहार के संघटक के रूप में तिल का खल का विशिष्टि (प्रथम पुनरक्षण)	IS : 1934--1981 पशु आहार के संघटक के रूप में तिल का खल का विशिष्टि	--
9	IS : 1935--1982 पशु आहार के संघटक के रूप में अन्न का खल का विशिष्टि (प्रथम पुनरक्षण)	IS : 1935--1981 पशु आहार के रूप में अन्न का खल का विशिष्टि	--
10	IS : 1986--1981 लोहा और इस्पात पर मज्जत क्रोमियम मुल्यमा बढ़ाने का रति सहिता (सामान्य इंजिनियर कार्यों के लिये) (प्रथम पुनरक्षण)	IS : 1986--1982 इस्पात पर सतत क्रोमियम मुल्यमा बढ़ाने का रति सहिता	--
11	IS : 2187--1982 ऊन मोखों का विशिष्टि (द्वितीय पुनरक्षण)	IS : 2187--1973 मोखों, ऊन (बाम्टेड) का विशिष्टि (प्रथम पुनरक्षण)	--
12	IS : 2480 (भाग 2)--1982 सामान्य प्रयोजन के कांच के थर्मल टरो का विशिष्टि, भाग 2 पैमाना समाविष्ट थर्मल टर (द्वितीय पुनरक्षण)	IS : 2400--1973 दोस्त तले वाले सामान्य प्रयोजन के कांच के थर्मल टरो का विशिष्टि (प्रथम पुनरक्षण)	--
13	IS : 2548--1980 ग्रीचकूड का प्लास्टिक सीटों और इक्कनों का विशिष्टि (तृतीय पुनरक्षण)	IS : 2548--1967 ग्रीचकूड का प्लास्टिक का सीटों और इक्कनों का विशिष्टि द्वितीय पुनरक्षण	1981-04-30 को निर्धारित *भारत में मानक संस्था प्रमाणन चिह्न योजना के प्रयोजनों के लिये IS : 2548--1980 1982-02-01 लागू होगा
14	IS : 3441--1982 पशु आहार के संघटक के रूप में विनायक निष्कषित मूंगफली का खल (चूरा) का विशिष्टि (प्रथम पुनरक्षण)	IS : 3441--1969 पशु आहार के रूप में विनायक निष्कषित मूंगफली का खल (चूरा) का विशिष्टि	--
15	*IS : 3899--1981 जिनेब जलविमर्जन य पाउडर का विशिष्टि (प्रथम पुनरक्षण)	IS : 3899--1966 जिनेब जलविमर्जन य पाउडर का विशिष्टि	1981-10-31 को निर्धारित *भारत में मानक संस्था प्रमाणन चिह्न योजना के प्रयोजनों के लिये IS : 3899--1981 1983-01-01 से लागू होगा 1982-05-31 को निर्धारित
16	IS : 3992--1982 कियती ट्रे का विशिष्टि (प्रथम पुनरक्षण)	IS : 3992--1967 कियती ट्रे का विशिष्टि	--
17	IS : 4410 (भाग 7)--1982 नदी घाटी परि-योजनाओं सम्बन्ध शब्दावली भाग 7 इंजिनियर भूविज्ञान (प्रथम पुनरक्षण)	IS : 4410 (भाग 7)--1968 नदी घाटी परि-योजनाओं सम्बन्ध शब्दावली : भाग 7 इंजिनियर भूविज्ञान	--
18	IS : 4763--1982 लोह मैगन ज तैयार करने के लिये मैगन ज अयस्क का विशिष्टि (प्रथम पुनरक्षण)	IS : 4763--1968 लोह मैगन ज तैयार करने के लिये मैगन ज अयस्क का विशिष्टि	--
19	IS : 5000 (सीडी 34)--1981 धर्मचालक युक्तियों का विशिष्टि, युक्ति आउट लाइन 34	--	1982-03-31 को निर्धारित
20	IS : 5829--1982 गर्भाशय छड़ का विशिष्टि (प्रथम पुनरक्षण)	IS : 5829--1970 गर्भाशय छड़ का विशिष्टि	--
21	IS : 5834 (भाग 3)--1981 औद्योगिक कार्यों के लिये बिजली के टाइमर गियर यंत्रों का विशिष्टि भाग 3 इलेक्ट्रॉनिक	--	1982-04-30 को निर्धारित

2	3	4
22. IS : 5855--1982 कोयला काटने वाले यन्त्रों, पैरेंट बॉक और एकवा सम्मुख भाग वाले टंगस्टन कार्बाइड के नोकदार की विशिष्टि, (प्रथम पुनरीक्षण)	IS : 5855--1970 कोयला कारने वाले यन्त्रों पैरेंट बॉक, बॉ और एक की सम्मुख भाग वाले और, टंगस्टन कार्बाइड के नोकदार की विशिष्टि	--
23. IS : 6061(भाग 4)--1981 कड़ियों और पूरक खंडों से फर्श और छत के निर्माण की रीति संहिता; भाग 4 मिट्टी के पूर्व अवित खोखले ब्लाक स्लेब पैनलों से	--	--
24. IS : 6134(भाग 7)--1981 सूक्ष्म तरंग द्युओं के विद्युतीय लक्षण मापन की पद्धतियाँ भाग 7 उच्च शक्ति क्लिस्ट्रॉन	--	1982-04-30 को निर्धारित
25. IS : 6217--1982 उठाने के कार्यों के लिये छोटी कड़ी वाली जंजीर की विशिष्टि ग्रेड (6), अंगीकृत रहित (प्रथम पुनरीक्षण)	IS : 6217--1971 उठाने के कार्यों के लिये इस्वात की धोल कड़ी वाली जंजीर (बिजली से टक्कर बैठक कृत) की विशिष्टि ग्रेड 63, अंगीकृत रहित	1982-04-30 को निर्धारित
26. IS : 6293--1981 डिबेरियों और पेचों के संयोजन यन्त्रों की नामावली (प्रथम पुनरीक्षण)	IS : 6293--1971 डिबेरियों और पेचों के संयोजन यन्त्रों की नामावली	--
27. IS : 6507--1982 सोडियम क्रोमेट, तकनीकी, की विशिष्टि (प्रथम पुनरीक्षण)	IS : 6507--1972 सोडियम क्रोमेट, तकनीकी, की विशिष्टि	--
28. IS : 6906--1982 हैंडलूम के सूती वस्त्रों के रंग प्राक्कलन सम्बन्धी अपेक्षाएं (प्रथम पुनरीक्षण)	IS : 6906--1973 हैंडलूम के सूती वस्त्रों के रंग पक्कापन सम्बन्धी अपेक्षाएं	--
29. IS : 7016--(भाग) 1982 लेपित और उपचारित वस्त्रों की परीक्षण पद्धतियाँ, भाग 1 वेल्ड लक्षण ज्ञात करना (प्रथम पुनरीक्षण)	IS : 7016(भाग 1)--1973 लेपित और उपचारित वस्त्रों की परीक्षण पद्धतियाँ भाग 1 वेल्ड लक्षण ज्ञात करना	--
30. IS : 7016(भाग 3)--1981 लेपित और उपचारित वस्त्रों की परीक्षण पद्धतियाँ भाग 3 फटन सामर्थ्य ज्ञात करना	IS : 7016(भाग 3)--1973 लेपित और उपचारित वस्त्रों की परीक्षण पद्धतियाँ भाग 3 फटन सामर्थ्य ज्ञात करना	1982-04-30 को निर्धारित
31. IS : 8218(भाग 2)--1982 ग्लान्द रेलवे के लिये सुरक्षा संहिता, भाग 2 इंजन, डिब्बे और उमका संचालन	--	--
32. IS : 8320--1982 सीसा-अम्ल संग्राही बैटरियों के लिये सामान्य अपेक्षाओं और परीक्षण पद्धतियाँ (प्रथम पुनरीक्षण)	IS : 8320--1976 सीसा-अम्ल संग्राही बैटरियों के लिये सामान्य अपेक्षाओं और परीक्षण पद्धतियाँ	--
33. IS : 8507(भाग 3)--1981 ठोस विद्युत् विश्लेषी वाले, स्थिर विद्युत् रोधित, अहाते मुद्रित टेटेलम धारित्रों की विशिष्टि, भाग 3 टाइप एक सी एस टी 2 खंड 1 पोखर	--	--
34. IS : 9000(भाग 15/खंड 1 से 9)--1982 इलेक्ट्रॉनि और बिजली की वस्तुओं के लिये आधारभूत पर्यावरणीय परीक्षण प्रक्रियाएँ, भाग 15 सील करने सम्बन्धी परीक्षण	--	1982-05-31 को निर्धारित
35. IS : 9568(भाग 3)--1982 धात्विक कार्ब क्लोथिंग की विशिष्टि; भाग 3 सिमिडर, डॉकर और लिक्वोर-इन के लिये तार	--	--
36. IS : 9883--1981 कैथोड किरण ट्यूब पर्दा द्वारा उत्सर्जित प्रकाश मापन की प्रकाश-मितीय और वर्णमापी पद्धतियाँ	--	1982-04-30 को निर्धारित
37. IS : 9931--1981 अकार्बनिक रसायनों में स्वोटाइड ज्ञात करने का पारखमापी पद्धति	--	1982-04-30 को निर्धारित

1	2	3	4
38. IS : 9939--1981 कृषि ट्रैक्टरों और पावर टिलरों सम्बन्धी शब्दावली		---	1982-04-30 को निर्धारित
39. IS : 9944--1981 प्राकृतिक और कृत्रिम रेशा की रस्सियों के फायों के लिये सुरक्षित कार्य मोल भार की स्फारिका		--	1984-04-30 को निर्धारित
40. IS : 9971--1981 बुखाम्ब, खाद्य ग्रेड, की विशिष्टि		---	1982-04-30 को निर्धारित
41. IS 10008--1981 कुरगुट योग जोड़ों की विशिष्टि		--	--
42. IS : 10052(भाग 1)--1982 विद्युत्प्रणालीय व्यतिकरण उपकरण की विशिष्टि और मापन पद्धतियाँ भाग 1 10 कि० हर्ट्ज से 1 हर्ट्ज तक के आवृत्ति परास में मापन उपकरण	IS : 6872-1972 0.15 मि० हर्ट्ज से 1000 मि० हर्ट्ज तक के आवृत्ति परास के लिये रेडियो व्यतिकरण मापन उपकरण की विशिष्टि		1982-05-30 को निर्धारित
43. IS : 10069--1982 तेल चालित तंत्रों में प्रयुक्त पाश्चिम विस्थापन पम्पों की परीक्षण पद्धतियाँ		---	--
44. IS : 10085--1982 ऊर्जन आटा या रेत के रासायनिक विश्लेषण की पद्धतियाँ		---	--
45. IS : 10103--1982 तेल चालित तंत्रों में प्रयुक्त जोड़चूड़ी टाइप फिलिंग की परीक्षण पद्धतियाँ		--	--
46. IS : 10112--1982 बाँध किये अपघर्षी उत्पादों की पैकबंदी की रीति संहिता		---	--
47. IS : 10123--1982 फ्लोबल ग्रेरण मट्टियों की परीक्षण पद्धतियाँ		---	--
48. IS : 10124(भाग 2)--1982 पेय जल पूर्ति के लिये बनायी गयी पी बी सी फिटिंगों की विशिष्टि : "भाग 2 साफिटो की विशिष्टि अपेक्षाएँ		---	--
49. IS : 10124(भाग 3)--1982 पेय जल पूर्ति के लिये बनायी गयी पी बी सी फिटिंगों की विशिष्टि : भाग 3 सीसे अपघर्षकों की विशिष्टि अपेक्षाएँ		--	--
50. IS : 10124(भाग 4)--1982 पेय जल पूर्ति के लिये बनायी गयी पी बी सी फिटिंगों की विशिष्टि, भाग 4 टोपियों की विशिष्टि अपेक्षाएँ		---	--
51. IS : 10124(भाग 5)--1982 पेय जल पूर्ति के लिये बनायी गयी पी बी सी फिटिंगों की विशिष्टि, भाग 5 समान "टी" की विशिष्टि अपेक्षाएँ		---	--
52. IS : 10130--1982 रबड़ उद्योग के लिये बलकानोक्त वनस्पति तैलो (कैस्टोल्) की विशिष्टि		---	--
53. IS : 10132--1982 मैग्नेसियम आक्सीक्लोराइड का फर्श मसाला तैयार करने में काम आने वाली वस्तुओं की परीक्षण पद्धति		---	--
54. IS : 10133--1982 काँच की बोतलों की विशिष्टि मार्पेय सम्बन्ध और छूटें		--	--
55. IS : 10138(भाग 1)--1982 पिटवा इस्पात में मिली अघातक सामग्री की माझा ज्ञात करने की स्मूल पद्धतियाँ भाग 1 ब्लू-फ्लैश परीक्षण पद्धति		---	--

1	2	3	4
56. IS : 10141--1982 खाद्य पदार्थों, औषधियों और पेय जल के सम्पर्क में पॉलीएथाईलीन के बटकों की पाश्चिष्ट सूची		--	--
57. IS : 10142--1982 खाद्य पदार्थों, औषधियों और पेय जल के सम्पर्क में सुरक्षित उपयोग के लिये स्टाइरीन पॉलीमरों की विशिष्टि		--	--
58. IS : 10145--1982 निरोपन उपकरणों के लिये बाँस आधारों की विशिष्टि		--	--
59. IS : 10146--1982 खाद्य पदार्थों, औषधियों और पेय जल के सम्पर्क में सुरक्षित उपयोग के लिये पॉलीएथाईलीन की विशिष्टि		--	--
60. IS : 10147--1982 पशु आहार के संघटक के रूप में छिन्केदार सूरजमुखी की खली की विशिष्टि		--	--
61. IS : 10148--1982 खाद्य पदार्थों, औषधियों और पेय जल के सम्पर्क में पॉलीविनाइल क्लोराइड (पी वी सी) और उसके कोपीलीमरों के बटकों की पाश्चिष्ट सूची		--	--
62. IS : 10149--1982 खाद्य पदार्थों, औषधियों और पेय जल के सम्पर्क में स्टाइरीन पॉलीमरों के बटकों की पाश्चिष्ट सूची		--	--
63. IS : 10161--1982 खाद्य पदार्थों, औषधियों और पेय जल के सम्पर्क में सुरक्षित उपयोग के लिये पॉलीविनाइल क्लोराइड (पी वी सी) और उसके कोपीलीमरों की विशिष्टि		--	--

इन भारतीय मानकों की प्रतियाँ, भारतीय मानक संस्था मानक भवन, 9 बहादुर साहू जफर मार्ग, नई दिल्ली में तथा अहमदाबाद, बम्बई, बंगलौर, भोपाल, भुवनेश्वर, कलकत्ता, हैदराबाद, जयपुर, कानपुर, मद्रास, मोहाली, पटना और त्रिवेन्द्रम स्थित इसके शाखा कार्यालयों में उपलब्ध हैं।

बी० एन० सिंह, अपर महानिदेशक

S. O. 2831 :—In pursuance of sub-rule (2) of Rule 3 and Sub-rulgulations (2) and (3) of regulation 3 of Indian Standards Institution (Certification Marks) Rules and Regulations, 1955, the Indian Standards Institution hereby notifies that the Indian Standard(s), particulars of which are given in the Schedule hereto annexed, have been established on 1982-06-30 :

SCHEDULE

Sl. No. and Title of the Indian Standards Established	No. and Title of the Indian Standard or Standards, if any, superseded by the new Indian Standard	Remarks, if any
(1)	(2)	(3)
1. IS 667- 1981 Methods for identification of textile fibres (first revision)	IS : 667-- 1955 Simple methods for identification of common commercial textile fibres	--
2. IS : 837--1982 Specification for doffer and flat stripping comb blades (first revision)	IS : 837--1962 Specification for doffer and flat stripping comb blades	--
3. IS : 1382--1981 Glossary of terms relating of glass and glassware (first revision)	IS : 1382--1961 Glossary of terms relating to glass industry	--
4. IS : 1559 (Part III)--1982 Methods of chemical analysis of ferrosilicon : Part III Determination of sulphur (first revision)	IS : 1559--1961 Methods of chemical analysis of ferro-alloys	Established on 1982-04-30

(1)	(2)	(3)	(4)
5. IS : 1712—1982 Specification for cottonseed oilcake as livestock feed ingredient (second revision)	IS : 1712—1970 Specification for cotton seed oilcake as livestock feed (first revision)	—	
6. *IS : 1759—1980 Specification for POWRAHS (first revision)	IS : 1759—1961 Specification for POWRAHS	Established on 1980-12-31 *For purposes of ISI Certification Marks Scheme; IS : 1759—1980 shall come into force with effect from 1982-10-16	
7. IS : 1885 (Part LVII) 1982 Electrotechnical vocabulary : Part LVII Electric and magnetic circuit			
8. IS : 1934—1982 Specification for sesamum oilcake as livestock feed ingredient (first revision)	IS : 1934—1961 Specification for sesamum (TIL) oilcake as livestock feed	—	
9. IS : 1935—1982 Specification for linseed oilcake as livestock feed ingredient (first revision)	IS : 1935—1961 Specification for linseed oilcake as livestock feed	—	
10. IS : 1986—1981 Code of practice for hard chromium plating on iron and steel (for general engineering purposes) (first revision)	IS : 1986—1962 Code of practice for hard chromium plating on steel	—	
11. IS : 2187—1982 Specification for wool socks (second revision)	IS : 2187—1973 Specification for socks, wool (worsted) (first revision)	—	
12. IS : 2480 (Part II)—1982 Specification for general purpose glass thermometers Part II Enclosed-scale thermometers (second revision)	IS : 2480—1973 Specification for solid stem general purpose glass thermometers (first revision)	Established on 1982-05-31	
13. *IS : 2548—1980 Specification for plastic water closet seats and covers (third revision)	IS : 2548—1967 Specification for plastic water-closet seats and covers (second revision)	Established on 1981-04-30 *For purposes of ISI Certification Marks Scheme; IS : 2548—1980 shall come into force with effect from 1982-02-01	
14. IS : 3441—1982 Specification for solvent extracted groundnut oilcake (meal) as livestock feed ingredient (first revision)	IS : 3441—1966 Specification for solvent extracted groundnut oilcake (meal) as livestock feed	—	
15. *IS : 3899—1981 Specification for zinc water dispersible powders (first revision)	IS : 3899—1966 Specification for zinc water dispersible powder	Established on 1981-10-31 *For purposes of ISI Certification Marks Scheme; IS : 3899—1981 shall come into force with effect from 1983-01-01	
16. IS : 3992—1982 Specification for trays, kidney (first revision)	IS : 3992—1967 Specification for trays, kidney	Established on 1982-05-31	
17. IS : 4410 (Part VII)—1982 Glossary of terms relating to river valley projects; Part VII Engineering geology (first revision)	IS : 4410 (Part VII)—1968 Glossary of terms relating to river valley projects; Part VII Engineering geology	—	
18. IS : 4763—1982 Specification for manganese ore for production of ferromanganese (first revision)	IS : 4763—1968 Specification for manganese ore for production of ferromanganese	—	
19. IS : 5000 (OD 34)—1981 Dimension of semiconductor devices device outline 34	—	Established on 1982-03-31	
20. IS : 5829—1982 Specification for sound, uterine (first revision)	IS : 5829—1970 Specification for sound, uterine	Established on 1982-05-31	
21. IS : 5834 (Part III)—1981 Specification for electrical timer relays for industrial purposes : Part III Electronic	—	Established on 1982-04-30	
22. IS : 5855—1982 Specification for coal cutting tools parrot beak, V- and FV faced tungsten carbide tipped (first revision)	IS : 5855—1970 Specification for coal cutting tools, parrot beak, V- and FV-faced tungsten carbide tipped	—	

(1)	(2)	(3)	(4)
23. IS : 6051(Part IV)—1981 Code of practice for construction of floor and roof with joists and filler blocks : Part IV with precast hollow clay block slab panels	—	—	—
24. IS : 6134(Part VII)—1981 Methods of measurement of electrical characteristics of microwave tubes : Part VII High-power Klystrons	—	—	Established on 1982-04-30
25. IS : 6217—1982 Specification for short link chain, grades (6), non calibrated for lifting purposes (first revision)	IS : 6217—1971 Specification for round steel link chain (electric butt welded), grade 63, non-calibrated for lifting purposes	—	Established on 1982-05-31
26. IS : 6293—1981 Nomenclature of the assembly tools for nuts and screws (first revision)	IS : 6293—1971 Nomenclature of the assembly tools for nuts and screws	—	—
27. IS : 6507—1982 Specification for sodium chromate, technical (first revision)	IS : 6507—1972 Specification for sodium chromate, technical	—	—
28. IS : 6906—1982 Requirements for colour fastness of handloom cotton textiles (first revision)	IS : 6906—1973 Requirements for colour fastness of handloom cotton textiles	—	—
29. IS : 7016 (Part I)—1982 Methods of test for coated and treated fabrics : Part I Determination of roll characteristics (first revision)	IS : 7016(Part I)—1973 Methods of test for coated and treat fabrics : Part I Determination of roll characteristics	—	—
30. IS : 7016 (Part III)—1981 Methods of test for coated and treated fabrics Part III Determination of tear strength (first revision)	IS : 7016(Part III)—1973 Methods of test for coated and treated fabrics Part III Determination of tear strength	—	Established on 1982-04-30
31. IS : 8218 (Part II)—1982 Safety code for plant railways : Part II Locomotives, wagons and their movement	—	—	—
32. IS : 8320—1982 General requirements and methods of tests of lead-acid storage batteries (first revision)	IS : 8320—1976 General requirements and methods of test for lead-acid storage batteries	—	—
33. IS : 8507 (Part III Sec 1)—1981 Specification for fixed, insulated, hermetically sealed tantalum capacitors with solid electrolyte : Part III Type FCST 2 Section 1 Polar	—	—	—
34. IS : 9000 (Part XV Sec 1 to 9)—1982 Basic environmental testing procedures for electronic and electrical items : Part XV Sealing Test	—	—	Established on 1982-05-31
35. IS : 9568 (Part III)—1982 Specification for metallic card clothing : Part III Wires for cylinder, doffer and licker-in	—	—	—
36. IS : 9883—1981 Photometric and colorimetric methods of measurement of the light emitted by a cathode ray tube screen	—	—	Established on 1982-04-30
37. IS : 9931—1981 Mercurimetric method for determination of chloride in inorganic chemicals	—	—	Established on 1982-04-30
38. IS : 9939—1981 Glossary of terms relating to agricultural tractors and power tillers	—	—	Established on 1982-04-30
39. IS : 9944—1981 Recommendations on safe working loads for natural and man-made fibre rope slings	—	—	Established on 1982-04-30

(1)	(2)	(3)	(4)
40.	IS : 9971—1981 Specification for lactic acid food grade	—	Established on 1982-04-30
41.	IS : 10008—1981 Specification for beater addition jointings	—	—
42.	IS : 10052 (Part I)—1982 Specification for electro-magnetic interference measuring apparatus and measurement methods : Part I Measuring apparatus in the frequency range 10 kHz to 1 kHz	IS : 6872—1972 Specification for radio interference measuring apparatus for the frequency range 0.15 MHz to 1000 MHz	Established on 1982-05-30
43.	IS : 10069—1982 Method of testing positive displacement pumps used in oil hydraulic systems	—	—
44.	IS : 10085—1982 Method for chemical analysis of zircon flour or sand	—	—
45.	IS : 10103—1982 Method of test for ferrule type couplings used in oilhydraulic systems	—	—
46.	IS : 10112—1982 Code of practice for the packaging of bonded abrasive products	—	—
47.	IS : 10122—1982 Methods of tests for crucible induction furnaces	—	—
48.	IS : 10124 (Part II)—1982 Specification for fabricated PVC fittings for potable water supplies : Part II Specific requirements for sockets	—	—
49.	IS : 10124 (Part III)—1982 Specification for fabricated PVC fittings for potable water supplies : Part III Specific requirements for straight reducers	—	—
50.	IS : 10124 (Part IV)—1982 Specification for fabricated PVC fittings for potable water supplies : Part IV Specific requirements for caps	—	—
51.	IS : 10124 (Part V)—1982 Specification for fabricated PVC fittings for potable water supplies : Part V Specific requirements for equal tees	—	—
52.	IS : 10130—1982 Specification for vulcanized vegetable oils (factice) for rubber industry	—	—
53.	IS : 10132—1982 Method of test for materials for use in the preparation of magnesium oxychloride flooring compositions	—	—
54.	IS : 10133—1982 Specification for glass bottles-dimensional relationships and tolerances	—	—
55.	IS : 10138 (Part I)—1982 Macroscopic methods for determination of non-metallic inclusion content in wrought steels : Part I Blue fracture test method	—	—
56.	IS : 10141—1982 Positive list of constituents of polyethylene in contact with food-stuffs, pharmaceuticals and drinking water	—	—
57.	IS : 10142—1982 Specification for styrene polymers for its safe use in contact with food stuffs, pharmaceuticals and drinking water	—	—
58.	IS : 10145—1982 Specification for bamboo supports for camouflaging equipment	—	—
59.	IS : 10146—1982 Specification for polyethylene for its safe use in contact with food-stuffs, pharmaceuticals and drinking water	—	—

(1)	(2)	(3)	(4)
60. IS : 10147—1982 Specification for undercoated sunflower oilcake as livestock feed ingredient	—	—	—
61. IS : 10148—1982 Positive list of constituents of polyvinyl chloride (PVC) and its copolymers in contact with foodstuffs, pharmaceuticals and drinking water	—	—	—
62. IS : 10149—1982 Positive list of constituents of styrene polymers in contact with foodstuffs, pharmaceutical and drinking water	—	—	—
63. IS : 10151—1982 Specification for polyvinyl chloride (PVC) and its copolymers for its safe use in contact with foodstuffs, pharmaceuticals and drinking water	—	—	—

Copies of these Indian Standards are available for sale with the Indian Standards Institution, Manak Bhawan, 9 Bahadurshah Zafar Marg, New Delhi, and also from its branch offices at Ahmedabad, Bombay, Bangalore, Bhopal, Bhubneshwar, Calcutta, Hyderabad, Jaipur, Kanpur, Madras, Mohali, Patna and Trivendrum.

MINISTRY OF LABOUR

New Delhi, the 4th June, 1985

S.O. 2842.—In pursuance of section 17 of the Industrial Disputes Act, 1947 (14 of 1947), the Central Government hereby publishes the award of the Industrial Tribunal, Hyderabad, as shown in the Annexure, in the industrial dispute between the employers in relation to the management of Messrs Singareni Collieries Company Limited, Ramagundam Division IV and their workmen, which was received by the Central Government on the 23rd May, 1985.

**BEFORE THE INDUSTRIAL TRIBUNAL (CENTRAL)
AT HYDERABAD**

PRESENT:

Sri J. Venugopala Rao, Industrial Tribunal
Industrial Dispute No. 67 of 1984

BETWEEN

The Workmen of Singareni Collieries Company Limited,
Ramagundam Division IV, P.O. Godavari Khani, District Karimnagar.

AND

The Management of M/s. Singareni Collieries Company Limited, Ramagundam Division IV, P.O. Godavari Khani, District Karimnagar.

APPEARANCES:

Sarvasri K. Srinivasa Murthy, N. K. Saigal and Kumari G. Sudha, Advocates—for the Management.

None present—for the workmen.

AWARD

The Government of India, Ministry of Labour, under Sections 7A and 10(1)(d) of the Industrial Disputes Act, 1947 by its Order No. L-22012/27/83-D. III(B)/D. II(B) dated 16th June, 1984 has referred to this Tribunal the following issued for adjudication in the industrial dispute between the workmen and the Management of Singareni Collieries Company Limited, Ramagundam Division IV, P.O. Godavari Khani, District Karimnagar.

“Whether the action of the management of M/s. Singareni Collieries Company Limited, Ramagundam Division IV, P.O. Godavari Khani, District Karimnagar (A.P.) is justified in removing the name of Shri Sidha Bhoomaiah S/o Narassiah, Lineman of Godavari Khan 8A Incline from their muster roll w.e.f. 28th August, 1981? If not, to what relief is the workman concerned entitled?”

This reference was registered as Industrial Dispute No. 67 of 1984 and notices were issued to both the parties.

2 Notice was given to the workman to file their claims statement by 5th November, 1984. On 5th November, 1984 no claims statement was filed and none represented before this Tribunal. Again an adjournment was given to 24th December, 1984. On that date also the workmen did not file their claims statement and called absent. Again it was posted to 17th January, 1985. On 17th January, 1985 both parties called absent. Again for filing claims statement it was adjourned to 11th February, 1985. On 11th February, 1985 workmen called absent and no claims statement was filed. Sarvashri K. Srinivasa Murthy, R. K. Saigal and Kumari G. Sudha filed vakalat for the Management. Time was extended to 4th March, 1985 for filing claims statement. Even on subsequent dates i.e. 4th March, 1985, 26th March, 1985, 12th April, 1985 and finally on 7th May, 1985 the workmen called absent and no claims statement was filed. In spite of giving several adjournments the workmen did not file claims statement nor present in person. I feel that the workman is not interested in contesting the case for the reasons best known to himself. Hence the reference is terminated and the relief prayed for by the workman is not entitled.

Award passed accordingly.

Dictated to the Stenographer, transcribed by him, and corrected by me and given under my hand and the seal of this Tribunal, this the 7th day of May, 1985.

17. Bhattu Somla
18. Aram Butchaiah
19. Chintha Narsiah
20. Bhanoth Laxma
21. Bhanoth Sandhya"

This reference was numbered as Industrial Dispute No.14 of 1982 and notices were issued to both the parties.

2. The workmen of Barium Chemicals Limited, Kothagudem raised an Industrial Dispute demanding for the reinstatement of 21 permanent workers of Shri Puram Barytes Mines whose services were terminated by the management. According to them the management of Barytes Chemicals Limited are principal employers of the workman working at Shri Puram Barytes Mines, Khammam District and the management dismissed 21 workers from the services with effect from 28th October, 1981 the names of the workers are mentioned in the reference. According to them they were kept under suspension by the Management on 12th August, 1981 on alleged acts of misbehaviour with some of the supervisory staff while they were on duty on 11th August, 1981. The Management also made a complaint to the Police on some of the workers on same charges. On 27th August, 1981 the domestic enquiry was fixed on charges levelled against the workman but the enquiry was not conducted in a fair and appropriate manner and the same was completed in an unfair manner. According to them the only statement of one worker by name Manna Venkateswarlu, tenth serial No. in the list was recorded by the Enquiry Officer and the 20 workers were made to affix thumb impression in the statement. The workers were never asked or allowed to produce witness or evidence in their support to defend themselves. It is further mentioned that Bathu Somla, Nonnavath Jamlh and Chintha Narsiah who are workers at S. No. 17, 18, 19 in the list who did not attend for the work on 11th August, 1981 were also suspended for alleged incident that took place. It is contended that the said charges made against the workers concocted fabricated and the same was done with mala fide intention to harass them. It is also contended that the same was vague and not based upon the Standing Orders in force. According to them the workers who were charge sheeted by Police on similar charges were all acquitted in a court of law in S.T.O. No. 230 of 1961 on the file of Judicial First Class Magistrate, Yellandu and the same is filed in this Court. According to them the Management failed

to furnish the report of the Enquiry Officer either to the dismissed workers or to the Union till now. Therefore it is prayed that all the 21 workers to be reinstated into service with payment of full back wages and other benefits till the date of their suspension and pass such other orders.

3. In the counter filed by the Management it is mentioned that the reference made by the Central Government is null and void and it is stated that no demand or disputes is raised on the Management by the dismissed workmen consequently there was no refusal on the part of the Management to entertain the same. The workman at Ramavaram of M/s. Barium Chemicals are covered by the state Acts and bound by separate Standing Orders whereas the workman at the Barytes Mines are covered under the Central Acts and are covered by different standing Orders. There is no Union capable of representing the Shri Puram Barytes Mines workers and these workers can be from any union. The Barium Chemicals Limited after careful scrutiny of workman submitted by the union existing in M/s. Barium Chemicals and particularly the present union i.e. Barium Chemicals staff and workers Union, the Deputy Labour Commissioner refused to entertain or allow the workers at Shri Puram Barytes to participate in the deliberation of the election. Thus it is submitted that this Tribunal cannot look into the claims statement filed by the said union who has no locus standi and in the absence of any claim statement filed by the individual workman of the said Mines it has to be deemed that no claim statement is before the Hon'ble Tribunal to entertain and adjudicate upon.

Arem Butchiaiah was instructed by his superior K. V. Appa Rao on 11-8-1981 to carry barytes in No. 1 quarry. But the said Arem Butchiaiah refused to carry out the work allotted in No. 1 quarry and insisted that he would do only crow bar work. Similarly maistry Aslam Venkataiah told the worker twice or thrice to do the work allotted to him but he refused to do the work allotted to him. Therefore Sri K. V. Appa Rao who is superior to him instructed the Clerk to mark the worker Arem Butchiaiah absent for the day. Then the worker challenged him. At that time K. V. Appa Rao sent a work for S. N. Rao, Mines Mate. He also told Arem Butchiaiah to carry out the instructions of Appa Rao and then left abruptly and thus workers gathered together and they beat Appa Rao and S. N. Rao hurling abuses in filthy language. All the workers struck work and the petitioners workers restrained K. V. Appa Rao and S. N. Rao not to move out of the mines for seeking medical aid. Thereupon K. V. Appa Rao and S. N. Rao gave complaint about the incident to the Management and charge sheets were issued basing on the complaint. The Management held a domestic enquiry into the charges and gave them all opportunity to defend themselves and S. Gopal was appointed as Enquiry Officer and during the enquiry only 8 workers were present and the remaining workers were absent and the Enquiry Officer gave his report finally on 4-9-1981 finding the petitioners guilty of the charges. Having regard to the gravity of the charges and also previous record taking all relevant circumstances these workers were dismissed from service from 28-10-1981.

5. Thus all the allegations made in the claims statement are denied, and thus 21 petitioner-workers were dismissed as they committed serious acts of misconduct. It is denied that the enquiry was not fair and proper. Infact the enquiry was conducted in a fair and proper manner so nearing to principles of natural justice. The statement that Battu Somla, Nannavatni Jamla and Chinta Narasian was not present on 11-8-1981 was misleading and false they were actually present, and their presence were also mentioned during the enquiry by the witnesses apart from their attendance being marked. Therefore the action taken by the Management is legal, valid bonafide and justified and it is a fit case where the Tribunal should not interfere and grant any relief to the workmen. In case for any reason the Tribunal comes to a conclusion that the order of dismissal is vitiated only some compensation may be granted. It is finally mentioned that the said establishment of the Respondent-Management was closed as a consequence of the expiry of the contract to raise material and the services of the said workmen stood terminated as the consequent of the closure of the said establishment on 5-9-81 and thus this reference become invalid and infructuous and no relief of any nature can be granted. It is frivolous and vexatious petition filed by the workers.

6. The Management examined four witnesses i.e. M.W.1 to M.W. 4 and Exs. M1 to M13 were marked while the workers examined W.W.1 to W.W.4 and marked Exs. W1 to W9.

7. M.W.1 is one S. Gopal who conducted the domestic enquiry in connection with the charge sheets dated 12-8-1981 as 21 workers of Garla Mines of Barium Chemicals. He marked Ex. M1 containing 21 charge sheets cum suspension orders. Ex. M2 is the enquiry proceedings. Ex. M3 is the notice or enquiry given to the workmen. Ex. M4 is evidence recorded by him during the enquiry and the documents received during the enquiry and also his report. According to him the workers were represented by their Vice President and Treasurer of the union and they were given all full opportunity to participate in the enquiry and cross examine the Management witnesses and produced their own evidence. He mentioned that on first day of enquiry 8 workers were present and 13 were absent and when he adjourned the enquiry to 27-8-1981 and sent intimation to those who were absent. According to him on 27-8-1981 except six workmen all others were present and on that day Vice President and Treasurer represented to him he can proceed with the enquiry in their absence. It is his case that he conducted against all the workmen. He marked Ex. M5 as the returned covered. According to him out of those 8 only one contain endorsement of 'refusal' and the other indicated that the addressee were out of station. He mentioned that the six workmen who were present Banu Chandiah, Banoth Lakshmodu, Banot Kasna, Nanavath Veerish, Bhuguth Pakariah and Barmavath Beganna. According to him he sent intimation of enquiry on that day to these six workmen by ordinary post. He denied the suggestion that the obtained acknowledgement of the workmen on blank papers. He denied the suggestion that the enquiry was not one as per the Standing Orders. He admitted that he did not send copy of the report to the workmen.

8. M.W.2 is one K. V. Appa Rao. He deposed that he is working in Vishwabharathi Mining Corporation as Mines Mate at Garla. According to him in July he was working at Barium Chemicals at Garla as Mines Mate. It is his case that on 11-8-1981. When he attended to duty after taking attendance at 8.00 a.m. he came to know at Quarry No. 2 where he saw three workmen R. M. Butchiaiah, Siddion Seethaiah and Buka Arjuna Seethaiah was having hammer in hand and the other two persons were having crow bars, he told one Butchiaiah that one person with a hammer and one person with crow bar is sufficient in the quarry and asked him to go to next quarry to do the work of removing material in baskets, and that Butchiaiah refused to carry out the instructions. Then he called Maistry A. Venkataiah to follow the instructions. Even after the said instructions of Maistry Venkataiah the said Butchiaiah refused to carry out the orders. It is his case that he reported the matter to superior Foreman Vijaya Kumar and even after Foreman instructions Butchiaiah refused to carry out the allotted work. Then it is his case that he called the Clerk and directed him to mark absent for Butchiaiah. At that time the other co-worker by name Panthuliah came abusing and caught hold of his neck questioned his authority to direct the clerk to mark absent for Butchiaiah and one Banoth Kasna and another caught hold of his hair and Buka Harsingh and Busmath Begina listed him. At that time one Narsimma Rao another Mate of the other quarry came to my rescue came and rescue him and also were beaten by Butchiaiah and Angot Bheema. According to him the remaining workers abused him in vulgar language and threatened him saying that they would see how long he will work there. It is his case that he and others were restrained on the road for about half-an-hour. He further mentioned that he worked upto September 1982 in Barium Chemicals and he was terminated from contract of the Barium Chemicals came to an end with him and all the workers working in the Mines were removed including the workers and the staff. According to him the workers at S. No. 10, 6, 9, 8, 4, 7, 5, 17, 12 given in the reference are working in Nadhavarah Mines and Bhukya Arjuna that gave resignation letter to the Company and Bhukya Arjuna is attending to his own cultivation. He mentioned that Bharoth sandhya is working at Singareni Collieries Company. He denied the suggestion that he had no power to ask the worker to go and work in other

quarry. He could not say which are those 16 workers in which all those four quarries were working. He mentioned that he could not know the names of all the workmen. He could not say whether the Attendance Registers is produced or not in the Court. According to him he instructed the Maistry Venkiah to make other to stop the work and take back the instruments which were given to them while leaving the quarry. He admitted that he gave Police complaint for the entire transactions expressed his ignorance about the result of the criminal case. He admitted that there is no visible injuries and he did not produce any documents to show the injuries. According to him the Barium Chemicals closed quarry on lease from Vishwabharathi Mining Corporation and after lease period they were returned to the Vishwabharathi Mining Corporation and the said Corporation continued all the other workmen except these 21 workmen in their service. Though he mentioned that he knew all the workers names etc., he could not say that he was aware whether these 21 workmen are leaders of the workmen. He conceded that these workmen are Lambadas and all these persons know Telugu and they are illiterates but he denied the suggestion that Management inverted the incident though it never took place to get rid of these 21 workmen. He mentioned that there is no separate union for Vishwabharathi Mining Corporation. He marked Ex. M6 as Attendance Register maintained for the workers from 1-5-1981 to December 1981. According to him on 11th, 12th, 13th and 14th August 1981 most of the workers did not turn up and so they were marked absent.

9. M. W3 is Maistry by name A. Venkiah of Barium Chemicals a Siriputnam Mines. According to him on 11-1-1981 when he went to the quarry No. 2 attended his duty there were three workers namely Bukya Arjuna, Siddiboin Seethaiah and Arem Butchiah then Mine Mate Appa Rao (M.W2) told Butchiah that two persons are sufficient at the quarry and asked Butchiah to go and work in other quarry. On the other hand Butchiah refused to carry out the instruction given by the Mines Mate Appa Rao by saying that he would not attend the work to go to the other Mines. But Appa Rao insisted that his instructions should be carried out. But Butchiah refused to go. According to him he advised Butchiah to go and work in the other quarry but Butchiah refused all his advice, thereupon he told the Mines Foreman that Butchiah was not going inspite of his advice and then Foreman also asked Butchiah to go and work in the other quarry as he refused. Foreman Vijaya Kumar told the clerk to mark Butchiah absent at that time V. Panthuliah came and caught the throat of Appa Rao using abusive language and Banoth Kosna caught the hair of Appa Rao and Burmayth Begina and Bukya Arising and Arem Butchiah beat him. It is his case that himself Vijaya Kumar and another extricated Appa Rao and Narsimha Rao and they took Appa Rao and Narsimha Rao to nearby shed. According to him after the incident of attack the quarry was closed and they were discharged by paying bonus due to them. It is his case that he left Barium Chemicals. He asserted that the Mines Mate allotted the work to Miners every day and the workers have to work as per the instructions of the Mines Mate. But in the cross examination he admitted that Appa Rao

came to the Mines as Mine Mate about a month prior to the incident. According to him at Quarry No. 1 there were 25 workmen at Quarry No. 3 they were 30 workers; at Quarry No. 4 they were 28 workers and in all quarries are close to each other and at Quarry 2 only two workers are allotted to do the work. According to him after the workers reached quarry the Mines Mate came and distribute them as per the requirement for each work. According to him he was at Quarry 3 which is at a distance of 10 feet from Quarry 2 and discussion took place for five to ten minutes between Arem Butchiah and Appa Rao and it was his duty to take the workers to their duty by the Maistry Venkiah. According to him the entire incident of beating of the two persons was over within half-an-hour. He admitted that majority workmen joined Vishwabharathi Mining Corporation as per their choice. According to him the Maistry and the workmen are having salary difference of Rs. 150.00. According to him he did not know the result of the case given to the Police at Yollandu Court. But he admitted that about 13 or 14 came to the quarry 2 when the discussions between Arem Butchiah and Appa Rao were taking place. He denied that the alleged incident is a connection.

10. M. W4 is one V. S. Rao who was working as Company Secretary of Barium Chemicals, Kothagudem. According to him the Barium Chemicals is raising contract for barytes Mines and the same belong to M/s. Vishwabharathi Mining Corporation. It is his case that M/s. Barium Chemicals entered into a lease agreement with Vishwabharathi Mining Corporation for raising barytes on 19-7-1974 and the lease agreement was originally entered for a period of 7 years but Mining lease granted by the Government to Vishwabharathi Mining Corporation expired on 5-9-82. Thus the lease agreement were accordingly renewed upto 5-9-1982. It is his case that after 5-9-1982 the lease agreement is over. He marked Ex. M7 as the copy of the letter received from the Vishwabharathi Mining Corporation informing the Barium Chemicals about the termination of the agreement. According to him they issued stoppage notice on 5-9-1982 and the workers working as on that date were advised that they should be paid their legal dues and the said notice is Ex. M8. He marked Exs. M9 register showing payment of gratuity and closure compensation to eligible employees. He could not say howmany were there engaged as worker at the time of closure of the Barium Chemicals in the Mines under Ex. M9. He would not say how many workers were there in the Mines in 1981-82. According to him the Mines Manager is the employee of the Barium Chemicals and the cheque is issued in the name of Vishwabharathi Mining Corporation by Barium Chemicals and it is for the Mines Manager to pay the salaries. According to him the Mine Manager controls the Mines workers and the said Mines Manager is appointed by the Barium Chemicals. He admitted that these 21 workers shown in the Annexure in the dispute were appointed by the Mines Manager for the Barium Chemicals Limited. He could not say whether the workers who worked in Barium Chemicals are now working in Vishwabharathi Mining Corporations. According to him the Manager of the Mines were handed over the Vishwabharathi Mining Corporation on 4-3-1983 as per Section 28 of

the Mineral Concession Rules. He denied that the Register Ex. M9 to falsify the payment to show that they are paid. He could not deny the suggestion that but for their termination these 21 workers would have continued in service by Vishwabharathi Mining Corporation. But admitted that they have continued till 5-9-1982. He admitted that no notice was given to them that their service would be terminated on 4-9-1982 one month in advance. He denied the suggestion that they have terminated these 21 workers without any reasonable cause. According to him they were getting the materials for the factory after the expiry of the contract in the open market. Ex. M11 is the letter received from Assistant Labour Commissioner (Central) returning the TR 61 Form and Ex. M12 is the reply given by him and Ex. M13 is the letter to which the Form TR 61. He admitted that he did not file any record to show that the Company purchased directly from Vishwabharathi Mining Corporation. He conceded that there was no written agreement since Licence Vishwabharathi Mining Corporation was not renewed by the Government for Mining and leasing. He denied that Exs. M11 to M13 were conveniently brought up to show that the Mining deposit is withdrawn but the amount is still not paid.

11. W.W. 1 is one Arem Butchiah. He deposed that he worked as Labourer in Barium Chemicals. According to him he was an illiterate person and he mentioned that he worked for four years. According to him on 11-8-1981 when he was working in the Mines. K. V. Appa Rao (M.W2) came and abused him in filthy language and directed his subordinate to mark him absent. Then his co-worker questioned him why he was doing like that. According to him they all said that they would report to their union. It is his case that he worked upto 4.00 p.m. as usual and after entrusting the implements they left to their houses. But Appa Rao left in the morning itself. According to him when he went on the next day to work in the Mines, the Management locked and closed the Mines and four days later they informed that there was enquiry but no enquiry was conducted. He also deposed that a criminal complaint against him and the case went on for three months and finally he was acquitted. He marked the certified copy of the judgement as Ex.W1. According to him the Management did not furnish documents regarding the domestic enquiry. He marked Exs. W2, W3 and W4 as the correspondence between the Management and the Workmen. He asserted that M.Ws. 1 and 3 Vijaya Kumar and Ram Mohan Rao were still working in the same Mines. It is his case that he should be reinstated. He denied the suggestion that K. V. Appa Rao instructed him to carry the barytes in iron basket and that he was having a crowbar and hammer and attending to digging. He also denied that he disobeyed the orders and lawful instructions of Mate Appa Rao. He also denied thereupon Vijaya Kumar, Narasimha and Venkaiah and wanted him to obey the instructions. He also denied that 21 workers involved in this case of abuses and attacking K. V. Appa Rao and Narasimha. He also denied that he wrongfully confined Appa Rao for some time and he was allowed to go later. According to him they left in the morning itself after abusing him and they set up a false version and foisted a case. He also mentioned that he never at-

tended the domestic enquiry conducted by C. Gopal. He denied the thumb impression on Ex. M2 at page 2 of the domestic enquiry and witness having denied attended the same. He also denied that he was appointed in the Madhavaram Mines belonging to the Central Government. According to him K. George and denied one Ramchandra Reddy and Benjamin represented their union in the enquiry.

12. W.W. 2 is one Bottu Somla. He deposed that he was working as Mine worker in the year 1974 in Siripuram Barytes owned by Barium Chemicals. He deposed that he did not attend the duty on 11-8-1981, but he attended the Mines on 12-8-1981, 13-8-1981 and 14-8-1981. They did not entrust him with any work ultimately he was informed that the Mine was closed. He mentioned that he attended the so called domestic enquiry on 19-9-1981. He was present till 4.00 p.m. but no enquiry was held. According to him that day the Management people handed over six workers to the Police and asked them to be produced in the Court. He mentioned that the Committee Member of their union he was removed as one among the 21 workers on the ground that he wanted reinstatement and back wages. He denied that he was present and participated in the obstruction action done by other workers. According to him the Management planned such a version and he was not present in the so called incident took place on 11-8-1981. According to him Ex. M6 is Attendance Register is brought up register by the Management. He denied having attended the enquiry on 27-8-1981 and denied his thumb impression on Serial No. 10 of Ex. M4. According to him the Management took some thumb impressions on white paper from employees stating that they would be paying bonus. According to him B. Pantullaiah was the Vice President. He denied that Ramachandra Reddy and Benjamin signed Ex. M4 as their representatives. He denied the incident of beating.

13. W. W3 is one M Venkateswarlu who was a worker in Siripuram Barytes of the Respondent Barium Chemicals. According to him on 11-8-1981 after attendance given to him he was asked to go to Road Works below the hillock and he went there by 8.00 a.m. by taking his implements. It is his case that he came to know of the alleged incident when he came there and handed over the implements. According to him he went to attend duties on 12-8-1981, 13-8-1981 and 14-8-1981 but the Management did not allow him any work. According to him the enquiry was held with reference to him at Garla. But he was not given any job and he is the member of the union and he sought for reinstatement with back wages. He denies the suggestion that W.W.1 came to him and told him to obstruct the Management's officers. He denied that he participated in the enquiry on 27-8-1981. He denied having participated in an alleged incident as sought to be put up by the Management. He also denied that Appa Rao, Mine Mate entrusted some job to W.W.1 and that he refused to do it.

14. W.W.4 is the General Secretary of the Barium Chemicals Staff and Workers union by name K. George. According to his their union raised this dispute for reinstatement of terminated workers. He deposed that the Mines are under the control of

Barium Chemicals factory and Mines produced raw materials and the same will be used in the factory. According to him the Barium Chemicals Management handle day to day affairs of the Mines. He marked Ex. W5 Directors Report and Statement of Account for the year ending September 1981. According to him there is no separate account for the Mines and the factory. The worker of the Mines are paid from the factory account as borne out by Ex. W5 at page 22 and marked as Ex. W6. He also marked Exs. W7 and W8 as the Directors Report and Statement of Account in this connection to show that the workers are paid from the Factory's account. According to him Barium Chemicals factory management is running the Mines. He also mentioned that the Management did not raise any objection for his union or himself to participate conciliation meeting or any other meeting at any time. He filed Ex. W3, W4 and W5 copies of the correspondence which the union had with the Management. He also mentioned that he filed the claims statement on behalf of the workmen and prayed for reinstatement of workmen with back wages and other benefits. According to him the Mines are 70 Kilometers away from the office of the factory and another union is existing in the factory that union which is having some number of workers, and wanted the Deputy Commissioner of Trade Unions elicited for my consent for this point and he agreed for such verification as he was quite sure even by excluding the workers of the factory, the Union will get majority. For both workers of the factory and Mines as he had majority. According to him the workers in the Mines are also members of their union and record Trade Union Act is available to show that they are members of their union and he denied the suggestion that the factory is having separate Standing Orders and the Mines are having separate Standing Orders. He also denied the suggestion that Barium Chemicals Staff and Workers Union has no control over the workers working in the Mines and they are not members of his union. He also mentioned that it was incorrect to state that Vishwabharathi Mining Corporation has got lease hold rights over the Mines and the Barium Chemicals Factory is only a raising contractor. He deposes that Barium Chemicals is principal employer and he denied that the contract of the Company with the Vishwabharathi Mining Corporation came to and end on 4-9-1982. According to him whatever the Vishwabharathi Mining Corporation and the Barium Chemicals filed to show of is only an internal matter between them but the workers are same and the staff are same and all are working in the same Company. He denied that Barium Chemicals terminated the services of all the persons working in the Mines consequent upon the expiry of the lease agreement to explosure the Mines.

15. Now the question to be seen is whether the Management of Siripuram Barytes Mines of M/s. Barium Chemicals Limited is justified in terminating the 21 workers mentioned in the annexure with effect from 28-10-1981 or not?

16. At the outset it is borne in mind that my predecessor in office Sri M. Srinivasa Rao by his order dt. 7-2-1984 held on the preliminary issue regarding the validity of the domestic enquiry and held that the said enquiry was hustled and closed

without giving sufficient time to ponder over the documents produced by the Management and to formulate their defence and thus the domestic enquiry in the case was vitiated and invalid and cannot afford a ground for Management to effect dismissal orders. He gave the Management opportunity to produce evidence and establish their case against the workers before the Tribunal. Thereafter words (originally M.W1 was examined and Ex. M1 to M5 were marked at the time of preliminary issue) M.W2 and other witnesses and other documents were marked to substantiate the managements cases. Infact by an order in M.P. No. 38 of 1985 on 22-2-1985 the Management was given another opportunity to examine two more witnesses as rebuttal evidence and they were also examined.

17. The admitted facts are that these 21 workers were employed by Barium Chemicals Limited as labourers. The Management kept them under suspension from 12-8-1981 and ultimately dismissed them from service with effect from 28-10-1981. The suspension orders for 21 workers are marked as Ex. M1 and enquiry proceedings from 12-8-1981 said to be conducted by M.W1 are marked as Ex. M2. The enquiry report and enquiry notices are marked as Ex. M3 and M4. The unserved notices returned cover without service of the same to the workers is marked as Ex. M5 except one cover others were returned as there were not found and only one of them was refused as per the endorsement. In para 6 of the order my predecessor on preliminary issue with reference to the validity of the domestic enquiry, it was held that the Enquiry Officer did not follow the required procedure and that the enquiry against four workers namely at serial No. 1, 7, 20 and 21 of the reference was done behind their back and that the enquiry against 15 workers also was done improperly and thus the same was held to be bad. With reference to the other two workmen he mentioned that they were present on 27-8-1981 and there were no representation on their behalf and the enquiry held on 27-8-1981 was done behind their back and thus invalid.

18. The Managements counsel Sri A. Krishna Murthy and Nageshwar Shree raised an objection that the establishment of the Respondent Management was closed consequent on the expiry of their contract the wage material and the service of the said workmen stood terminated as consequent of the said closure of the establishment from 5-9-1981 and therefore this reference has become invalid or infructuous and no relief should be granted. Actually M.W4 is the Secretary of Barium Chemicals Limited on oath deposed that the Mines lease is granted by the Government to Vishwabharathi Mining Corporation expired on 5-9-1982 and the Barium Chemicals entered into a lease agreement with Vishwabharathi Mining Corporation for raising barytes on 19-7-1974 and the lease agreement was originally for seven years and thus after 5-9-1982 the lease agreement is over. In this connection he filed Ex. M7. Ex. M7 would show that one Valluri Kesava Rao who is the Managing Partner of Vishwabharathi Mining Corporation wrote to the Power of Attorney Holder of Visva Bharathi Mining Corporation that the raising contract between Vishva Bharathi Mining Corporation and the Barium

Chemicals Limited was terminated on 18-7-1982 and the said Mining lease period is going to expire on 5-9-1982 and thus it was informed that if the operations are continued without the consent or knowledge they will be hauled up for all legal consequences and a copy was said to be marked to Mines Manager not to carry out Mining operations from 5th September onwards. Consequently the Chief Executive and Power of Attorney for the Barium Chemicals is said to have written on 4th September, 1982 one day before the expiry of the lease agreement that all the workmen were directed to stop operations due to non-renewal arrangement with the Vishva Bharathi Mining Corporation and their services were terminated with effect from evening of 4th September 1982, and they will be paid legal dues if any. In this context they relied upon the Register showing the payment of gratuity and closure compensation under Ex. M9. M.W4 also filed Ex. M10 to show that Bathu Somal (W.W. 2) was suspended from the Mines from 12-8-1981 and that he was present on 11-8-1981 and he was involved in the alleged incident. Having been present on the morning of 11-8-1981 of course it is the case of the workers as well as W.W. 2 that he never attended the work on 11-8-1981 and that the alleged incident is foisted upon him. Ex. M11, M12 and M13 are the letters filed by the Management through M.W4 after recalling him on 11-3-1985. His evidence was closed on 12-12-1984. But three months later he was recalled and Exs. M11 to M13 were marked to show that Barium Chemicals were asked to return TR 61 Form for getting the signatures properly affixed and they were also returned after affixing the proper stamps and signatures to the Assistant Commissioner of Labour under Ex. M12 and the Management also wrote back to the Assistant Labour Commissioner that the forms return after duly signing under Ex. M13. From this it is argued that the Management of Barium Chemicals closed the establishment after the expiry of the contract and the security amount was also refunded to the factory and that the contract of raising barytes expired and therefore the establishment ceased to be functioning from 5-9-1982 it amounted as a matter of fact thus the reference is invalid and infructuous. On the other hand the Workers counsel Sri Sunderayya contended that the workers were working in the Mines and there is no change of Management and these Exs. M11 to M13 are subsequently manipulated it contended that Exs. M7 to M9 are not admissible and similarly Ex. M10 was subsequently manipulated and Exs. M11 to M13 are not looked into as they were fabricated documents. A careful perusal of these would show that the Management did not file any documents to show that they were purchasing barytes from Vishva Bharathi Mining Corporation and two other. Ex. M7 is also incomplete and it did not indicate that the contract ceased to be in operation from 5-9-1982. Ex. M11 is 19-3-1984. If the said document is available with the Management of Exs. M12 and M13 are genuine the authorities concerned should have been examined and these documents should have been filed earlier. Moreover for the first time this plea of terminating the mining lease agreement was taken after the trial is almost complete. The Management filed a counter after the claims statement is filed. They did not whisper in their counter that M/s. Vishva Bharathi Min-

ing Corporation had terminated the lease agreement. The Management also tried to amend their counter. The Management did not follow the mandatory provisions of Section 25F, 25FF and 25FF(a) and 25FFF of the I.D. Act. It is astonishing without following the mandatory provisions of the I.D. Act how the management is permitted either to close or transfer the management. It is said that the Barium Chemicals stopped the mining operation from 5-9-1982 for the first time when M.W4 was examined and tried to file documents with reference to the same three months later when he was reexamined on 11-3-1985. On the other hand as per Ex. W5, W6, W7 and W8 which the Barium Chemicals Directors Report, the Management of Barium Chemicals are still managing day today affairs of this Company. In page 6 of Ex. W6 it is said that purchasing department is purchasing stores on the basis of suppliers and quotations maintained except in the case of emergency as approved by the Chief Executive of works Manager. Further the raw materials namely barytes are raised from quarries by the Company and coal larger size are purchased from the Public Sector undertakings. As per Exs. W8 and W9 at pages 23 and 3 it is mentioned that the Barytes Mining lease Carla lapsed in September 1982 and steps were taken for renewal of the lease and that they filed a petition in the High Court to allow Vishva Bharathi Mining Corporation to continue the operations and High Court of Andhra Pradesh allowed the petition and their arrangement with Vishva Bharathi Mining Corporation continued. So the Directors Report for 1981-82 would show that the mining lease though would lapsed by September, 1982 steps were taken to continue the same and allegation that the establishment of the Respondent was closed consequent to the expiry of their contracts to raise barytes by 5-9-1982 is not correct. Even the notes for mining the part of Barium Chemicals statement account ending upto September, 1982 would show that the salaries of the employees were paid by Barium Chemicals and Vishva Bharathi Mining Corporation had nothing to do with the same. Thus it is clearly established that the management of Barium Chemicals are still managing the affairs of the company and so called closure of the factory and termination of the workers consequent to the closure of the establishment from 5-9-1982 are misconceived and they are only shown on paper subsequent to the evidence for better reasons known to the Management. So the managements contention that they were purchasing majority quantity of their barytes by arrangement with Vishva Bharathi Mining Corporation are not at all established none of the officials asked the Managing Director of the Vishva Bharathi Mining Corporation were examined to prove the documents Ex. M11 to M13 and there is no oral evidence also adduced from them. Further M.W4 constituted that they had no written arrangement or agreement with Vishva Bharathi Mining Corporation to show that Barium Chemicals is purchasing directly from Vishva Bharathi Mining Corporation. Moreover the so called termination order Ex. M8 would show that they came to know that the mining operation would be stopped from 5th September 1982 and therefore the termination order was issued on 4th September, 1982 under Section 25F and 25FF and that other provisions of the I. D. Act, the Man-

agement is bound to give one months notice in writing indicating the reasons for retrenchment there must be evidence to show that after the expiry of the notice the workmen had been paid in lieu of such notice and also there must be evidence that compensation was paid. First of all Ex. M11 to M13 did not indicate that it is pertaining to these workers and Ex. M8 is bad in law and the so called assertion that he will be paid legal dues if any on or about 15th September, 1982 are misconceived and no documents are filed to prove the same. Further Ex. M9 which is said to be issued by the Vishva Bharathi Mining Corporation which is dated 14th August 1982 is not true and the Managing Partner V. Kesava Rao is not examined before the Tribunal to prove the same. On the other hand the report under Ex. W9 would show the High Court of Andhra Pradesh allowed the petition and steps to renew the mining lease at Garla were taken and the Garla Mines was under operation upto March 1983 as per permissible under the Mines and Mineral Concession Rules and finally they were allowed to continue the operations also. Thus the so called averment in the counter that the establishment was closed on 5-9-1982 and the workers were terminated on 5-9-1982. Therefore the petition should be dismissed in limini as the reference is invalid and infructuous is not correct. On the other hand Ex. M7, M8 and M11 to M13 which are not proved and which are not genuine and the same is not based on correct facts in the light of Exs. W5 to W8. Further there is no evidence filed by the Barium Chemicals to show that the management is transferred to the management of Vishva Bharathi Mining Corporation. The Management did not prefer to examine any officials of Vishva Bharathi Mining Corporation in this regard. Exs. M8 and M9 are also not valid and they appear to be not genuine documents. It is admitted there were 100 workers and so called benefits if any as shown under Ex. M8 and M9 were given only to very few people. When the provisions of law under Sections 25F, 25FF, 25FF(a) and 25FFF of the I. D. Act are not followed, it cannot be said that the Management is permitted to either to close or transfer, the Management to another validly in the light of the mandatory provisions of the I.D. Act. Thus the preliminary objection, if any by the Management is rejected as untenable and I hold that the reference is properly made and the same is maintainable. Even M.W4 conceded that those 21 workers would have been continued in service till 5-9-1982 but for the misconduct. He also conceded that no notice was given to the workmen stating that their services would be terminated on 4-9-1982 i.e. one month in advance so as to come into effect the termination order from 5-9-1982. So it is not correct to say that 21 workers mentioned in this dispute were removed after giving reasonable and fair opportunity as per the procedure. Though the Management tried to say that they were procuring barytes from open market from Cuddapah and Kholapur Mines and other places. No document is filed to prove the same. Further the evidence of M.W4 would show that all the workers who worked in Barium Chemicals are working even now even after the alleged transfer to the management of Vishva Bharathi Mining Corporation on 4-3-1983. M.W4 conceded that the Mines Manager who is appointed by the Barium Chemicals is controlling

the workers of the Mines and the 21 workers who are shown in the annexure with reference to the dispute were appointed by the Mines Manager for the Barium Chemicals Limited. The so called agreement i.e. entered into between the Barium Chemicals Limited and Vishva Bharathi Mining Corporation with reference to the raising of barytes is not filed. In the said context the suggestion of the workers that the Vishva Bharathi has nothing to do with day to day carrying on mining operation seems to be proper and correct. Moreover for 1981-82 100 employees working in the Mines are paid salaries of the Mines Manager who is controlling authority working under the Barium Chemicals. When Mine Manager is employed of the Barium Chemicals and Mines Manager is also at the work spot simply because the cheque is issued in the name of Vishva Bharathi Mining Corporation by Barium Chemicals it cannot be said that the transfer of management is effected. The relevant point to be seen is whether any work was stopped on the ground that the termination of the agreement is mentioned under Ex. M7 there is no indication by any tangible evidence that the work was terminated and the workers changed their loyalty from Barium Chemicals to Vishva Bharathi Mining Corporation.

19. Thus the legal point urged by the Management that the reference is bad and it is infructuous is held to be not correct and the same is held in favour of the workers.

20. After this Tribunal held that the domestic enquiry was hustled and closed without giving sufficient time to ponder over the documents produced by the management and the said domestic enquiry was vitiated and invalid the Management adduced evidence by examining three more witnesses and also marked Ex. M6 to M13. The workers on the other hand examined W.W1 to W.W4 and marked Exs. W1 to W9. Incidentally the judgment of the criminal case in S.T.C. No. 230/81, dt. 15-12-1981 on the file of the First Class Magistrate, Yellandu Court is filed before this Tribunal. It would show that the person W.W1 and five others were shown as accused on a charge sheet filed by S.H.O. Garla against the accused in Cr. No. 124/81 under Section 290 and 323 I.P.C. alleging that on 11-8-1981 at about 8.15 a.m. the labourers who were working in Siripuram Mines and one Appa Rao (M.W2) Supervisor and one S. Narsimlu Rao Mine Mate had quarrelled in connection with the discharge of their duties and that W.W1 refused to carry the directions of the said Management witness and other beat them and abused them in filthy language. When the strike file was before the Judicial First Class Magistrate, the learned Magistrate was pleased to acquit all the accused as not guilty of any offence under Section 290 and 323 I.P.C. It is admitted now that what M.Ws. 1, 2 and 3 reported as an incident that took place on 11-8-1981 is the same incident against the same accused at the same time at the same place and the case was registered as Police case and the charge sheet was allowed and thorough trial took place resulting in clear acquittal. Now the evidence of M.W2 that he did not know what happened to the result of the criminal case. He admitted that he and two others were examined in the criminal case. In other words he is not prepared to say that the matter is ended in acquittal. M.W3 mentions

that he was working in quarry 3 which is at a distance of 10 feet from Quarry 2 and that discussion took place for 5 to 10 minutes and he was a maistry for the quarry of W.W1 also. According to him the entire incident of beating of two persons were over within half-an-hour. Evidently MW3 was at quarry 3 when the incident took place and he was not examined as an eye-witness for the incident in the criminal case as could be seen under Ex. W1. According to the evidence of M.W1 S. Gopal he was not examined before the Criminal Court. He is the Enquiry Officer for the domestic enquiry. My predecessor in office held that the domestic enquiry is not held properly and is vitiated. The postal receipts for sending notices by the registered post to the workmen are not produced. Infact the refused covers containing these notices and one returned by the sender are available in the records. Ex. M5 shows the same. So when the notice are not properly served and my predecessor has already dealt on this aspect and subsequent when no further evidence is adduced to show that the management has done all that is within their capacity to see that the enquiry was done bonafide in fair and reasonable manner by giving opportunity to the affected parties, it cannot be said that the enquiry was held properly. M.W2 and M.W3 are the two witnesses who are examined to show about the alleged incident proper. Though M.W3 deposed that Arem Butchiaiah Chedon Seethaiah and Bhukya Arjun were present and Seethaiah was having hammer in hand and other two persons were having crow bars and at the time M.W3 came when Butchiaiah refused to work, it is surprising that these three persons were not shown as accused in S.T.C. 230/81 on the file of the First Class Magistrate. According to M.W2 and M.W3 one Panthulaiah came and caught hold of M.W2 and others fisted him. This aspect of the case was dealt within a criminal Court and after fair and full trial the matter ended in acquittal. The same is marked as Ex. W1. Thus the alleged incident as coined by the management is disbelieved by the Criminal Court of full trial and after giving opportunity to all parties concerned no criminal appeal is preferred against the said judgement. The management is said to have conducted a departmental or domestic enquiry and the said is set aside by my predecessor holding that the same is vitiated for not conducting it properly. Subsequently the evidence of M.W2 and M.W3 who are said to be eye-witnesses did not enhance the case that the domestic enquiry said to be conducted are resulting in quashing the said domestic enquiry is improper. M.W3 is not a witness examined in S.T.C. No. 230/81. P.W2 in S.T.C. 230/81 therein S. Narasimha Rao is not examined before this Tribunal. Thus on the sole evidence of M.W2 K.V. Appa Rao it cannot be said that the alleged incident is fairly and properly proved against any worker of the 21 workers or for that matter against all the workers resulting in suspension and termination. Thus the entire domestic enquiry is perverse and the same is manipulated for the best reasons known to the Management.

21. The learned counsel for the workers also contended that the domestic enquiry is not based upon the sole principles of law and the same is done against the principles of natural justice and there is no fair and reasonable opportunity given to them. He relied upon the decision reported in *State of Mysore v. Shivabasappa Shivappa* (1964) (1) LLJ page 24; *State Bank of India v. R. K. Jain* (1971)

(11) LLJ, page 599; *Ramballav v. Utkal University* (AIR 1969 Orissa, page 89; *Central Bank of India v. Karunanoy* (AIR 1968 S. C. page 266) and *A. K. Karaipak v. Union of India* (AIR 1970 S. C. 150) and contended that when the Enquiry Officer did not examine any witness in support of his charge and when the work did not receive any notice about the date of enquiry and when some of the workmen received notice only on the date of enquiry, the nature of enquiry should be held that the same is against the principles of natural justice and fair play. In the light of the said decision, he also mentioned that the principles of natural justice may be that every person whose civil rights are affected must be given reasonable notice and the persons affected must have reasonable opportunity of being heard and the enquiry authority must act in good faith and not arbitrary or of the guiding principles were not followed as laid down in the decisions. Further in this matter no specific charges were framed against the workers. All victimised workers were served stereo typed charges and no witnesses were examined in their presence and no fair opportunity to cross examine them was given. Moreover the Enquiry Officer did not based upon the evidence.

22. When the Enquiry Officer failed to give notice before starting disciplinary proceedings against the workmen, it must be held that the workman was not given adequate opportunity to rebut the charge and to defend himself. Moreover, in a case like this where Civil rights involve including the right to employment, the opportunity must be given to be heard and said opportunity must be reasonable. In other words, the workmen should have the opportunity to deny the guilt and to establish innocence and also defend himself by examining himself and his witnesses and to make representation against the proposed punishment. When looked from these guidelines given in Supreme Court in all these citations when the authority after holding a preliminary enquiry did not decide that existed a case for further investigation against the workmen for taking disciplinary action, it must be held that the procedure laid down is not followed. In this matter several workmen were not attempted to serve on the date of enquiry as procedure laid down to several registered covers were returned unserved yet the Management did not follow the procedure laid down in cases cited above. Thus on a careful scrutiny of the evidence before the Tribunal, it is held that the domestic enquiry is vitiated from any angle and the same did not give fair and reasonable opportunity to the workmen and further the said incident is held to be a stage managed one by a criminal court which conducted a far trial of the said proceeding against which no appeal was preferred by the Management. I therefore hold that all these 21 workmen cannot be terminated and that the management is bound to reinstate them with full back wages and other attendant benefits.

23. Hence the Managements action in dismissing the workmen mentioned in the Annexure from service with effect from 28-10-1981 must be held to be irregular and illegal and the same was contrary to the principles of natural justice and all these workmen are entitled to be reinstated with back wages and other attendant benefits. Reference is answered accordingly.

Award passed.

Dictated to the Stenographer, transcribed by him, corrected by me and given under my hand and the seal of this Tribunal, this the 7th day of May, 1985.

INDUSTRIAL TRIBUNAL

नई दिल्ली, 12 जून, 1985

का. प्रा. 2844।—औद्योगिक विवाद अधिनियम 1947 (1947 का 14) के धारा 17 के अनुसरण में, केन्द्रिय सरकार इनगना अरन मैनेज ज माईन आफ मैनेज और (इंडिया) लि. के प्रबंधन में सम्बद्ध नियोजकों और उनके कर्मचारों के बीच अनुबंध में निहित औद्योगिक विवाद में औद्योगिक अधिकरण भुवनेश्वर के पंचाट को प्रकाशित करता है, जो केन्द्रिय सरकार को 27 मई, 1985 को प्राप्त हुआ था।

New Delhi, the 12th June, 1985

S.O. 2844.—In pursuance of section 17 of the Industrial Disputes Act, 1947 (14 of 1947), the Central Government hereby publishes the award of the Industrial Tribunal, Bhubaneswar, as shown in the Annexure, in the industrial dispute between the employers in relation to the management of Inganijharan Manganese Mines of Manganese Ore (India) Ltd. and their workmen, which was received by the Central Government on the 27th May, 1985.

**INDUSTRIAL TRIBUNAL, ORISSA,
BHUBANESWAR**

PRESENT :

Shri K. C. Rath, B. L., Presiding Officer, Industrial Tribunal, Orissa, Bhubaneswar.

Industrial Dispute Case No. 10 of 1984 (Central)

Dated Bhubaneswar, the 18th May, 1985

BETWEEN

The employers in relation to the management of Inganijharan Manganese Mines of Manganese Ore (India Ltd. First-party.

AND

Their workmen

Second-party.

APPEARANCES :

Shri V.R. Sengupta,—For the first-party Assistant personnel Officer.

Shri P. K. Choudhary, General Secretary, MOIL Mazdoor Sangh, Inganijharan Mine. For the second-party.

AWARD

Dispute referred to by the Central Government for adjudication under Section 7-A and Clause (d) of Sub-section (1) of Section 10 of the Industrial Disputes Act, 1947, vide Notification No. L-27012/3/83. D.III (B) dated 21-5-1984 of the Department of Labour runs thus:

“Whether the action of the management of Inganijharan Manganese Mines of Manganese Ore (India) Ltd. in terminating the services of Shri Sanika Lohar, a piece rated worker, with effect from 29-5-83 is justified? If not, to what relief is the workman concerned entitled?”

2. On 17-5-1985, both the parties filed a joint petition along with a Memorandum of settlement in Form ‘H’ with a prayer to pass an Award in terms of the settlement. They admitted the terms of the settlement before me and stated that they entered into the settlement amicably out of respect for the interests of industrial peace and harmony. The settlement appears to be fair. Hence I pass this Award in terms of the settlement, and the Memorandum of Settlement do form part of the Award.

K. C. RATH, Presiding Officer,
[No. L-27012 (3)/83-D. III(B)]

FORM-H

Memorandum of Settlement Arrived at Between the Management of Manganese ore (India) Limited Nagpur and the workman working in the Inganijharan Mine in Orissa Represented by Moil Mazdoor Sangh Inganijharan Mine

NAMES OF THE PARTY

1. Representative of the Employer.—Shri V.R. Sengupta Asstt. Personnel Officer.

2. Representative of the workman.—Shri P. K. Choudhary General Secretary MOIL Mazdoor Sangh Inganijharan Mine.

SHORT RECITAL OF THE CASE

Shri Sanika Lohar was employed as a Piece Rated Unskilled worker at Inganijharan Mine of MOIL w.e.f. 21-5-77.

Sometime in the year of 1983, the management subjected this workman for a medical examination on the plea that he was deaf and dumb and therefore not fit to work at the mine. The Dean, Medical College, Nagpur, declared him unfit for continuing in employment at the Mines. Accordingly, he was discharged from service w.e.f. 29-5-83.

Aggrieved on the decision of the management, the MOIL Mazdoor Sangh, Inganijharan Mine raised an industrial dispute with the Asst. Labour Commissioner (Central) Rourkela and the conciliation ended in failure. On receipt of the Conciliation Officer's report, the Central Govt. made reference for adjudication by the Tribunal, Bhubaneswar.

During the pendency of the case, the parties entered into mutual negotiations and arrived at the following settlement :

TERMS OF SETTLEMENT

1. It is agreed by the parties that Inganijharan Mine is being closed and there will be no need for any worker including Shri Sanika Lohar. Under the circumstances Shri Sanika Lohar was not entitled for reinstatement.

2. That the workman was found medically unfit by the Dean, Medical College, Nagpur who issued a certificate that the workman is deaf and dumb hence such person cannot be employed at the mines.

3. That management agrees to pay Rs. 2000 to Shri Sanika Lohar as an ex-gratia payment who put in only six years of service with the Company. The union agreed that the payment of Rs. 2000 to the workman is for full and final settlement of the claims of the union.

4. That union also agrees that in view of this settlement the union gives up the claim for back wages and reinstatement.

5. The union agrees that after this settlement, they will have no claim whatsoever against the management of MOIL. This settlement settles fully and completely all the disputes between the parties.

S.O. 2845.—In pursuance of section 17 of the Industrial Disputes Act, 1947 (14 of 1947), the Central Government hereby publishes the following award of the Central Government Industrial Tribunal, Chandigarh, in the industrial dispute between the employers in relation to the management of Salal Hydro Electric Project and their workmen, which, was received by the Central Government on the 29th May, 1985.

BEFORE SHRI I P. VASHISTH PRESIDING OFFICER, CENTRAL GOVERNMENT INDUSTRIAL TRIBUNAL, CHANDIGARH.

Case No. ID 147/83

PARTIES :

Employers in relation to the Management of Salal Hydro Electric Project Reasi, Jyotipuram.

AND

Their Workman—Shri Ved Parkash Aiary.

APPEARANCES :

For the Employers : S. Shri J. N. Kochhar and C. K. Aggarwal.

For the Workman : Shri H. N. Biswas.

INDUSTRY : Salal Hydro-Electric Project STATE —J&K.

AWARD

Dated the 23rd of May, 1985.

The Central Govt., Ministry of Labour, in exercise of the powers conferred on them under Section 10(1) (d) of the Industrial Disputes Act, per their order No. L-42012(67)/82DII(D) dated the 30th of November 1983 referred the following Industrial dispute to this Tribunal for adjudication:—

“Whether the management of Salal Hydro Electric Project Ministry of Energy are justified in refusing to give continuity of service to Shri Ved Parkash Aiary w.e.f. 22-9-1964? If not, to what relief is Shri Aiary entitled to?”

2. Brief facts of the case, according to the petitioner, are that he was appointed in the workcharge cadre of employees at the Technical Training Centre Nangal Township (hereinafter referred to as TFC) under the over all control of Central Water and Power Commission (Govt. of India) w.e.f. 22-9-1964 and worked there till 28-2-74 when he was transferred to Salal Hydro Electric Project Jyotipuram, (hereinafter referred as the Salal Project) he joined there on 1-3-74 and is uninterruptedly working up to date. It was averred that both the Central Water and Power Commission as well as Salal Hydro Electric Project

were subordinate departments of the Govt. of India, Ministry of Energy (Department of Power) till 31-3-1983 when all the employees working at the later project were transferred to the control of National Hydro Electric Power Corporation (a Govt. of India Enterprise).

3. The petitioner pleaded that under the provisions of C.P.W.D. Manual Vol. III (item J) 21.0.2 per heading “Absorption of surplus workcharge staff of one unit to another” which was applicable to the Salal Project it was incumbent upon Management to allow him to count his entire service from 22-9-64 onwards for fixation of Pay, leave, retirement and other fringe benefits. Of course on his transfer, he petitioner was allowed to protect his pay as well as the pay scale besides carrying forward leave of the kind due, and was also paid transfer T.A./D.A. by the Salal Project yet all other benefits connected with the continuity of service from 22-9-64 were declined to him despite his repeated requests and entreaties.

4. Elaborating his grouse the petitioner complained that according to the C.P.W.D. Manual which was applicable on the TFC as well as the Salal Project, he should have been confirmed on completion of 10 years of service and placed in a higher scale, similarly after putting in 3 years tenure as a confirmed hand he should have been placed in a still higher grade and given other attendant benefits as and when they fell due.

5. The petitioner's demand for the appropriate relief raised through his Union did not evoke any worthwhile response from the Management despite the intervention of the A.L.C.(C) at the Conciliation stage; hence the reference.

6. Proceedings were contested by both the respondents on filing their separate written statements; but interestingly enough neither of them controverted any averment of fact raised by the petitioner; rather their efforts were confined to disown the liability and, thus, they tried to pass on the buck to each other. Central Water and Power Commission (C.W.P.C. for the sake of convenience) pleaded that due to closure of their Nangal Unit i.e. TFC and to save him from the hazards of retrenchment; the petitioner's services were transferred to the Salal Project where he joined on the very next day and that it was now for the latter to accord him all the attendant benefits of his continuous service.

7. On the other hand the Salal Project contended that their Organisation came into existence for the first time in the year 1971 whereas the petitioner was of in service since 1964 meaning thereby that acceptance of his demand would fasten them with a retrospective liability for no fault of their own. In short they propounded that the petitioner was transferred to them under an order passed by Deputy Director T. T. C. Nangal like any other employee to join their Project, on deputation; and that incidental service benefits, like protection of pay and pay scale or the accumulated leave etc. were given to all such employees including the petitioner; moreover he was accorded even a promotion and higher scale as and when the same fell due on the strength of his service rendered as a deputationist; but rest of the connected

liability' of continuous-service from 1964 could be borne only by the parent-department i. e. C.P.W.C.

8. Keeping in view the comprehensive nature of the term of reference, the parties were called upon to adduce evidence in support of their respective versions without going through the drill of framing any formal issues. Thus the petitioner examined himself whereas the C.P.W.C. produced their Executive Engineer Sh. C.K. Aggarwal and the Salal Project presented their Personnel Manager Sh. J.N. Kochhar. Of course the parties produced a number of documents also whose authenticity was not disputed from any side.

9. On a careful scrutiny of the entire available data and hearing the parties I am inclined to sustain the petitioner's cause because the factum of his continuous service under the Respts was not denied; similarly it was also admitted in the pleadings itself that both these Organisations related to the same Ministry of Energy and Power under the Central Govt. and that CPWD Manual Vol. III was applicable to them.

10. Ex. W2 is the relevant order of transfer dated 27-2-74 under which the petitioner was made to relinquish charge at TTC Nangal on 28-2-74 to join at Salal Project on the very next day. The contents of the letter indicate that because the work at Nangal had come to an end and the workers employed there faced a threat of retrenchment, therefore, to protect their livelihood they were shifted to Salal Project lock, stock, and barrel; but atleast in the case of the petitioner no terminal or retrenchment benefits were paid to him. As a matter of fact there was no retrenchment or termination as such rather an arrangement was made in the nature of placing his services at the disposal of Salal Project on transfer.

11. Contention raised on behalf of the Salal Project that it was a case of receipt of an employee by them on deputation is erroneous because under the normal circumstances in every case of deputation three way consent is essential i.e. of the lending department, borrowing department and the employee concerned. In this case no consent was ever asked for from the Salal Project and even the petitioner's consent was not obtained in so many words. Second usual aspect of a deputation is that terms and conditions thereof are also settled with the consent of all the three parties; but here no such exercise was undertaken. As a matter of fact Sh. Kochhar was fair enough to concede that because they were under instructions from the Ministry of Energy to accept such transfers, therefore, they did not take any action to ascertain the reason of petitioner's transfer to their project and also did not bother to inform him or his previous employer about the service conditions prevalent at their project.

12. On the other side the C.P.W.C. tried to wash off their hands with a simple submission that since they had already put down the shutters on their Nangal unit, therefore, they had nothing to do with the petitioner and his claim.

13. On an overall view of the situation, one can not possibly resist observing a peculiar instance of

red tapism in Public Sector Industries. In their bid to avoid responsibility both the respondents appear to have made a shuttle cock of the petitioner. After all both of them were managing subordinate wings of the same common Employer in the Ministry of Energy and Power (Central Govt.) and the petitioner was in their continuous service ever since 22-9-1964 when he joined T.T.C. at Nangal Township.

14. Eventhough on closure of the said Unit and with a view to give him an alternative appointment they transferred his services to the Salal Project yet they neither cared to pay him any terminal benefits nor deem it proper to apprise him of his right to enjoy the attendant benefits of a continuous service. Similarly the latter also accepted him on transfer without telling him that they would not bear any liability arising out of his previous service at T.T.C. Nangal; and, as mentioned herein before, assumption of his being a deputationist just can not hold water; It is besides the point that there was neither any specific Order nor an occasion for the petitioner to suffer the forfeiture of his service rendered at T.T.C. Nangal.

15. Accordingly on sustaining the petitioner's cause I return my Award in his favour with a direction to both the respondents to take appropriate steps to allow him the reckoning of service from the very first stage of taking employment under the C.P.W.C. on 22-9-64 for all intents and purposes. The financial liabilities arising therefrom would be shared amongst them i.e. the Respts. proportionately for the particular tenures rendered by him under them.

HARI SINGH, Desk Officer.

का. आ. 2850.—औद्योगिक विवाद अधिनियम, 1947 (1947 का 14) की धारा 17 के अनुसरण में, केन्द्रीय सरकार, बम्बई पोर्ट ट्रस्ट के प्रबंधन से सम्बद्ध निगोजकों और उनके कर्मकारों के बीच, अनुरोध में निर्दिष्ट औद्योगिक विवाद में मध्यस्थ के पंचाट को प्रकाशित करती है, जो केन्द्रीय सरकार को 25 मई, 1985 को प्राप्त हुआ था।

S.O. 2850.—In pursuance of section 17 of the Industrial Disputes Act, 1947(14 of 1947), the Central Government hereby publishes the award of Arbitrator as shown in the Annexure in the industrial dispute between the employers in relation to the management of Bombay Port Trust and their workmen, which was received by the Central Government on the 25th May, 1985.

BEFORE SHRI F. H. LALA, B.A., LL.B. (RETD. DISTRICT AND SESSIONS JUDGE AND INDUSTRIAL TRIBUNAL, MAHARASHTRA, BOMBAY)

ARBITRATION

(Under Sec. 10A, I. D. Act, 1947)

Re :

Industrial Dispute about the Demand of the Loco Drivers and Loco Firemen of the Bombay Port Trust for an additional workman on every Canadian and Henschel Loco

BETWEEN

Board of Trustees of Port of Bombay

AND

Their Workmen.

(Represented by Transport and Dock Workers' Union, Bombay-400038 and B.P.T. Employees' Union, Bombay-400010)

APPEARANCES :

Shri R. K. Shetty, Bombay Port Trust Advocate for the Board of Trustees; Shri S. R. Wagh, Advocate for the Transport and Dock Workers' Union and Shri S. K. Shetty, General Secretary, B.P.T. Employees' Union.

AWARD

In pursuance of the agreement between the Bombay Port Trust and the above two Unions dated 14th June 1984, the Government of India, Ministry of Labour and Rehabilitation, (Department of Labour), New Delhi, have by their Order dated 7th July 1984 published the order and the agreement in Part II, Section 3, Sub-section (ii) of the Gazette of India and their Desk Officer forwarded its copy to me, vide his letter L-31013/3, 84-D.IV (A). After receipt of the Order, by my notices I directed the Unions and other workers not represented by any of them to file their statements. The two Unions have filed their statements but the other workers have not filed any. The Bombay Port Trust has also filed its written statement.

2. By its statement of claim dated 25th August 1982, the B.P.T. Employees' Union justified the Demand and made the following averments :

- (a) In view of the deterioration of the security of the B.P.T. Railway operational area as a result of unauthorised hutments in the area the Demand of Loco Drivers and Firemen of the Bombay Port Trust for an additional workman on every Canadian and Henschel Loco is just and should be implemented.
- (b) The Trustees of Port of Bombay own large Estate, (immovable properties), situated on the foreshore of Bombay. They have got their own railway system known as B.P.T. Railway, which runs along the 20 square miles on the eastern shore of the Island, and serves the docks, the sheds, the bunders and various other estates right from Ballard Pier to Wadala Raoli junction. The B.P.T. carries on various activities and though the railway comprises only 12 Kms. on straight run, it expands into a cobweb like net work of railway siding of 175 Kms. of track. The Railway has got about twenty diesel and six steam engines. Each steam engine is manned by 2 employees one driver and one fireman. The diesel engine is run only by one driver and there is no fireman or any greaser assisting him.
- (c) The working conditions on the B.P.T. Railway have deteriorated during the last few years because of the tremendous increase in the population of Bombay and the number of unauthorised huts, hutment dwellers, goondas and bootleggers. The nuisance from the drivers of lorries and tankers, who along with the hutment dwellers have converted the

B.P.T. railway yards and lines into open latrines, is increasing. To add to all these, stray cows, buffaloes are seen grazing in the railway yards and crossing the lines merely and thus they pose a serious problem to the loco drivers. The loco drivers operating the diesel engines without any assistants are facing problems, which have seriously affected the health of many of them during last few years.

- (d) Loco drivers, particularly those operating diesel engines, do not feel it safe to operate their engines even during the day time because of unsafe and unhygienic conditions of railway lines. There have been many complaints from the loco drivers, that they were assaulted and intimidated by the goondas taking undue advantages of their loneliness. On some occasions, Police constables are posted on the engines to protect the load depending upon the nature of the consignment but because of the special relationship between the Bombay Police and the goondas, bootleggers, and smugglers, which is well known throughout the country, the drivers feel more unsafe in the company of police constables. They want their own man to remain with, and assist, them. The driver while operating the locomotive is unable to look out and see what is going on the left of the engine. The railway track is not in a straight line. There are many curves and crossing and it is not possible for the drivers to see the signals or anything near about the track at the curves. In the steam engine a fireman helps the driver in look-out duties, but on the diesel engine, which is manned by only one person, there is a great risk in its working. The presence of an assistant, (greaser or assistant driver), will help the driver from the point of view of look-out duties and passing signals, etc. The B.P.T. railway trains sometimes consist of 40 wagons and have no guards also. Considering these changed circumstances and the safety point of view the demand of the drivers for an additional man as attendant or assistant is fully justified. It is also to be considered that the loco drivers have no fixed hours of duty and this is telling very much on their health.

- (e) The Central Government Industrial Tribunal, Bombay, has held in reference No. CGIT-21 of 1965 that there was justification for the appointment of an additional workman on the diesel engines and that the drivers of the locomotives were justified in making the demand for posting of a workman in addition to the driver. However, the Bombay Port Trust management, which has crores of rupees in their treasure, went in appeal to the Supreme Court against the award. The workmen, who were financially backward, could not go to New Delhi to fight against the giantlike Bombay Port Trust management. The Union, therefore, helplessly accepted the terms of the management and the award of the Industrial Tribunal was not implemented thereafter. The conditions of the B.P.T. Railways have become worst during the recent times for the reasons stated above and the changed conditions have compelled the loco drivers to make the demand afresh for an additional man.

- (f) It will be advisable to give an assistant driver to help the driver during his duty hours. Posting of a trained driver to assist the loco driver in charge of the diesel engine would be helpful in case of a sudden heart attack or serious and sudden illness or accident to the main driver.
- (g) The Union, therefore, prays that the demand of the loco drivers for giving additional workman on Canadian and Henschel locomotives from the category of loco drivers may, kindly, be granted.

3. The Transport and Dock Workers' Union, Bombay by their statement of claims dated 8th October 1984 justified the demands and stated as follows :

- (a) The Bombay Port Trust and the B.P.T. Employees' Union and the Transport and Dock Workers' Union have agreed to refer the dispute between the B.I.T. and their workmen for an arbitration under sub-section (1) of Section 10A of the Industrial Disputes Act, 1947.
- (b) The demand of the loco drivers and loco firemen of the B.P.T., that they should be given an additional workman on Canadian and Henschel locos owing to the deterioration in the security in the Port Trust operational areas as a result of unauthorised hutment in the said areas is justified.
- (c) The B.P.T. owns large estate consisting of immovable property situated on the foreshore of Bombay and the Railway system known as B.P.T. Railway. It runs along the 20 square miles area on the Eastern shore of the Bombay Island and serves the Bombay Port Docks, the sheds, the bunders and various other estates right from Ballard Pier to Wadala Raoli Junction.
- (d) Though the Railway track comprises only of 12 Kms. on the straight run from Ballard Pier to Wadala Raoli Junction, its net work of railway tracks is about 175 Kilometres. The railway has got about 20 diesel engines and 6 steam engines. Each steam engine is manned by 2 employees, namely, one driver and one fireman. The diesel engine is manned only by one employee, i.e. a driver. About 20 years back, each diesel engine was manned by 2 employees (one driver and one greaser).
- (e) The working conditions on BPT Railway yard have deteriorated during the last few years. The railway yards are without compound walls around them and have several roads in between for the use of the public and public vehicles. The railway yards have thus become a property of unauthorised and unsocial persons in a real sense though on Government records the Trustees of the Bombay Port are the owners. A number of unauthorised hutments have come up by the side of the Railway lines and in the yards and they are increasing day by day.
- (f) The Hutment dweller and other anti-social elements use the B.P.T. railway lines and the yard as latines. The unsocial elements use the B.P.T. railway lines for unsocial activities and even sheep, cows and buffaloes are seen moving freely in the B.P.T. railway yards and crossing the railway lines merrily and they are thus posing a serious problem to the loco drivers. There are many complaints from the drivers and other employees, that they are assaulted or harassed by these trespassers by taking advantage of the fact, that they, (loco drivers), work alone without any assistant. On some occasions a Police Constable was posted on the engines not for the safety, or the assistance, of the drivers but for the safety and security of the consignments depending upon their nature. The B.P.T. Railway has no Guards. An additional workman if posted on the diesel engine will assist the driver in the lookout duties. It will thus develop a feeling of safety and courage. He can and will also render assistance to the driver in the time of crisis, such as injuries by frequent stone throwing and assaults by unsocial elements. There is also a possibility in such circumstances of a major accident in absence of a proper assistant.
- (g) The Central Government Industrial Tribunal, Bombay, in reference No. CGIT-21 of 1965 had held the demand for appointment of an additional workman on diesel engine as justified. Therefore the demand for additional workmen on the said locos is justified and should be granted.

4. My notice to the workmen not represented by any of the 2 Unions had been published by the Management of the B.P.T. in Hindi as well as Marathi at the main entrance of the establishment, loco shed, Wadala, as well as on the

notice board of the Chief Mechanical Engineer's office. Yet none has come, or filed a statement, before me.

5. The Trustees of the Port of Bombay have filed written statement through the Secretary on 9th November 1984. They have denied the validity, legality and propriety of the demand and, inter alia, stated as follows :

- (a) Without prejudice to the submissions made in the subsequent paras, they have to state that the Unions have been raising the dispute periodically on behalf of the loco drivers and loco firemen during the last 20 years in one form or the other. Ultimately, the dispute of the loco drivers went before the Supreme Court of India and there was a settlement before the Court on 4th May 1971. The said settlement was recorded by the Supreme Court of India. The settlement declared that the Award of Shri A. T. Zambre, Central Government Industrial Tribunal dated, 30th January 1968 in Reference No. CGIT-21/65 should be set aside. It was further settled before the Supreme Court, that there was no necessity to provide an extra workman on the Canadian and Henschel diesel locomotives operating on the B.P.T. railways and 14 greasers and 28 mazdoors, who had been temporarily promoted/ appointed in implementation of the Award of Shri A. T. Zambre, were to be, and were, discharged with effect from 31st March 1971. The employers agreed to pay Rs. 25 per mensem to every loco driver operating Canadian and Henschel diesel locomotive and to give a special pay of Rs. 5 per mensem to every steam loco driver with effect from 1st April 1971. The B.P.T. Employees' Union, which is the disputant herein representing the loco drivers, agreed to withdraw all disputes raised by way of anomaly in the Award in consideration of the employers agreeing to pay special pay referred to herein above.
- (b) In view of the solemn settlement before the highest judicial authority of the land, the Unions should not be permitted to ignore it, and to pick up a row once again on the existing ground of lack of security in the operational areas of the Port Trust railway on account of the unauthorised hutments. The alleged absence of security in the operational areas of the B.P.T. railway has no bearing on the operation of Canadian and Henschel diesel locomotives. The employers deny that there is a lack of security in the operational areas of the Port Trust Railways or that the security has deteriorated as a result of the unauthorised hutments in the operational areas.
- (c) Without prejudice to the above submissions, and without admitting that there were some unauthorised hutments in the operational areas of B.P.T. it contends that this is not a phenomenon peculiar, and applicable only, to the B.P.T. railway operational areas. It is a phenomenon found all over the city of Bombay on account of an increase in the population of the city resulting from the migration of people from different parts of the country into, and the rapid development of, the city. The increase in the population and the resultant unauthorised hutments on both sides of the B.P.T. railways are, at best, a problem of the entire city of Bombay and such a problem cannot, and should not, be allowed to have a bearing on the operation of the Canadian and Henschel diesel locomotives. The employers have taken effective measures to remove the unauthorised hutments near the B.P.T. railway tracks to see that driving of Canadian and Henschel diesel locomotives is safe for the loco drivers.
- (d) The Union has given up the claim for additional workman on the Canadian and Henschel diesel locomotives as is evident from the Supreme Court order dated 4th May 1971. The demand of the Union is thus liable to be rejected on the principle of Res Judicata. The issue involved in the present reference for an arbitration is one of deployment of labour, which is a management function, and

consequently the reference for arbitration is liable to be dismissed in limine.

- (e) The present arbitration was forced upon the employer by the Union by coercion as a result of an illegal strike from the midnight of 21st November 1983 resorted to by the loco drivers and loco firemen of the B.P.T. Railway. The demand was submitted on 25th November 1983 after the Asstt. Labour Commissioner (C) convened a conciliation meeting and asked the Unions to file the statement of demand. But for these coercive action and pressure tactics, the employers would not have agreed to the present arbitration. The Union's letter No. RLC-501 dated 25th November 1983 signed by the General Secretary, B.P.T. Employees' Union was addressed to the Regional Labour Commissioner, (Central) Bombay, and the settlement subsequent to it is dated 29th November 1983.
- (f) The entire B.P.T. Railway system is an exception to the general system of Trunk Railways of the country. The B.P.T. Railway system is equivalent to a combination of two major yards of a trunk railway and consequently, working of the B.P.T. Railway is like the working of the railway yards in the case of trunk railways owned by the Government of India. The loco engines are fully overhauled, and maintained, by the loco shed controlled by the Chief Mechanical Engineer, B.P.T., at Wadala. A loco driver on the Port Trust railway has to take his engine alone only along the B.P.T. main line from Wadala south cabin and Indira Dock Manson Road Cabin and over the section between Wadala South Cabin and Sewree Overbridge Cabin which covers a distance of 22 kms. tracks, both up and down directions, combined out of the total B.P.T. track of 176 kms.
- (g) The distance of 22 kms. forms only 12.5% of the total B.P.T. railway tracks of 176 kms. where the movement is on an absolute block system or train following system. Absolute block system means a system of railway movement which ensures one train in a block section at a time, the entry/exit to/from the block section being controlled by clock cabins situated at the either end of the block section. In all other movements of 87.5% of the B.P.T. Railway tracks by the Canadian and Henschel diesel locomotives, full shunting batch consisting of 5 workmen, (1 Jamadar, 1 Shunter, 2 SPR-2 and 1 SPR-3), accompanies the locomotives for movement and shunting work. This means that out of a total length of 176 kms., only over 22 kms. length of the B.P.T. railway, the loco driver is required to drive the said locomotives without shunting staff and on the other net work of the B.P.T. Railway, consisting of 154 kms., the engine movement and shunting works are carried out with the assistance of shunting staff as aforesaid. In 7 hour's shift for traffic movement the maximum distance a loco driver has to travel does not exceed 22 kms. in both up and down directions.
- (h) The speed restriction on the B.P.T. railway is, that it should not exceed 10 kms. per hour. The B.P.T. railway fleet consists of 20 diesel engines and 6 steam engines. Out of these 20 diesel engines 10 are of Henschel make and 10 are of Canadian make. From both the types of diesel engines a very clear view of the signals and tracks ahead is provided and as such visibility is not at all obstructed. Weather conditions in Bombay are not of foggy nature and, therefore, there is no justification for posting an additional workman for sighting the signals, or obstruction, ahead on the tracks. The average speed of the movement never exceeds 10 kms. per hours and this low speed does not justify the supply of an assistant for application of the brakes or for any other purpose. In case of movement of loaded wagons containing imported or valuable goods, police escorts are always provided between the docks/depot and Wadala and in most of the cases such escorts travel over the engine.
- (i) The working conditions of the B.P.T. railway have not deteriorated during the last few years owing to the increase in the population of Bombay and in the number of hutment dwellers, goondas and bootleggers. It is apparent from the terms of the settlement dated 29th November 1983 that at one stage there was concentration of hutment dwellers at 3 points, namely, (i) on the Port Railway below the Reay Road Bridge, (ii) on the Port Railway on way to Indian Telegraph siding, and (iii) on the Port Railway on way to Ordnance Depot. The employers have, however, taken effective measures to remove these hutments and to make conditions safe for loco drivers to work as will be seen from the Board's Resolution No. 630 dated 25th April 1972, the Chief Mechanical Engineer's letter No. CME/M/4-P (ISM)/16571 dated 26th September 1984 and D.O. No. 112 dated 27th September 1984 from Shri S. K. Atha'ye, Railway Manager, B.P.T. to Shri R. U. Pai, Secretary, B.P.T. Since June 1984, not a single hutment is in existence near the B.P.T. Railway tracks where the driver is supposed to travel alone. Special drive was organised by B.P.T. for moving hutments near the railway tracks and since September 1983 upto August 1984, 638 hutments were removed from the railway tracks and out of them 944 hutments have been removed between February 1984 and May 1984. In spite of these removals the hutments spring up in secluded areas but they are being removed periodically. However, where such hutments come up, the driver is not asked to take his engine alone and he is always accompanied by the shunting staff at the respective stations and occasionally by Police Constables where circumstances so warrant.
- (j) At certain places, round the clock police constables have been deployed for the purpose of security and there has not been a single complaint received by the Railway Department for the last five months regarding any threat or assault on railway driver by any hutment dweller. There is thus no justification for provision of an additional driver on diesel engines presently deployed on B.P.T. Railway. Posting additional workmen on the diesel locomotives as demanded by the Union would never solve the problem. The problem, if any, could be solved by employment of police and by the Government's measures to reduce congestion in the Bombay city. Even the problem of stray cows and buffaloes moving about the tracks could not be solved by posting additional workmen on the diesel locomotives, but it will have to be solved by the Municipality and the State Police together. Appointment of additional trained driver will never be able to solve the problem complained of by the Union.
- (k) The contention, that because of the absence of an assistant, loco drivers are facing serious problems regarding health is not correct. The Port Trust has established one of the most modern Hospitals in the city at a cost of Rs. 1.25 crores, in 1958 and it is spending Rs. 1.50 crores per year to maintain the same. The Hospital provides free assistance and facilities to all its employees including loco drivers, (diesel), in the senior scale of pay was paid to every loco driver and the same has been increased from time to time. From 1st January 1984 the special pay of Rs. 5 has been revised to Rs. 14 per mensem. The initial payment of Rs. 5 as special pay of loco drivers underwent periodical revisions and it has now been Rs. 73 per mensem from 1st January 1984. Even the loco drivers, (diesel), in the senior scale of pay are being paid Rs. 73 as special pay from 1st January 1984. The scale of pay of loco drivers working on the diesel locomotives underwent periodical revisions on 12 occasions between 1957 and 1984. All these revisions in the scale of

pay special pay D.A., other allowances and overtime allowances should be regarded as compensation for the disagreeableness of the task, attendant hazard of the work and the fatigue involved as recommended by the Fair Wages Committee in the year 1948-49. The loco drivers in question should thus be deemed to have been adequately compensated for all these alleged difficulties narrated by the Union in the statement of claims.

- (1) It is not true that while operating the engines the loco drivers could not see what was going on, to and on the left side of the track. The loco drivers can clearly see any obstruction on the railway line from a little distance and posting additional workmen will amount to wastage of manpower and it should be avoided. There are no sharp curves on the B.P.T. line and the load is carried at a speed of 10 kms per hour. In trunk railways the job of an assistant driver is to assist the driver in sighting signals and in operating the engines which run at a great speed and for a long duration, especially when such railways carry passengers. Considering all this there is no justification for posting additional workman or additional driver on each of the locomotives. The locomotives travel a distance of 22 kms from Indira Dock to Wadala Cabin and on the remaining 87.5% the diesel driver travels accompanied by the shunting staff. Thus there is no need to post assistant drivers or greasers in the locomotives.

- (2) The loco drivers have fixed 8 hours duty from the time they report for work. Time for reporting for duty is notified to them in advance and this is necessary in view of the limitation by the number of locos, which could be housed at Wadala at a time, on account of the limitation of the tracks taking off from the loco shed. On account of this system all the loco drivers have been housed in B.P.T. quarters at Wadala Antop Hill area. The complaint of the Union that the loco drivers have no fixed working hours is, therefore, totally irrelevant.
- (3) It is not true that the workmen were financially backward and could not go in appeal, or carry on fight in the Supreme Court in respect of the Award of the Industrial Tribunal. The Union had drawn up a special leave petition to be filed in the Supreme Court and the petition was drawn by Shri B. A. Pandya, Advocate, Supreme Court. It had also filed a civil appeal in the Supreme Court against the Award (Part IV) dated 29th July 1965 and the award of the same date in reference No. IT/G-51964 of the Industrial Tribunal, Bombay, Shri M.R. Meher ICS (Retd.) on behalf of loco drivers and loco firemen of the B.P.T. Railway. The appeals of the Unions were dismissed by the Honble Supreme Court of India vide its judgement dated 30th October, 1969.
- (4) The Union has also filed a large number of writ petitions and special writ petition in the High Court and Supreme Court of India against the various Awards of the Industrial Tribunals and it is not true that the Union is or was not financially strong to go in appeal to the Supreme Court of India. It is also not true that the conditions of the B.P.T. Railway have further worsened. The demand for an additional workman is not just and valid. The demand of the Union may, therefore, be rejected even on merit.

6. The following points arise for my consideration in this reference made to me as a result of the agreement between the parties.

- (i) Whether the present demand for an additional workman is an assistance for drivers on Canadian and Henschel locos made by them in view of the deterioration of security in the B.P.T. Railway yard operation if it is barred by the principle of res judicata by the Supreme Court or India Order of 4th May

approving the settlement between the parties dated 9th February, 1971.

- (ii) Even assuming that the present reference is not barred by the principle of res judicata, whether the demand of the workmen for an additional workman on every Canadian and Henschel loco for the assistance of the loco driver is valid, justified and legal.
- (iii) If the provision of an additional workman is justified what should be the category of the workman to be given for his assistance.

7. My findings are as follows for the reasons given below.

- (i) The present reference is barred by the principle analogous to the principle of res judicata, in view of the settlement before an order of the Supreme Court at New Delhi which has set aside the award of the Central Government Industrial Tribunal presided over by Shri A.T. Zambre.
- (ii) Even assuming that the findings on the point (i) in part 6 be in the negative, and in favour of the workmen raising the dispute demand in my opinion the demand is not valid, just, legal and tenable.
- (iii) The question of the categories of the workmen to be provided therefore does not survive.

R E A S O N S

8. This reference is made to me by the Trustees of the Port of Bombay and their workmen represented by the Bombay Port Trust Employees Union and the Transport and Dock Workers Union under section 10A of the Industrial Disputes Act, 1947 in view of their settlement before the Assistant Labour Commissioner (C) (II), Bombay dated 29th November, 1983, following the strike of diesel loco drivers and firemen of loco shed of the Bombay port trust from 0000 hours of 22nd November 1983. The main demand, among other things, was for a helper to the loco driver. The strike was called off on 29th November, 1983 as a result of the Agreement before the Conciliator to refer the demand for arbitration to the arbitrator acceptable to the parties. As a result of this the parties entered into an agreement on 14th June 1984, that that the dispute should be referred for my arbitration after obtaining my consent thereto. The agreement was published in Part III, sub-section (II) Gazette of India by the Government of India in Labour Department by the order dated 7th July 1984.

9. The question that arises before me first is, whether the present reference is barred by the principle of res judicata. The Bombay Port Trust has produced before me several documents in support of its contentions, and has also examined several witnesses. Documents mostly consist of Government resolutions, reports, statements of claim and written statements and they are filed with Exhibit 1 at Serial Nos. 1, 2, 4, 5, & 7 to 33. Now, it is on record, and not denied that the dispute between the parties and the B.P.T. Employees Union Bombay, representing the workmen was referred by the Government of India, Ministry of Labour and Employment to the Central Government Industrial Tribunal, Bombay by its order dated 8th March 1965. The award of the Tribunal, Shri A.T. Zambre in respect of the dispute has been published in Government Gazette at pages 1237 to 1250. A perusal of the award in the copy of the Gazette at Exhibit 1/17 shows that the demand before the Tribunal raised in 1965 was for the posting of a workman on every Canadian and Henschel diesel locomotive a workman in addition to the driver for the operation of such locos and for directions regarding the category of workman to be posted. The demand further in the alternative was for the grant of an additional payment to loco drivers on the above locos and for specifying the quantum of such additional payment and the date from which it was to be made.

10. The parties were represented before the Tribunal by (i) Shri R.K. Shetty the then Dy. Legal officer of the Bombay Port Trust and Shri S.K. Shetty, General Secretary of the B.P.T. Employees Union. Shri R.K. Shetty, Advocate for Bombay Port Trust has severely attacked the propriety of the demand. On the other side Shri S.K. Shetty for the Union justified its correctness and validity. The learned Tribunal Shri A.T. Zambre had visited the engine and

the railway yards and his observations in paragraph 31 of his award at page 1247 of the Government Gazette to the following effect: The railway track is not a straight line and there are many curves and crossings and it is also not possible for the driver to see the start of anything new about the tracks. It is common knowledge that in the steam engine fireman helps the driver in the look-out duties but as the diesel engine is manned by only one person there is a loss in its working and the presence of the greaser will help him from the point of view of look-out duties and passing signals. It is not in dispute that the B.P.T. railway trains sometimes consist of 40 wagons and they have no guards and considering these circumstances and the safety point of view, the demand of the drivers for the addition of an attendant is justified. Leaving aside the look-out duties the circumstance, that the drivers have no fixed hours of duty and that they must be ready for duty any time, must be causing great strain on their energy and must be affecting the efficiency of their working and all this supports the demand for a helper. The learned Tribunal has further observed in para 32 of his award to the effect that they get exhausted and due to these conditions the necessity of an attendant even for look-out duties is necessary to avoid accidents. The learned Tribunal came to the conclusion on the basis of evidence laid before him that the demand of the drivers for a workman in addition to the driver on the loco was justified. It has been observed that it did not make any difference whether the workman was called a fireman or greaser.

11. It will appear and is not in dispute that the Bombay Port Trust filed Civil Appeal No. 1444 (N.I.) of 1968 against the Award of Shri A.T. Zambir. In the appeal, the Personnel Officer, B.P.T. Shri R.P. Patil, and the General Secretary, B.P.T. Employees Union, Shri S.K. Shetye filed Consent Terms on 9th February 1971 settling aside in clear terms the Award of Shri A.T. Zambir. Central Government Industrial Tribunal, Bombay dated 20th January, 1968 and stating that it was not necessary to provide extra man on Canadian and Henschel diesel locomotives operating on the B.P.T. Railway. The settlement further provided in para 2 that 14 greasers and 28 mazdooris who were temporarily promoted appointed in pursuance of the Award dated 30th January, 1968 were to be reinstated with effect from 1st March 1971 and that the Bombay Port Trust was to pay a special pay of Rs. 25 per month to every loco driver operating Canadian and Henschel diesel locomotive and a special pay of Rs. 5 per month to every steam loco driver with effect from 1st April 1971. By para 4 of said terms the B.P.T. Employees Union agreed to withdraw all disputes raised for removal of local anomalies in the wage scales of the B.P.T. loco drivers and firemen in consideration of the Bombay Port Trust—appellants—agreeing to pay special pay of Rs. 5 per month as stated above. As usual the application for recording the compromise was called on for orders before the Supreme Court in Miscellaneous Petition No. 219 of 1971 in the Civil Appeal No. 1444 of 1968 on 4th May 1971. The terms of settlement were annexed as Schedule A and on hearing the Counsel for the petitioner appellant and the Counsel for the respondent No. 1 B.P.T. Workmen represented by the P.P.T. Employees' Union and by the consent of the parties the Honorable Court disposed of the appeal in terms of the said settlement Schedule A. The Supreme Court however ordered that the said order be scrupulously observed and carried into execution by all concerned.

12. There is no dispute that the said settlement was entered into by the parties who were represented before the Supreme Court by Counsel and therefore the contention of the B.P.T. Employees Union before me that the settlement had to be entered into as the Union was not financially strong to fight against the powerful Bombay Port Trust is merely an attempt to argue a case to explain the settlement giving up the benefits of the award of the Central Government Industrial Tribunal entire the demand for a helper in their favour. Probably the Union must have then thought it wise not to bring to light the material and financial advantage that it got for its loco drivers. It must have therefore voluntarily consented to the said

terms referred to above and embodied in and annexed to its order by the Honorable Supreme Court. Obviously there could not be any other reason for coming to the settlement recording the dispute. The fact remains, that the Award of Shri A.T. Zambir who had taken pains to visit the areas and working of the engines and take pains to analyse and scan the voluminous evidence in the case has been set aside by consent of the parties including the Bombay Port Trust Employees Union.

13. It is true that the principle of res judicata embodied in Section 11 of the Code of Civil Procedure might not apply with full vigour to all cases and decisions. However, in law there is no reason by the decision of the Court in an Industrial Dispute should not be subject to the maxim Interest rei publicae sit in litis litum. This rule is dictated by wisdom as there has to be finality to litigation. The Supreme Court has made the relevant pronouncement in the case of *Bara & Co.* reported in 1957 111 226 (AIR 1957 SC 38) to the following effect: There is nothing in the statute to indicate the grounds on which an award could be reopened. But according to the well recognised principle the decision once given by a competent authority on a matter in issue between the parties after a full inquiry should not be permitted to be re-litigated. The principle of res judicata expressed in the above mentioned maxim is sound and its application regulating relations between the capital and labour has two objects in view. It seeks to ensure to the workmen, who have no capacity to treat with apart on equal terms fair returns for their labour. It also seeks to prevent disputes between employer and employees so that production might not be adversely affected and the larger interests of the Society might not suffer.

14. Now it is clear that the matter now in dispute had been directly and substantially in issue in the form of a proceeding before the Central Government Industrial Tribunal Shri A.T. Zambir. The issue was not merely implied in the former proceeding but in fact all the present grounds had been taken up by the Union in the old proceeding for justifying the demand and had been repudiated by the employer for dismissing the demand. Even the learned Tribunal had considered all the pros and cons of the demand then raised and now raised before me and the demand which was granted in adjudication before the Central Government Industrial Tribunal was rejected by the Supreme Court with the consent of the parties. It is thus clear to me that the Supreme Court order embodying the consent terms of the Union represented by the Counsel is binding and therefore the present demand raising the dispute and its reference to me for private arbitration is the consent of the parties concerned is barred by the principle of res judicata.

15. In view of my finding that the demand before me is barred by the principles of res judicata it is not in fact necessary to consider the demand and find out if it is justified and proper. Even when without prejudice to the above finding on the point of law against the workmen I proceed to consider if on merits the demand of the workmen for additional workmen for the help of the loco drivers on the Canadian and Henschel engines is justified. On this point the Union has filed the affidavit of a diesel loco driver, Shri Fadi Ahmed Mohd. Issack dated 12th February 1985. He has been examined on oath before me as Union witness No. 1 on the same day. The witness has stated that the contents of the affidavit are true and added that on the previous day, namely 11th February 1985, engine driver Shri Annappa Umri while driving engine No. 42 complained of pain in his chest when it was near the Grain Depot. His evidence was, that he sent a message through the Mukadam to the Station Master who in his turn advised the driver through the messenger that he should take the engine back to the loco shed. The evidence of Shri Fadi was that the driver drove the engine back to the loco shed though he had pain in his chest as per the message of the Station Master. On reaching he shed according to Shri Fadi, Shri Annappa could not stop the running engine and the shed driver had to stop it and the riding driver was removed in an ambulance to the Hospital. His evidence shows and it is not in dispute that the distance between the Grain Depot and the loco shed is about 3/4th of a mile. He asserted that the loco drivers want the additional man for their assistance while moving the engines and they are not desirous of retaining the additional emoluments.

16. The evidence of Shri Jalil Ahmed was attacked by the learned Advocate of the Bombay Port Trust who said that it was unreliable as it is hearsay evidence. In this connection, he referred me to the evidence of Bombay Port Trust witness No. 1 Shri Sadashiv M. Chitnis, Superintendent, Loco Shed which is to the following effect, that on 11th February, 1985 when he reported for work in the office, he learnt that on the previous day a message had been received on telephone by the telephone operator at about 9 a.m. that the Engine Driver, Shri Annappa Uma, who complained of chest pain while on duty, was advised to take rest by the staff, but he insisted that he should be sent light to the loco shed. The evidence of Shri Chitnis shows that at that time there were 3 or 4 persons working with the driver near the locomotive in the surrounding area. The Bombay Port Trust Advocate relied upon his evidence and contended that the evidence of Shri Jalil Ahmed is not reliable and the driver, evidently, refused to take rest or medical aid, and insisted upon travelling, and travelled, on the light engine to the loco shed from where he was removed to the Hospital for treatment.

17. Shri Jalil Ahmed went to the length of deposing that Annappa Uma got the heart attack on account of driving the engine alone. He was however, not able to produce any documentary evidence to show that he suffered the heart attack on account of the driving of the engine. It was not, evidently, possible for him to produce the same. He added that Shri Annappa Uma got a heart attack because he had no Assistant. His evidence was, that in the absence of an additional driver or additional man Shri Annappa Uma was under tension and hence had a heart attack. He, however, admitted that a shunter was walking ahead of the engine on the track and Shri Annappa Uma complained to him of getting pain in the chest. The Union examined Shri Naresh Shankar Sawant, who had made the relevant entry in the Station diary in the loco shed, Wadala, as its witness No. 2. He had made the entry about the illness of driver in the diary at 5.30 a.m. and another entry later on at 5.40 a.m. His evidence clearly shows that Annappa Uma, who was brought by Shri Gafoor, told him that he got pain in his chest and the ambulance should be called. There is controversy with regard to the message, that was sent by the Station Master to the engine driver. The controversy centres round the question, whether the driver was asked to take rest or not. In my opinion, it is not necessary and relevant to go into the details of the controversy. Shri Jalil Ahmed and Naresh Shankar Sawant witnesses examined by the Union, and the B.P.T. witness, the Shed Superintendent Shri S. M. Chitnis, were, admittedly, not present on the engine or in its vicinity. Therefore, we have to depend upon the entry that was immediately made in the Station diary, which is marked as Exhibit 4. It shows that the driver of Engine No. 42, Shri Annappa Uma, complained of indisposition to the traffic staff working with the same engine and the said staff requested him to take rest or medical aid, and he told them that he should be released in the shed at once. The engine was, therefore, detached from the lead and returned to the shed at 4.40 hours. Even the extract of the Bombay Port Trust Grain Depot diary of 12th February, 1985 signed by one, Mr. G.T. Patil, mentioned that the said Patil was on duty on the relevant day, and with his staff, he started the work at about 0003 hours. His letter addressed to the Manager through the Station Master shows that the driver of the engine was found lying on the floor of the engine. It further shows that at his request, he brought a glass of water from the office and gave it to him and his, (Patil's), suggestion to make arrangement to call the ambulance, was not accepted and he wanted the engine to be taken to the shed without any cargo and, therefore, the engine was taken to the shed and it reached there at about 4.45 hours. The contention raised on behalf of both the Unions, by Shri S. K. Shetye and Advocate, Shri S. R. Wagh, was that the evidence and the reports of Shri Patil were manipulated by the Bombay Port Trust authorities to suit their purpose and the same cannot and need not be relied upon.

18. In my opinion, one fact emerges clear from all this, and it is, that Annappa Uma got pain in the chest while driving the engine when it was near the Grain Depot and that voluntarily he drove the engine light to the loco shed and there the engine could not be stopped by him but had to be stopped by Shri Gafoor. It is also clear that later on

Gafoor helped him and the patient was removed to the Hospital in an ambulance. Reliance was placed by the Unions on the illness of, and heart attack suffered by, the engine driver to show that it was due to the strain of driving the engine alone without any assistant who would have been of use, and help, to the driver at the critical time. That Shri Annappa Uma happened to have a cardiac attack while driving the engine and fortunately for him and for all, he has survived it after admission to, and timely treatment in, the Hospital. The question, that arises, is, whether the illness was the result of the hazardous nature of the job and can, in future, be avoided or minimised by deputation, or provision, of an additional driver or workman of any category to assist the engine driver. In my opinion, the illness of Annappa referred to in the evidence of the Union and not denied by the B.P.T. management could not be attributed to the strain of the duties of the driver who was working without any assistant. I am glad, that he has recovered after treatment in the B.P.T. Hospital, but there is nothing to show that this illness was the result of his driving the engine alone even though, as is evident, there were other staff of 3 or 4 workmen on the engine, and in the vicinity, at that time.

19. The evidence of Shri Jalil Ahmed is to the following effect. He has been working as a Diesel Driver since 1st September, 1975 and while sitting on one side in the engine near the window, and operating the engine, the driver has the view of the railway track in front, and ahead, of the engine and also on the right side of the engine and while doing this it is not possible for the driver to look out to see as to what is going on just on the left of the engine at that particular moment.

20. Shri Jalil has further stated that the B.P.T. Railway track is not straight and has many curves and crossings and, therefore, it is not possible for the driver to see the signal or anything near about the track on the curves. In the steam engine, admittedly, there is a fireman to help the driver in the look-out duties, but diesel engines are manned by one person each. Jalil's grievance was, that, therefore, it is risky to operate the engines and an assistant to help the driver for the look-out duties and for sighting the signals is very necessary particularly as there is no guard also on the B.P.T. railway train. His claim is, that the security of the B.P.T. Railway operational area has seriously deteriorated during the last couple of years and the position is worsening day by day as a result of increasing nuisance from the unauthorised hutment dwellers, bootleggers and flocks of goats, cows and buffaloes. Jalil's grievance further was, that hutment dwellers, lorry and truck drivers and cleaners visiting the city freely use the B.P.T. Railway lines for attending to nature's call and all this is posing a serious problem for the safety of the loco drivers who are singly operating the diesel locomotives with loaded or unloaded wagons. According to him sometimes the drivers of the engine, are also threatened and sometimes assaulted by hutment dwellers and bootleggers and the complaints in this regard made to the officers proved futile. Therefore, according to him this private arbitration has been agreed to and there must be Assistants with the drivers if the railway engines have to be operated efficiently and without any hazards. The evidence of Shri Jalil Ahmed was attacked as interested and unreliable and his claim was argued to be untrue and unjust.

21. The evidence of Shri Jalil Ahmed was that while sitting on the driver's seat he could look out only on the right side and also in the front and ahead, of the engine for a distance of about 15 to 20 feet. His claim was, that he could not see on the other side for any distance. Admittedly, the driver could see the railway track to the extent of 15 to 20 feet in front, and ahead of, the engine while the engine is moving slowly. It is thus clear that the engine driver is able to see what is on the left and right of the track at the spots a little ahead, which the engine reaches immediately thereafter within a few seconds. The railway engines, evidently, do not move very fast and it is also true that there are curves on the railway track near the Reay Road, Sewree and other places, namely, Grain Depot, Stores Depot and material sidings. The evidence of Shri S. M. Chitnis, Superintendent Loco Shed, shows that the total mileage covered by the B.P.T. Railway is 176 kms. out of which 22 kms. are covered and working under signal system. His evidence also shows that the B.P.T. Railway track has the stations of Wadala Depot,

Oil Depot, Stores and Coal Depot, Cotton Depot, Grain Depot, Pander, Victoria Dock, Alexander Dock and Liquid Fuel.

22. The railway track between Ballard Pier and Wadala South Cabin is 22 kms. It is in evidence, and not in dispute, that the 22 kms. of the track are covered by the signal system, under which the movement of locomotives on the railway lines is governed under fixed signals operated through a cabin. Before operation of the signals, the cabin staff properly set the lines through inter-lock system and after the required setting of the line the cabin staff give signal to the approaching train or a locomotive for its destination. The system is definitely interlocked between Wadala South Cabin and Mansion Road Cabin. Advantages of an Absolute Block System are, that there will be only one load or engine in between the section and unless that engine or load is cleared the cabin staff will not allow the other load or engine to follow the same path. His evidence is, that this system helps safe working of the B.P.T. Railway. It is apparent from his evidence, that except the main lines described above, other sections have different working system. In these sections there is a gang of traffic staff such as Trains Clerk, Number Taker, Shunter, Hookman, Pointsman and Bellman, who accompany the load or the engine and take them to the destination.

23. His evidence also shows that the traffic is moved by a Bellman, who proceeds ahead of the locomotive or the load, taking care and warning the vehicular traffic, that the railway movement is in progress and at such times the speed of the locomotive or the load would be about 3 miles per hour as the Bellman has to walk ahead of the locomotive or load. According to him on 87.5 per cent of the B.P.T. Railway length the diesel loco driver is assisted by the traffic staff consisting of about 5 men and on the remaining length of 12.5 per cent of the railway the loco driver not assisted by other staff has the advantage of the signal system and the Gateman on the Railway lines. All this makes it clear that the operation and movement of the engines is safe.

24. The evidence of Shri S. M. Chitnis shows that the drivers have several times made oral complaints to him about the existence of the nuisance of the Zapadpattis and not about anything else. His evidence further was, that there is no guard on the B.P.T. railway but there is some improvement in the working. Shri Chitnis denied that the traffic staff refused to help the drivers in look-out duties, etc. It is his say, no doubt, that the Railway Department does not belong to his section and its employees are not given instructions by him, but even then, according to him, the traffic staff help the drivers in the work done by them. In my opinion, merely because he is not the boss of the department, it could not be said that which working as the Loco Shed Superintendent, he could have no knowledge of the functions, and work, of the other staff. The B.P.T. witness, Shri Sitaram Kashinath Athalye, has also described the absolute block system which was available in certain areas of 22 kms., (11 kms. in either direction), and the system of providing Bellman etc. on the other track and has corroborated the evidence of Shri Chitnis about the safe working of the engines.

25. It is useful to go into the history of revision, and consideration, of the demand of the B.P.T. staff consisting of various categories from time to time. Exhibit 112 shows that Government of India, in the Ministry of Traffic and Communication, (Department of Transport), by their resolution dated 23rd August, 1958 appointed a Committee consisting Shri F. Jeejeebhoy as Chairman, 6 other members including 3 representatives of labour and one representative of the port under Examination to be appointed by the Port Authority concerned. The Committee was asked to examine duties and responsibilities of posts and fit them into one or other of the scales of pay mentioned in the attached schedule in the light of the scales of pay of posts with comparable duties and responsibilities in other departments of Government. The recommendations of the Committee were to be final and binding on the Port authorities and the labour. Appendix 'C' shows the number of categories of the Port Trust Railway at Bombay which existed on 31st March, 1961 and were 41. The report of the Committee on the Classification and Categorisation of Class III and IV Employees

of the Major Ports dated 28th May, 1961 signed by F. Jeejeebhoy, Chairman, and others was submitted to the Government of India, New Delhi.

26. In spite of this Central Government made a reference under Section 7A and Section 10(1)(d) of the Industrial Disputes Act about the dispute between the Calcutta Port Commissioners and their workmen to consider, and decide as to, whether there were anomalies in regard to any of the pay scales recommended by the Tripartite Committee set up by the Central Government resolution dated 23rd August, 1958 and as to whether modifications, if any, should be made in the scales of pay recommended by the said Committee. The list of categories in which relief was sought by the B.P.T. General Workers' union, also includes the category of Engine Driver. The Tribunal presided over by Shri M.R. Meher has come to the conclusion, that the said Railway Loco Drivers are comparable to the B.P.T. drivers and there were no anomalies in the decision of the committee fixing the scale and the demand for special allowance for diesel locomotive drivers, which had been put up before the Jeejeebhoy Committee and negated by it, did not did not survive and was not justified even in respect of the provision of a greaser or assistant to such driver. Shri meher has also negated the demand for running allowance made by the B.P.T. Employees' Union on the lines of G.I.P. Railway because the working was difficult and risky according to the Union. It was negated on the ground, that the drivers of store railway cannot be compared to the drivers of the B.P.T. Railway. The Hon'ble Shri Meher has considered the evidence, submissions and arguments of both the sides and has come to the conclusion, that there was no anomaly in the report of the Committee in not giving running allowance to the loco fireman and loco drivers. It is thus clear that the question of, and regarding, the benefits for loco drivers has been agitated from time to time before the various authorities in the past.

27. Even before the Hon'ble Supreme Court there was a settlement, that the Award of Shri A.T. Zambre, Central Government Industrial Tribunal, Bombay, dated 30th January, 1968 be set aside and it was not necessary to provide an extra man on each of the Canadian and Henschel locomotives operating on the B.P.T. Railway. Under the settlement the Bombay Port Trust agreed to pay a special pay of Rs.25/- per mensem to every diesel loco driver and a special pay of Rs.5/- per mensem to every steam loco driver from 1st April 1971, and the Hon'ble Supreme Court passed an order on 4th May, 1971 in terms of the settlement. The B.P.T. Employees' Union representing the respondents also agreed to withdraw all disputes raised by way of the alleged anomalies in the wage scale of B.P.T. loco drivers and the firemen in consideration of the B.P.T. agreeing to pay the above special pay. There is no denial of, dispute about, the above Court order. The learned Union representative, Shri S. K. Shetye, and Shri S. R. Wagh, Advocate, appearing on behalf of the Transport and Dock Workers' Union referred to the observations of Shri A. T. Zambre, Central Government Industrial Tribunal, in paragraphs 31 and 32 at pages 1246, and 1247 of the Government Gazette, Exhibit 117, and said that the learned Tribunal, who visited the diesel engine and inspected the arrangement in the cabin and the operation of the locomotive by the driver sitting on one side near the window. Unions argued that even the Tribunal has clearly opined that the driver could not alone do the work of look-out duties and that cast a great strain on his energy and affected efficiency of his working and all this supports the workman's demand for a helper on the engines. The Hon'ble Shri Zambre has also observed, that there was illicit distillation carried on by the hutment dwellers and the tracks were frequented by a large number of people including men, women and children and the track was full of econdas and all this made it dangerous for a driver to be alone in the engine and no fixed hours of duty were fixed for the drivers and hence they had to keep awake and, therefore they got exhausted.

28. The award of Shri Zambre has been declared as set aside by the settlement between the B.P.T. Employees' Union and the Bombay Port Trust and the application for recording the compromise in terms of the said settlement has been disposed. Therefore, the Award itself has been set aside and would not be useful for our purpose, But the statement of facts in

it regarding the working relied upon in arguments as a history can be considered as the Unions' argument. The notes of my inspection made on 4th January, 1985 by going with the engine driver and the parties, placed on record at Exhibit 2, will show that at the time of any visit several persons described by the driver as vagabonds were sitting on the fencing wall and some of the people were using railway tracks on either side of it as open latrine and there were some flocks of goats crossing it at 2 places near the Cotton Depot Railway Yard and railway lines near the loco shed. I also noticed some goats crossing the lines near the loco shed and they belonged to one Mahadev Kendre. I also found that some vegetable vendors were selling their vegetables and other articles, like fish, near the Panton Bunder and some women were seen washing their clothes and drying them at 2 or 3 places. It is true that the loco driver, who sat on one side near the window, could not see anything on the other side of the engine while driving the locomotive, but he had seen the other side and spots he had passed a few seconds earlier. The evidence of Jalil Ahmed was, that the security arrangement on the B.P.T. Railway has worsened and because of the deterioration in the law and order situation, it is difficult to operate in the area without proper safety and security. His evidence further was, that the work of driving also casts a heavy strain and stress which affects their health. He also said that some of them died because of these hazardous nature of the duties. The statement of Yasin driver that while driving he was threatened by a goonda on 9th March 1985, at most, shows that all such incidents cannot be ruled out. But the evidence does not show that an assistant demanded will eradicate all these dangers.

29. The evidence of Shri S. M. Chitnis, Superintendent, Loco Shed also shows that the drivers have several times orally complained about the nuisance of zopadpattis in the area. The evidence of Shri Athalye is to the effect, that the Bombay Port Trust as periodically removed the vegetable vendors and other hawkers on the track with the help of the Police as is evident from his letter to the B.P.T. Secretary of 27th September 1984. He was candid enough to admit that the nuisance of hawkers and others could not be permanently eradicated and that the people might be coming from distant zopadpattis for committing nuisance on the railway tracks. He added that the hutments as well as population near the track and in Bombay are increasing tremendously, and that there is some nuisance on the railway track on account of an increase of zopadpattis. The evidence shows that the existence of zopadpattis in the railway track area could not be denied. But it cannot also be denied that the Bombay Port Trust has been making efforts to remove the zopadpattis from time to time as is apparent from the letter of 27th September 1984 addressed to Shri Pai, Secretary, B.P.T. by Shri S. K. Athalye referred to above. Since September 1983 to August 1984, removal operations were organised and hutments were demolished from time to time and from month to month. The letter of Shri Athalye shows that the hutments near the railway tracks from Wadala to Indira Docks have been removed in the past. It cannot be denied that since the

date of that letter new zopadpattis or hutments may have come up in the areas, which is not unusual and this is the position at every other place in the city of Bombay and the suburbs. There have been hawkers and other unauthorised persons sitting near the railway tracks close to the Central Railway station at Wadala and yet the Central Railway has been operating on the tracks continuously. The Union witness No. 2, Shri Naresh Kumar, has admitted this fact. He said that he has seen vendors selling their wares by the side of the railway tracks of the Wadala Railway station of the Central Government and the movement of the trains to his knowledge is not affected by the vendors sitting, and selling their wares, by the side of the railway tracks. It is clear and evident, that hutments are to be found every where in the city of Bombay and by the side of the roads, and their complete removal or eradication of other unsocial activities in the B.P.T. area and elsewhere is not solely in the hands of the Bombay Port Trust.

30. It is apparent that the Bombay Port Trust has been making best efforts to remove hutments by its several operations directed towards that end, the non-existence of the zopadpattis is temporary. It is evident that this nuisance cannot be completely eradicated in the present state of civic sense and the ever increasing population in the city. In my personal visit, I have found that the railway track stinks on account of the above nuisance caused by the hutment dwellers and others staying in the area or its neighbourhood. The question, that really arises, is, whether the posting of an additional driver or workman of any other category to accompany, or assist, the engine driver would help him to any extent in the matter of giving him necessary moral and physical support or courage, ('Himmat'), while driving the engine. In my opinion the circumstances existing in 1971 have not so much changed after the Supreme Court Order of 4th May 1971 and the small changes do not justify the demand.

31. It is true that there is some staff lying redundant with the Bombay Port Trust. But the question is, whether merely because some staff is readily available, it should be posted on the engines as contended by the Unions. The claim and contention of Shri Jalil Ahmed and others that posting of an additional man would solve their law and order problem is, in my opinion, not true and tenable. The Central and Western Railways do give trained engine drivers for the assistance of railway drivers at the following types of movements as stated by Shri S. K. Athalye, B.P.T. Witness No. 2 and in the confirmation of his letter of 11th October 1984 in this respect by Central Railway on 12th October 1984 (vide Exhibit 6.).

32. Assistant drivers are given to the engine drivers of the Central and Western Railways goods train engines if they are required to be moved with speed and caution in the whole areas and in ghat section where sharp curves are to be negotiated and certain areas where climatic conditions are bad for normal visibility due to the foggy weather conditions. They are given on certain sections where law and order situation is very bad and where length of the block section is comparatively longer as compared to normal length of block section. Central and Western

Railways cannot, evidently, be compared with the Bombay Port Trust Railway where the engines move at a very slow speed not exceeding 12 miles per hour. Rajdhani Express train with diesel engine runs at a speed of 100 kms. per hour and even 4/5 diesel engines run from Bandra to Virar and some 3 trains towards the south upto Bombay Central or Grant Road at a speed of 30 kms. per hour. The goods train on Central and Western Railways moves at a very slow speed of 30 to 60 kms. per hour because of the existing several level crossing gates. Only because fast moving passenger and goods trains on Central and Western Railways are given assistants in certain sections, it cannot be said that the B.P.T. Railway driver should be given the benefit of an additional driver or man of any category, for safety or security or, for assistance at the time of sickness etc.

33. The Unions relied upon the admitted fact, that the Tata cranes moving and working in the dock area have two drivers, in support of their demand for an additional driver or workman for the assistance of the diesel engine driver. The cranes, admittedly, move with load in the open area from place to place unlike the train which run on the track only. The working of the cranes, in my opinion, cannot, in any way, be compared to that of the railway engines. The learned Advocate, Shri S. R. Wagh, appearing for the Transport and Dock Workers' Union relied on the evidence of Shri S. K. Athalye, witness for B. P.T., to show that the special pay provided for and agreed to, in the settlement before the Supreme Court in 1971 was given in lieu of an additional workman and as the demand for modification of the anomalies was given up. A perusal of the Order of the Supreme Court and the Terms of Consent annexed to it as Schedule 'A' does not warrant Shri Wagh's contention. The Order shows that the Demand for an additional workman was completely given up along with other demand for the modification, and the additional or special pay was agreed to. Now, also the demand for an additional driver or workman for providing security to the lonely driver has been made by the workmen. Their grievance is, that there is no law and order in the area owing to its occupation by bootleggers, goondas and other unsocial elements. use the track as latrines with the result, that there is filth and unhygienic conditions all over the area and the driver has no assistance at the time of sudden sickness while working. The Unions argued that in view of all these changed circumstances, the posting of an additional driver or a workman, who would be their man, is a 'must', and even posting of a policeman for that purpose would not at all be helpful to the driver. In fact, the B.P.T. Employees' Union has made its contention in this respect in its statement of claim to the following effect. Even posting of a policeman is of no use to the driver from the point of his security and safety. It would not be useful because of the special relationship between the Bombay Police and the goondas, bootleggers and smugglers, which is well known throughout the country, and the drivers feel more unsafe in the company of police constables. They want their own man to remain with, and assist, them as he only can give moral, physical support, encouragement and 'Himmat' to the engine driver.

316 GI/85—16

The claim and contention of the workmen with regard to the tremendous change in the circumstances and conditions in the area are not correct and the demand for posting of 'Their man' for assistance of the driver also shows that the demand is not reasonable, just and valid, particularly, when the B.P.T. Railway traffic volume is dwindling. The settlement before, and order of, the Supreme Court makes it abundantly clear, that the Special Pay was voluntarily agreed to by the B.P.T. Employees' Union for the benefit of the drivers, and that other benefits or demands including the one for an additional hand were given up by it. In my opinion, all this and the fact, that the engine drivers have no fixed duty hours and that some times in case of accidents or any obstruction or sickness of the driver, there is nobody to carry the messages, do not justify the posting of an additional driver or workman as such an additional workman on every engine cannot solve the problem. Even the Union witness Jalil has admitted at page 4 of evidence, that the appointment of an additional hand would not make the zopadhattis disappear from the railway lines side and from the neighbourhood. He has also added that appointment of such a hand would not stop people committing nuisance on the railway track and in its neighbourhood but he would be helpful in giving information of an accident. In such cases as is evident from the testimony on record the driver can blow the whistle to attract the attention of the railway staff and Jalil's claim in that respect is not correct. The demand of Jalil in his evidence at pages 6 and 8 is for posting of an additional driver for the help of the driver of the engine for giving 'Himmat', i.e., moral support and physical help to him. It is difficult to appreciate and accept his claim, when, according to him, the additional hand in the engine would not eliminate the nuisance and the zopadhattis, and the Unions have urged that even a Policeman would not be helpful but harmful. They, however, prayed for appointment of a workman of any category for assistance of the engine driver. Considering all the evidence and the contentions of the parties, I am of the opinion, that I cannot fly off at a tangent and disregard the pleadings and evidence and cannot hold that posting of an additional driver or workman of any other category would solve the problem resulting from the absence of law and order and of hygienic conditions etc. I therefore, think, that the demand of the workmen for an additional driver or workman on the engine is not just, valid, legal, proper and tenable.

34. Having regard to all the considerations, I find that the demand is barred by the principle of resjudicata and the same is also not justified on merits on the alleged deterioration of the security and some change in the circumstances in the railway operational area. The demand is not tenable in view of the legal bar of resjudicata. Assuming without holding that it is tenable and I am to give my finding on the demand on merits, I would record it in the negative against the workmen.

35. I, therefore, record my findings as above and dismiss the demand and dispose of the reference. Accordingly, I make my award as above and forward

it to Government of India, New Delhi, for its publication as required by Section 17, Industrial Disputes Act, 1947.

Dated 18th May 1985.

ORDER

New Delhi, the 5th June, 1985

S.O. 2851.—Whereas an industrial dispute exists between the employers in relation to the management of Messrs Bharat Coking Coal Limited, EDP Section, Dhanbad and their workmen represented by Rashtriya Colliery Mazdoor Sangh, Dhanbad ;

And whereas, the said employers and their workmen have by a written agreement under sub-section (1) of section 10A of the Industrial Disputes Act, 1947 (14 of 1947), agreed to refer the said dispute to arbitration and have forwarded to the Central Government a copy of the said arbitration agreement ;

Now, therefore, in pursuance of sub-section (3) of section 10A of the said Act, the Central Government hereby publishes the said agreement which was received by it on the 29th May, 1985.

Agreement under I.D. Act

Representing employers :—

Shri U. K. Jha,
Deputy Personnel Manager, M/s. BCCL,
Koyla Bhavan, Koyla Nagar, Dhanbad.

Representing union/workmen :—

Shri G. D. Pandey,
Secretary, Rashtriya Colliery Mazdoor
Sangh, Rajendra Path, Dhanbad.

It is hereby agreed between the parties to refer the following dispute to a joint arbitration of S/Shri S. N. Mishra, Deputy Chief Personnel Manager (O-W), M/s. BCCL, Koyla Bhavan, Dhanbad and S. Dasgupta, Joint General Secretary, Rashtriya Colliery Mazdoor Sangh, Dhanbad.

(i) Specific matter in dispute :—

“Whether the action of the management of M/s. BCCL in refusing 50% wage to 19 (nineteen) Jr. P.V.O./P.V.O. and Sr. P.V.O.'s of I.M.A. Building (as per list in appendix-I) who claim to have not jointed Go-slow-cum-stoppage of work during the month of December, 1980, was justified ? If not, to what relief the concerned workmen are entitled ?”

(ii) Details of the parties to the dispute including the name and address of the establishment or undertaking involved :—

(a) Management of M/s. Bharat Coking Coal Limited, Koyla Bhavan, P.O. Koyla Nagar, Distt. Dhanbad (Bihar).

(b) Rashtriya Colliery Mazdoor Sangh (INTUC), Rajendra Path, Dhanbad.

(iii) Name of the workman in case he himself is involved in the dispute or the name of the union, if any, representing the workman or workmen in question.

Rashtriya Colliery Mazdoor Sangh
(INTUC)

(iv) Total number of workmen employed in the undertaking affected :— 19 (nineteen)

(v) Estimated number of workmen effected likely to be affected by the dispute

— 19 (nineteen)

The arbitrator shall make his award within a period of three months from the date of publication of this agreement in the official Gazette by the Appropriate Government or within such further time as extended by mutual agreement in writing. In case of failure of the parties to pass an unanimous award, the dispute will be referred to mutually agreed umpire or umpires and his/their decision shall be final and binding on both the parties.

नई दिल्ली, 6 जून 1985

क्र० आ० 2852.—श्रीजीवा कोलिरी ब्रिगेड, 1947 (1947 का 14) क धारा 17 के अनुसार, केंद्र सरकार, दादा अद्वितीय एंड स्टेल क. लि. क सिजुआ कोलिरी के प्रबंधन से संबंधित विवादों और उनके कर्मचारियों के बीच अनुबंध से संबंधित आधिकारिक विवाद से केंद्र सरकार औद्योगिक अधिकरण, नं. 2, धनबाद के पंचाट का प्रकाशित करता है, जो केंद्र सरकार का 3-6-1985 का प्राप्त हुआ था।

New Delhi, the 6th June, 1985

S.O. 2852.—In pursuance of section 17 of the Industrial Disputes Act, 1947 (14 of 1947), the Central Government hereby publishes the award of the Central Government Industrial Tribunal No. 2, Dhanbad as shown in the Annexure, in the industrial dispute between the employers in relation to the management of Sijua Colliery of M/s. Tata Iron & Steel Company Limited, and their workmen, which was received by the Central Government on the 3rd June, 1985.

ANNEXURE

BEFORE THE CENTRAL GOVERNMENT INDUSTRIAL TRIBUNAL (NO. 2) AT DHANBAD

PRESENT :

Shri I. N. Sinha, Presiding Officer.

Reference No. 8 of 1984

In the matter of Industrial Disputes under Section 10(1)(d) of the I.D. Act, 1947.

PARTIES :

Employers in relation to the management of Sijua Colliery of Messrs. Iron & Steel Company Limited, and their workmen.

APPEARANCES :

On behalf of the employers.—Shri S. N. Sinha, Personnel Manager.

On behalf of the workmen.—The concerned workman himself.

STATE : Bihar.

INDUSTRY : Coal

Dhanbad, the 25th May, 1985

AWARD

The Government of India in the Ministry of Labour and Rehabilitation in exercise of the powers conferred on them under Section 10(1)(d) of the I. D. Act, 1947 has referred the following dispute to this Tribunal for adjudication under Order No. L-20012(300)83-D-III(A), dated, the 16th March, 1984.

SCHEDULE

“Whether the action of the management of Sijua Colliery of Messrs. Tata Iron & Steel Company Limited in not regularising Shri L. R. V. S. Rao as a Driver is justified? If not, to what relief is he entitled?”

Soon after the receipt of the order of reference notices were duly served on the parties. Both the parties appeared and filed their respective written statement. Thereafter several adjournments were granted to them by this Tribunal for filing settlement on their prayer. Ultimately, on 10-5-1985 both the parties appeared before me and filed a memorandum of settlement. I have gone through the terms of settlement which appears to be fair and proper and beneficial to both the parties. I accordingly accept the same and pass an Award in terms of the memorandum of settlement which forms part of the Award as Annexure.

I. N. SINHA, Presiding Officer.
[No. L-20012(300)83-D-III(A)]

BEFORE THE PRESIDING OFFICER, CENTRAL GOVERNMENT INDUSTRIAL TRIBUNAL NO. 2, DHANBAD

Reference No. 8 of 1984

Employers in relation to the Management of M/s. Tata Iron & Steel Co Ltd., P.O. Jamadoba, District Dhanbad.

AND

Their Workmen

In the matter of an Industrial dispute concerning regularisation of Sri L. R. V. S. N. Rao, Ex. Temporary Driver of Sijua Colliery.

The parties above named beg to submit as under :

That the above dispute has been referred to this Honourable Tribunal for adjudication by an Order dated 16-3-1984 No. L-20012(300)83-D-III(A), Ministry of Labour, Government of India, New Delhi.

That the parties in the dispute have further discussed the matter mutually and agree to settle the dispute amicably on the following terms and conditions :—

Terms and Conditions of Settlement

1. That Sri S. R. V. S. N. Rao, the concerned workman will be placed as a Permanent Driver in the establishment of the Employers within 30 days of the publication of the Award of the Honourable Tribunal on the basic salary of Rs. 677.04 per month in the grade of Rs. 677.04-26.00-1041.04 per month with other allowances permissible as per N.C.W.A.-III.
2. That the date of employment of the concerned workman will be 22-11-1982 for the purpose of continuity of service. He, however, will not be entitled to back wages or any other monetary benefit prior to the date of his joining and the said period shall be treated as “dies-non”

That the above terms and conditions of settlement are fair and acceptable to the parties.

It is therefore humbly prayed that the Honourable Tribunal may be graciously pleased to pass an Award in terms of the aforesaid

settlement and for this the parties shall be ever grateful.

AND

Their workmen.

PETITION OF COMPROMISE

The humble petition on behalf of the parties to the above reference most respectfully sheweth:—

1. That without prejudice to the respective contentions contained in the pleadings, the parties abovenamed have amicably settled the dispute on the following terms:—

Terms of Settlement

(a) The concerned workman Sri K.L.Rai will be given employment as clerk (Trainees) at Barora Area office in Personnel Department within 30 days from the date of reporting for duty.

(b) The concerned workman will be paid wages in category-I during the period of his training as clerk.

(c) The concerned workman will be put on regular basis as a clerk on the expiry of satisfactory training of one year and will be placed in Gr. III (clerical) with the initial basic of the grade.

(d) The concerned workman will not claim any relief or wages for the period prior to the date of joining his duties as clerk (Trainees).

(e) The concerned workman will produce a certificate of genuinity from the Mukhiya of the Village with endorsement of the B.D.O on his photograph. He will deposit two copies of photographs duly attested by the Secretary of the union before his engagement.

(f) The concerned workman will appear before the Medical Board for determination of his fitness and age verification. In case he will be found medically unfit, he will have no claim whatsoever. The age verified by the Medical Board will be final and he will not challenge the same in future.

2. That in view of the above settlement there remains nothing to be adjudicated.

Under the facts and circumstances stated above the Hon'able Tribunal will be graciously pleased to accept the settlement as fair and proper and will be pleased to pass the Award in terms of the settlement. For the workmen

For the Employers.

1. Shri Shankar Bose.

APPEARANCES :

On behalf of the employers—None.

On behalf of the workmen—None.

STATE : Bihar

INDUSTRY : Coal

Dhanbad, the 25th May, 1985

AWARD

The Government of India in the Ministry of Labour in exercise of the powers conferred on them under Section 10(1)(d) of the I. D. Act, 1947 has referred the following dispute to this Tribunal for adjudication under Order No. L-24012(77)/84-D.IV(B), dated, the 8th February, 1985.

THE SCHEDULE

"Whether the action of the management of Gidi-C-Colliery of CCL Distt. Hazaribagh in terminating the services of Sri Chaita Bhuiya, Cat. I Mazdoor for absence from duty is legal and justified ? If not, to what relief is the workman concerned entitled ?"

In spite of the instructions contained in the order of reference the workmen neither appeared nor filed their W. S. complete with relevant documents, list of reliance and witnesses to this Tribunal. Thereafter two more adjournments were granted by this Tribunal. Even then this Tribunal took special care and issued notice to the workmen. But the workmen in spite of the Regd. notice did not appear in the case and it appears that they have no case and are not interested in contesting the reference and as such I hold that the action of the management of Gidi-C-Colliery of CCL Distt. Hazaribagh in terminating the services of Sri Chaita Bhuiya, Cat. I Mazdoor for absence from duty is legal and justified. Consequently, the concerned workman is not entitled to any relief.

New Delhi, the 11th June, 1985

S.O. 2855.—In pursuance of section 17 of the Industrial Disputes Act, 1947 (14 of 1947), the Central Government hereby publishes the award of the Central Government Industrial Tribunal, No. II, Bombay, as shown in the Annexure, in the industrial dispute between the employers in relation to the

management of New Majri Colliery of Western Coalfields Limited, and their workmen, which was received by the Central Government on the 10th June, 1985.

BEFORE THE CENTRAL GOVERNMENT INDUSTRIAL TRIBUNAL NO. 2, BOMBAY
PRESENT :

Shri M. A. Deshpande, Presiding Officer.

Reference No. CGIT-2/37 of 1985

PARTIES :

Employers in relation to the management of New Majri Colliery of Western Coalfields Limited.

AND

Their Workmen

APPEARANCES :

For the employers—Shri Mehadia S.C., Advocate.

For the workmen—No appearance.

INDUSTRY : Mining STATE : Maharashtra
Bombay, the 1st June, 1985

AWARD

By their order No. 22012(17)/84-D.V. dated 29-3-1985 the following dispute has been referred for adjudication under Section 10(1)(d) of the Industrial Disputes Act :—

“Whether the action in terminating the services with effect from 6-10-1983 of the workman Shri Ramesh Keshv Longadge taken by the Sub Area Manager, Sub Area No. 1, Wardha Valley Area, Messrs Western Coalfields Limited, Post Office Shivjinagar, District Chandrapur (MS) is justified? If not, to what relief the said workman is entitled?”

2. Despite the service of notice under Rule 10B of Industrial Disputes Central Rules the workman never cared to file statement of claim on his behalf nor he was present on the date of hearing.

3. Against this the management has filed written statement whereby it is contended that during the period from September, 1982 when the workman was employed as a Casual worker till the relevant date i.e. 6-10-1983 the services were alleged to have been terminated the workman never worked for more than 237 days that is he was not in continuous service for one year as defined under Section 25B of the Industrial Disputes Act and as such it is urged that Section 25F is not at all attracted.

4. The case of the management is that it was the workman who did not turn up for work and that if the work was available the Opposite Party would have definitely engaged him.

5. In view of the absence of statement of claim by the workman, in view of his continuous absence on the dates of hearing, and in the light of the admitted facts which are not dislodged, provisions of Section 25F are not attracted and therefore even if it is assumed that the severance was brought about by the management still in the absence of application of

Section 25F of the Industrial Disputes Act no relief is possible. Hence the action of the management is not held to be unjustified and hence no relief is possible.

Award accordingly.

M. A. DESHPANDE, Presiding Officer

का. आ. 2856--केन्द्रीय सरकार ने यह समाधान हो जाने पर कि लोकहित में ऐसा करना अपेक्षित था औद्योगिक विवाद अधिनियम, 1947 (1947 का 14) का धारा 2 के खंड (इ) के उपखंड के उपबंधों के अनुसरण में भारत सरकार के श्रम और पुनर्वास मंत्रालय श्रम विभाग को अधिसूचना संख्या का. आ. 4344 दिनांक 27 नवंबर, 1984 द्वारा लोह अयस्क खनन उद्योग को उक्त अधिनियम के प्रयोजनों के लिए 9 दिसंबर, 1984 से छ. मास का कालावधि के लिए लोक उपयोग, सेवा घोषित किया था,

और केन्द्रीय सरकार का राय है कि लोकहित में उक्त कालावधि को छ. मास का और कालावधि के लिए बढ़ाया जाना अपेक्षित है,

अतः, अब, औद्योगिक विवाद अधिनियम, 1947 (1947 का 14) को धारा 2 के खंड (इ) के उपखंड (vi) के परन्तुक द्वारा प्रवृत्त शक्तियों का प्रयोग करते हुए केन्द्रीय सरकार उक्त उद्योग को उक्त अधिनियम के प्रयोजनों के लिए 9 जून, 1985 से छ. मास की और कालावधि के लिए लोक उपयोग सेवा घोषित करता है।

क. ह. सु. अध्यक्ष, मन्त्र सचिव

New Delhi, the 6th June, 1985

S.O. 2856.—Whereas the Central Government having been satisfied that the public interest so required had, in pursuance of the provision of sub-clause (vi) of clause (n) of section 2 of the Industrial Disputes Act 1947 (14 of 1947), declared by the Notification of the Government of India in the Ministry of Labour and Rehabilitation, Department of Labour, S.O. No. 4344 dated the 27th November, 1984 the iron ore mining industry to be a public utility service for the purposes of the said Act, for a period of six months, from the 9th December, 1984 ;

And, whereas, the Central Government is of opinion that public interest requires the extension of the said period by a further period of six months ;

Now, therefore, in exercise of the powers conferred by the proviso to sub-clause (vi) of clause (n) of section 2 of the Industrial Disputes Act, 1947 (14 of 1947), the Central Government hereby declares the said industry to be a public utility service for the purposes of the said Act, for a further period of six months from the 9th June, 1985.
